**Total Board Approved Budget by FY (1)**

|                  | $8,624 | $19,507 | $41,172 | $11,515 | $55,332 | $48,128 |

**Total Audited Expenditures by FY (2)**

|                  | $14,480 | $11,049 | $10,466 | $33,113 | $32,859 (3) | $20,113 (3) |

Some of the major projects completed include, but are not limited to the following:

- Replacement of 14 Paratransit Vans
- Replacement of 10 Paratransit Cutaway Vans
- South Base Generator Replacement Project
- Brewster Depot Improvements Project
- Replacement of 135 Fixed Route Buses
- North Base Emergency Generator Upgrades Project
- Transit Fleet Vehicle 2010 California Air Resource Board (CARB) Regulation Project
- Network Maintenance and Technology Refresh Project
- Revenue Collection System
- Implementation of Hastus ATP, Minbus & GEO Scheduling and Operation Modules
- South Base Bus Washer Project
- Replacement of ten 2005 El Dorado Cutaway Vehicles
- Fire Alarm System Upgrade
- Safety and Risk Management Office Remodel Project
- Technology Refresh Projects
- Comprehensive Operational Analysis Project
- Emergency Operation Center Relocation Project
- Replacement of 62 - 1998 Gillig Buses
- Replacement of 19 - 2007 Eldorado Cutaway Vans
- Business Optimization Program
- Radio Backbone Upgrade Project

Note: (1) The "Total Board Approved Budget by FY" reflects the annual budget approved by the SamTrans Board of Directors for each fiscal year. This authorizes the amount that could be spent on projects. Unspent budget in a fiscal year will be carried forward to subsequent budget years.

(2) "Total Audited Expenditures by FY" reflects total cost expended in the fiscal year; funding source for the expenditures could be from prior fiscal years.

(3) Expenditures shown for FY2015 and FY2016 have not been audited.
This page is intentionally left blank.
The following projects represent a sub-set of the total Capital Program and have been selected for inclusion into the Quarterly Report due to project value, operational significance, and/or impact on customers.

<td>Replace &amp; Upgrade Servers &amp; Out of Warranty Equipment Project</td>
<td>Scope: This project will replace District’s servers and data storage, copiers/printers, routers and switches, AC, UPS and other appliances that are at the end of their expected service life and soon to be out of warranty. The project will procure new equipment to replace old and out of warranty equipment in Central’s Data Center, North Base, and South Base as well as professional services for setup and configuration. Issues: None. Key Activities This Quarter: (1) Procured additional servers, network routers and switches to replace the out of warranty equipment. Next Quarter: (1) Procure additional servers, network routers and switches to replace the out of warranty equipment.</td>

<td>Bus Lift Overhaul Project</td>
<td>Overhaul hydraulic lift cylinders and their control system located at North and South Base. The in-floor hydraulic lifts are used to raise and lower buses for inspection and maintenance of District revenue vehicles. They are the original lifts installed when the bases were built in 1985 and 1988, and have never been overhauled. The purpose of this project is to overhaul the in-floor hydraulic lift systems by refurbishing the hydraulic (lift) cylinders, replacing control valves, seals, and other worn parts of the system. In addition, locking components that secure the lift will be inspected and replaced as needed.</td>

</tr>
</tbody>
</table>

This Quarter:
(1) Equipments for mobile lifts has been delivered.

Next Quarter:
(1) Project has been completed.

This will be the last quarterly report for the project.
### Scope / Issues / Key Activities

**San Carlos Transit Center Project**

**Scope:** The San Carlos Transit Center Project will create a multi-modal transit center to serve the San Carlos Caltrain Station (the Transit Center) and to facilitate improved safety and connections between SamTrans fixed route bus service, Caltrain commuter rail, local shuttles and pedestrians and bicyclists.

Construction of the Transit Center, which will be located South of the existing station parking lots, will enable the property underneath the existing lots to be developed with housing, retail and office commercial uses, and will support transit usage and increase pedestrian access at the station.

Current scope includes: Planning, Engineering, Construction and Construction Management of the station parking lot, plus Administration and Project Oversight of the San Carlos Transit Center Project.

