<td>Scope: Procure (50) replacement buses for the 2003 Gillig Low-floor buses that have reached the end of their useful life. The new buses will meet the recommendations for vehicle type to complement the Samtrans Strategic Plan (SSP). The project also, purchases major bus components, in accordance with FTA allowable allowance for spare components. <strong>Issues:</strong> We are currently procuring 50 buses instead of the 60 originally approved. The remaining 10 buses will be battery electric buses and will be procured under a separate project. <strong>Key Activities</strong> <strong>This Quarter:</strong> (1) Began camera system audit. <strong>Next Quarter:</strong> (1) Continue camera system audit.</td>

The new buses will meet the recommendations for vehicle type to complement the Samtrans Strategic Plan (SSP). The project also, purchases major bus components, in accordance with FTA allowable allowance for spare components. <strong>Issues:</strong> A decision was made to purchase the buses per the Fixing America’s Surface Transportation (FAST) Act which allows grantees to purchase rolling stock and related equipment from a State’s cooperative procurement contract. This allows the District to purchase vehicles that meet proven design and construction standards, as well as configure them to the District’s specifications, at highly competitive prices. <strong>Key Activities</strong> <strong>This Quarter:</strong> (1) Waited for final quote from New Flyer. (2) Obtained authorization from Washington DOT for purchasing with options. ### Non-Revenue Service Support Vehicles Project
**PM:** Natalie CH

**Scope:** This project to replace (1) non-revenue shop facilities, and flatbed trucks that support the Bus Maintenance, Facilities, and Field Services. The project includes replacing (2) 2008 shop trucks, (4) 2008 facility trucks and (1) 2008 flatbed truck that have reached the end of their life cycle.

**Issues:** None.

**Key Activities This Quarter:**
1. Received four F250 and two F350 trucks with power option upgrades. One F350 truck is yet to be received.
2. Began coordinating acceptance of delivered vehicles.
3. Completed specifications for RFP (buildouts).
4. Contracts and Procurement (C&P) worked with Legal to prepare invitation to bid (IFB) for publishing for body buildouts of the seven trucks. This is the second phase of the project.

**Next Quarter:**
1. Receive remaining one F350 truck.
2. Continue coordinating acceptance of delivered trucks.
3. C&P to post IFB solicitation for body buildouts of the seven trucks.

**Note:** Schedule was re-baselined this quarter.

### Replace & Upgrade Servers & Out of Warranty Equipment Project
**PM:** Carl Cubba

**Scope:** This project will replace District's servers and data storage, copiers/printers, routers and switches, AC, UPS and other appliances that are at the end of their expected service life and soon to be out of warranty. The project will procure new equipment to replace old and out of warranty equipment in Central's Data Center, North Base, and South Base as well as professional services for setup and configuration.

**Issues:** None.

**Key Activities This Quarter:**
1. Procured additional servers, network routers and switches to replace the out of warranty equipment.

**Next Quarter:**
1. Procure additional servers, network routers and switches to replace the out of warranty equipment.

### Scope / Issues / Key Activities

**Scope:** The project will upgrade and replace bus stop amenities and enhance bus stop site infrastructure resulting in a decrease in repair and amenity replacement costs and an increase in ridership by providing patrons safe, clean and attractive bus stop facilities. The scope includes procurement of new, upgraded, bus stop benches and trash cans. The improved models will be comprised of powder coated steel to withstand harsh weather conditions and vandalism. Both amenities will be bolted to a concrete surface for stability.

**Issues:**
1. Delay in project schedule is due to delay in the preparation of specifications for Contracts & Procurement (C&P).

**Key Activities**
- This Quarter:
  - Developing new specifications.

**Next Quarter:**
- Request for Proposal (RFP) for new specifications will be delivered to C&P.
- Advertise for RFPs.

**Scope:** The San Carlos Transit Center Project will create a multi-modal transit center to serve the San Carlos Caltrain Station (the Transit Center) and to facilitate improved safety and connections between SamTrans fixed route bus service, Caltrain commuter rail, local shuttles and pedestrians and bicyclists.

Construction of the Transit Center, which will be located South of the existing station parking lots, will enable the property underneath the existing lots to be developed with housing, retail and office commercial uses, and will support transit usage and increase pedestrian access at the station.

Current scope includes: Planning, Engineering, Construction and Construction Management of the station parking lot, plus Administration and Project Oversight of the San Carlos Transit Center Project.

**Issues:**
1. Project schedule impacted due to delay in receiving the Caltrans permit for Cherry Street improvements.
2. Project EAC has been increased by $380K this quarter as per the latest estimate and is greater than Board authorized amount.
3. An additional $850K of funding will be needed to complete this project.

**Key Activities This Quarter:**
1. Completed landscaping.
2. Continued punch list work.

**Next Quarter:**
1. Continue punch list work.
2. Waiting to begin Cherry street intersection work.
3. Complete construction.
### Scope / Issues / Key Activities

**Scope:** Replace lighting fixtures in favor of more energy efficient and environmentally friendly LED lights. This lighting upgrade intends to cover all SamTrans' facilities e.g. North Base, and South Base.

**Issues:** None.

**Key Activities:**

**This Month:**
1. Received final shipment of LED lighting fixtures.
2. C&P issued Request for Proposal (RFP) for installation of lighting fixtures at North Base, South Base and Central Auditorium.
3. Conducted pre-bid meeting.
4. Received one bid for installation of LED fixtures.
5. Finalized staff reports.

**Next Six Weeks:**
1. Staff reports are scheduled for Agenda Review in January 2018.
2. Board to authorize award of contract in February 2018.

**Note:** Schedule delay is due to additional design effort needed to award the contract.

Definition of Terms

**Approved Changes** - Changes to the original budget and/or transfers of budget from one segment code to another that have been approved by management and/or by the SamTrans Board of Directors.

**Approved Funding** - The amount of funding that has been approved by the SMCTD Board for the execution of the project.

**Current Budget** - The current budget reflects the original budget plus approved changes or internal budget transfers which has been approved by the program manager and/or the project manager.

**Expended % of EAC** - This is the % of Money Spent (Not Physical Progress) as compare to the EAC.

**Estimate at Completion (EAC)** - The forecasted final cost of the project.

**Estimate to Complete** - Forecast of the cost to complete the remaining work, including anticipated and pending changes.

**Estimated Physical % Complete** - An estimation of the physical work completed as compared to the budgeted work expressed in %.

**Expended + Accrual to Date** - The cumulative project costs that have been recorded through the current reporting period in PeopleSoft + accrual cost of the work performed that has not been recorded in PeopleSoft.

**Issues** - Exceptions / concerns as identified for information or further actions.

**Key Activities** - Identifies key activities being undertaken for the project for the current month and identifies the work anticipated for the next month.

**Original Budget** - Budget as originally approved by senior management for execution of the approved scope of work.

**Original Start / Current Start** - The original planned start date and the current or actual start date of the project.

**Original Finish / Current Finish** - The original planned completion date and the current forecasted completion date of the project.
**Scope** - A concise description of the work elements to be performed and delivered by the project.

**Variance at Completion (VAC)** - Difference between the Current Budget and the Estimate at Completion. A positive value reflects potential underrun, whereas a negative amount indicates possible overrun.
