Capital Projects

Quarterly Status Report

3rd Quarter FY2018: January 01 - March 31, 2018

Prepared for the June 06, 2018 SamTrans Board Meeting

San Mateo County Transit District
TABLE OF CONTENTS

Capital Program – Budget Status Summary 1
Traffic Light Report 3

Vehicle Replacement Projects:
021500 - Replacement of 50 - 2003 Gillig Buses Project 5
021501 - Replacement of 55 - 2002 NABI Buses Project 5
021502 - Major Bus Components Project 6
100013 - Non-Revenue Service Support Vehicles Project 6
100014 - Bike Rack Project 7
100112 - Three Expansion Buses for Redi-Wheels Service Project 7
100113 - Procurement of 10 Electric Buses Project 8

Information Technology Projects:
021505 - Replace & Upgrade Servers & Out of Warranty Equipment Project 9
100016 – MobileView Enhancement Project 9

Facilities / Construction Projects:
021111 – Bus Stop Improvement Project 10
021237 - San Carlos Transit Center Project 11
021507 - Facility Smaller Projects 12
100018 - Lighting Upgrade at North Base and South Base Project 12
100037 and 100262 - North and South Base Industrial Waste Line Replacement Project 13
100085 - Express Bus Feasibility Study Project 13

Some of the major projects completed or in progress include, but are not limited to the following:

**Active Projects**
- Bus Stop Improvement Program
- Expansion Buses (3) for Redi-Wheels Service
- Lighting Upgrade at North and South Bases Project
- Maint. & Op. Facility Pavement Rehabilitation Project
- MobileView Enhancement Project
- North and South Base Industrial Waste Line Replacement Project
- Procurement of 10 Electric Buses Project
- Replace & Upgrade Servers & Out of Warranty Equipment Project
- Replacement of 50 - 2003 Gillig Buses Project
- Replacement of 55 - 2002 NABI Buses Project
- San Carlos Transit Center Project
- Technology Refresh Project

**Completed Projects**
- Central Security Office Upgrade Project
- Comprehensive Operational Analysis Project
- Emergency Operation Center Relocation Project
- Network Maintenance and Technology Refresh Project
- Phone System Replacement Project
- Radio Backbone Upgrade Project
- Replacement of 14 Paratransit Vans Project
- Replacement of 19 - 2007 Eldorado Cutaway Vans Project
- Replacement of 62 - 1998 Gillig Buses Project
- Safety-Risk Mngt Office Remodel Project

**Note:**
(1) The "Total Board Approved Budget by FY" reflects the annual budget approved by the SamTrans Board of Directors for each fiscal year. This authorizes the amount that can be spent on projects. Unspent budget in a fiscal year may be carried forward to subsequent budget years.
This page is intentionally left blank.
The following projects represent a sub-set of the total Capital Program and have been selected for inclusion into the Quarterly Report due to project value, operational significance, and/or impact on customers.

</table>
### Scope:
The objective of this project is to maintain a state of good repair for bus transit. Well-maintained capital funds components are essential to keep our revenue equipment in service, reliable, and safe for bus patrons.

This project provides funding for new parts, rebuilt parts, and major bus components, not accounted for in the operating budget, that exceed $1,000 in accordance and compliance with FTA guidelines. Parts and major bus components include: engines, transmissions, differentials, ECU (electronic control units), HVAC units (heating, ventilation and air conditioning), radiator, muffler, air compressor, Digital Video Recorders (DVRs), Automatic Mobile Data Terminals (AMDTs), etc.

### Issues:
Project includes Board approved funding through FY2018.

### Key Activities:
**This Quarter:**
1. Purchased major bus components and replacement parts.

**Next Quarter:**
1. Continue to purchase major bus components and replacement parts, as needed.

---

### Scope:
This project to replace (7) non-revenue shop, facilities, and flatbed trucks that support the Bus Maintenance, Facilities, and Field Services. The project is replacing (2) 2008 shop trucks, (4) 2008 facility trucks and (1) 2008 flatbed truck that have reached the end of their life cycle.

### Issues:
None.

### Key Activities:
**This Quarter:**
1. Received the remaining one F350 truck.
2. Completed acceptance of the truck.
3. Released two RFP solicitations for:
   - Removal of existing service bodies, refurbish, repaint, and installation to new trucks, a total of five trucks.
   - Furnishing new service bodies, buildout, and install onto new trucks, a total of two trucks.
4. Received quotes for the two RFP solicitations.
5. Awarded contracts to vendor with lowest quote.

**Next Quarter:**
1. Issue NTP and Purchase Order (PO) to vendor for:
   - Removal of existing service bodies, refurbish, repaint, and installation to new trucks, a total of five trucks.
   - Furnishing new service bodies, buildout, and install onto new trucks, a total of two trucks.
2. Coordinate pickup and service bodies swapping (two facilities trucks scheduled for service body refurbishing and swapping).

### Project No. 10014
**Bike Rack**
PM - Elliot Rivas

**Scope:** To procure additional three paratransit buses to meet increasing demand for paratransit rides. The paratransit vehicles will be used within the Redi-Wheels paratransit service area which include San Mateo County and depending on requested routes, neighboring counties including San Francisco, Santa Clara, and Alameda.