**Issues:**
1. Approved Funding and Current Budget have been increased by $1,245,462 reflecting transfer of savings from (a) the Hybrid Bus Project ($215,000); (b) the Buses Project ($451,324); and Fare Collection ($579,138).
2. Project schedule has been extended due to delay in receiving the Caltrans Encroachment Permit.

**Key Activities**

**This Quarter:**
1. Awaiting to receive Caltrans Encroachment Permit.

**Next Quarter:**
1. Issue LNTP to the contractor- Interstate Grading & Paving (IGP).
2. Receive Caltrans Encroachment Permit.

<td>Receptionist Area Security Improvements Project</td>
<td>The scope of this project is to add security cameras and a bullet proof glass enclosure to the Central Office Receptionist area on the 2nd floor. The existing wall in front of the receptionist desk will be replaced by one having adequate structural capacity to hold the new bullet proof glass and steel plates. Additional scope includes: (1) Relocation of the Regional Transit Card (RTC) photo ID machine from the west side of the elevators to the receptionist area; (2) Conduct a Crime Prevention Thru Environmental Design (CPTED) study; (3) Improve access around receptionist workspace; (4) Improve ergonomic of workspace; and (5) Improve HVAC, power, and computer network functions.</td>
<td>(1) Project schedule has extended due to the longer than expected lead times for material and security equipment. Also, modifications to the work space were needed to address ergonomic issues.</td>
<td>Continued construction at the Central Office including modifications to the work space to address ergonomic issues.</td>

<tr>
<td>21310</td>
<td>Access Control Improvements Project</td>
<td>To improve security of the District properties at the Central Office and the North and South bus bases. Access control at the District Central Office in San Carlos is currently limited to the presence of Security Guards in the first floor lobby and approximately 20 proximity card controlled door locks (at various locations in the five level building). The proposed improvements will increase the number of card controlled doors (roughly double the current number), upgrade the lobby area access control features (with new walls and doors), and improve the overall security of the building. The project also includes conversion of the keyed locks system at the two District bus bases to electronic/card access control.</td>
<td>(1) Project schedule was extended by due to the longer than expected lead times for material and security equipment delivery.</td>
<td>(1) Continued the construction phase, including completion of glass walls installation around the lobby elevators. (1) Complete the construction phase and project close-out.</td>

---

SamTrans - Disadvantaged Business Enterprise (DBE) Status
3rd Quarter - Federal Fiscal Year 2016
(Cumulative From April 1, 2016 to June 30, 2016)

DBE Goals & Achievements in $ and %
Definition of Terms

**Approved Changes** - Changes to the original budget and/or transfers of budget from one segment code to another that have been approved by management and/or by the SamTrans Board of Directors.

**Approved Funding** - The amount of funding that has been approved by the SMCTD Board for the execution of the project.

**Current Budget** - The current budget reflects the original budget plus approved changes or internal budget transfers which has been approved by the program manager and/or the project manager.

**Expended % of EAC** - This is the % of Money Spent (Not Physical Progress) as compare to the EAC.

**Estimate at Completion (EAC)** - The forecasted final cost of the project.

**Estimate to Complete** - Forecast of the cost to complete the remaining work, including anticipated and pending changes.

**Estimated Physical % Complete** - An estimation of the physical work completed as compared to the budgeted work expressed in %.

**Expended + Accrual to Date** - The cumulative project costs that have been recorded through the current reporting period in PeopleSoft + accrual cost of the work performed that has not been recorded in PeopleSoft.

**Issues** - Exceptions / concerns as identified for information or further actions.

**Key Activities** - Identifies key activities being undertaken for the project for the current month and identifies the work anticipated for the next month.

**Original Budget** - Budget as originally approved by senior management for execution of the approved scope of work.

**Original Start / Current Start** - The original planned start date and the current or actual start date of the project.

**Original Finish / Current Finish** - The original planned completion date and the current forecasted completion date of the project.
**Scope** - A concise description of the work elements to be performed and delivered by the project.

**Variance at Completion (VAC)** - Difference between the Current Budget and the Estimate at Completion. A positive value reflects potential underrun, whereas a negative amount indicates possible overrun.