**Issues:** None.

**Key Activities:**

**This Quarter:**
1. Received feedback from Contracts and Procurement (C&P) on the technical specifications.
2. Began exploring sole-source procurement.
3. Completed sole-source justification and rewriting the specifications and submitted to C&P.

**Next Quarter:**
1. Receive feedback from C&P.

### Project No. 100112
**Three Expansion Buses for Redi-Wheels Service**
PM - Natalie Ch

**Scope:** To procure additional three paratransit buses to meet increasing demand for paratransit rides. The paratransit vehicles will be used within the Redi-Wheels paratransit service area which include San Mateo County and depending on requested routes, neighboring counties including San Francisco, Santa Clara, and Alameda.

**Issues:** None.

**Key Activities:**

**This Quarter:**
1. Confirmed production schedule, all three buses were online.
2. Issued Purchase Order (PO) to TRC as resident inspection service provider at plant.
3. Coordinated with resident inspector on production of buses.

**Next Quarter:**
1. Receive daily/weekly reports from resident inspector regarding production line.
2. Release all three buses that are on production line.
3. The three buses are scheduled for delivery to Creative Bus Sales for post-delivery inspection (PDI).

#### Scope / Issues / Key Activities

**Scope:**
Procure 10 battery-electric Zero Emissions Buses (ZEBs) to replace 10 of the 2003 Gillig diesel buses and install six charging stations in support of the electric buses. This project will support California Air Resources Board (CARB)'s goal of 100% ZEB transit fleet by 2040. These electric buses will be placed in a pilot service program at North Base.

**Issues:**
None.

**Key Activities This Quarter:**
1. Held agenda review for 10 electric bus purchase from Proterra.
2. Board authorized purchase of 10 Electric buses from Proterra at the 2018 Board meeting.
3. Corresponded Proterra for final quote regarding bus configurations with options and bonding.

**Next Quarter:**
1. Continue to correspond with Proterra for final quote regarding bus configurations with options and bonding.
2. Issue Purchase Order (PO).

**Costs:**

# INFORMATION TECHNOLOGY PROJECTS:

**Replace & Upgrade Servers & Out of Warranty Equipment Project**

**PM - Carl Cubba**

**Scope:** This project will replace District’s servers and data storage, copiers/printers, routers and switches, AC, UPS and other appliances that are at the end of their expected service life and soon to be out of warranty. The project will procure new equipment to replace old and out of warranty equipment in Central’s Data Center, North Base, and South Base as well as professional services for setup and configuration.

**Issues:** None.

**Key Activities**

**This Quarter:**
1. Procured additional servers, network routers and switches to replace the out of warranty equipment.

**Next Quarter:**
1. Procure additional servers, network routers and switches to replace the out of warranty equipment.

---

**MiddleView Enhancement**

**PM - Karambir Cheema**

**Scope:** The project scope will primarily be as follows:
1. Install and test WiFi equipment at North Base and South Base.
2. Specify software configuration based on stakeholder consensus.
3. Install, configure, and test servers, including:
   a. Application server, which serves as the back end for client computers allowing users to request video, initiates communication with buses when they enter the yard, and uploads Digital Video Recorders (DVRs) health data as well as any recorded video.
   b. Database server, which runs Microsoft SQL server and houses data for the server application.
4. Install and configure client application on specified computers.
5. Configure all new WiFi equipped DVRs to communicate with the application server.

**Issues:** None.

**Key Activities**

**This Quarter:**
1. Ordered wireless access point and antenna for initial testing.
2. Contacted vendor for additional information regarding hardware/software.

**Next Quarter:**
1. Receive wireless access point and antenna (currently in IT Department).
2. Prepare presentation for stakeholders to help scope the project.

| 021237      | San Carlos Transit Center Project | **Scope:** The San Carlos Transit Center Project will create a multi-modal transit center to serve the San Carlos Caltrain Station (the Transit Center) and to facilitate improved safety and connections between San Trans fixed route bus service, Caltrain commuter rail, local shuttles and pedestrians and bicyclists. Construction of the Transit Center, which will be located South of the existing station parking lots, will enable the property underneath the existing lots to be developed with housing, retail and office commercial uses, and will support transit usage and increase pedestrian access at the station. Current scope includes: Planning, Engineering, Construction and Construction Management of the station parking lot, plus Administration and Project Oversight of the San Carlos Transit Center Project. | $7,080,214 | $4,984,461 | $2,095,753 | $7,080,214 | $6,045,974 | $434,240 | $7,080,214 | 93.9% | 91.0% | 10/30/12 / 10/30/12 | 103/5/17 / 07/15
|              |              | **Issues:** None. |                |                |                |                          |                     |                      |                       |                |                          |                            |                                  |
|              |              | **(1) Project schedule impacted due to delay in receiving the Caltrans permit for Cherry Street improvements. Completion of Cherry Street crossing extended to early May due to delays associated with underground utility conflicts with traffic signal pole location.** |                     |                |                |                          |                     |                      |                       |                |                          |                            |                                  |

---

**Scope:**
- This project will maintain a state of good repair (SOGR) for the District’s infrastructure, shops and facilities.
- This project will maintain continuity of services and sustainability of a pleasant work environment inclusive of routine maintenance or replacement, e.g. carpets.

**Issues:**
- Project includes Board approved funding through FY2018.

**Key Activities:**
- This Quarter:
  1. Performed maintenance and repairs work.
- Next Quarter:
  1. Continue with maintenance and repairs work, as needed.

---

**Scope:**
- Replace lighting fixtures in favor of more energy efficient and environmentally friendly LED lights.
- This lighting upgrade intends to cover all SamTrans’ facilities e.g. North Base, and South Base.

**Issues:**
- None.

**Key Activities:**
- This Quarter:
  1. Staff reports finalized at Agenda Review in January 2018.
  2. Contracts & Procurement (C&P) received partially-executed contract document from Vanden Bos Electric (VBE).
- Next Quarter:
  1. C&P to update the project team regarding insurance and bond documents.
  2. Issue Notice to Proceed (NTP).
  3. Complete installation of lighting.
  4. Project close out.

**Note:**
- Schedule delay is due to additional design effort needed to award the contract.
### North and South Base Industrial Waste Line Replacement

**PM:** Jim Kelner  
**Project No.:** 10037  
**Project Name:** North and South Base Industrial Waste Line Replacement

**Scope:** This project will replace the North and South Base Industrial Waste (IW) Line, which drains the steam cleaning area of the Maintenance Building. It will also include replacement of the connecting (lateral) lines, which drains the running repair area of this same building, in order to extend the useful life of this part of the IW system.

**Issues:** Construction activities need to be planned and performed in a way which will minimize disturbance to traffic flow and bus parking at North and South Base.

**Key Activities:***
- This Quarter:  
  1. Board awarded the construction contract. Finalized agreement documents with contractor (Innovative Construction Solutions).
- Next Quarter:  
  1. Issue Notice to Proceed(NTP) to contractor; started submittal reviews and other construction phase planning.

### Express Bus Feasibility Study

**PM:** Millie Tolleson  
**Project No.:** 10038  
**Project Name:** Express Bus Feasibility Study

**Scope:** With congestion on the US-101 steadily increasing, SamTrans needs to determine the financial and operational viability of long-distance express bus service along the US-101 freeway corridor. Such services would be paired with highway capacity enhancements, such as high occupancy vehicle or toll lanes. The study would look at combination of roadway and transit capital and operational enhancements that would optimize mobility, financial, environmental, and other policy concerns from public and private sector stakeholders across the Bay Area.

**Issues:** Introduction of a second round of modeling and associated contracting process impacted original schedule by about six weeks.

**Key Activities:***
- This Quarter:  
  1. Prepared travel demand model outputs and detailed evaluation memo draft.  
  2. Continued planning and preparation for second round of public outreach.  
  3. Continued ongoing team meetings.
- Next Quarter:  
  1. Finalizing parameters for additional travel-demand modeling and beginning second round of modeling.  
  2. Continued planning and preparation for second round of public outreach to be held in June 2019.  
  3. Presentation of project status at Executive Team meeting.  
  4. Continue ongoing team meetings.  
  5. Amendment of contract processing.

SamTrans - Disadvantage Business Enterprise (DBE) Status
2nd Quarter - Federal Fiscal Year 2018

DBE Goals & Achievements in $ and %
Definition of Terms

**Approved Changes** - Changes to the original budget and/or transfers of budget from one segment code to another that have been approved by management and/or by the SamTrans Board of Directors.

**Approved Funding** - The amount of funding that has been approved by the SMCTD Board for the execution of the project.

**Current Budget** - The current budget reflects the original budget plus approved changes or internal budget transfers which has been approved by the program manager and/or the project manager.

**Expended % of EAC** - This is the % of Money Spent (Not Physical Progress) as compare to the EAC.

**Estimate at Completion (EAC)** - The forecasted final cost of the project.

**Estimate to Complete** - Forecast of the cost to complete the remaining work, including anticipated and pending changes.

**Estimated Physical % Complete** - An estimation of the physical work completed as compared to the budgeted work expressed in %.

**Expended + Accrual to Date** - The cumulative project costs that have been recorded through the current reporting period in PeopleSoft + accrual cost of the work performed that has not been recorded in PeopleSoft.

**Issues** - Exceptions / concerns as identified for information or further actions.

**Key Activities** - Identifies key activities being undertaken for the project for the current month and identifies the work anticipated for the next month.

**Original Budget** - Budget as originally approved by senior management for execution of the approved scope of work.

**Original Start / Current Start** - The original planned start date and the current or actual start date of the project.

**Original Finish / Current Finish** - The original planned completion date and the current forecasted completion date of the project.
Scope - A concise description of the work elements to be performed and delivered by the project.

Variance at Completion (VAC) - Difference between the Current Budget and the Estimate at Completion. A positive value reflects potential underrun, whereas a negative amount indicates possible overrun.
