Capital Projects

Quarterly Status Report

1st Quarter FY2019: July 01 - September 30, 2018

Prepared for the December 05, 2018 SamTrans Board Meeting

San Mateo County Transit District
# TABLE OF CONTENTS

- Capital Program – Budget Status Summary 1
- Traffic Light Report 3

## Vehicle Replacement Projects:
- 021500 - Replacement of 50 - 2003 Gillig Buses Project 5
- 021501 - Replacement of 55 - 2002 NABI Buses Project 5
- 021502 - Major Bus Components Project 6
- 100013 - Non-Revenue Service Support Vehicles Project 6
- 100014 - Bike Rack Project 7
- 100112 - Three Expansion Buses for Redi-Wheels Service Project 7
- 100113 - Procurement of 10 Electric Buses Project 8

## Information Technology Projects:
- 021505 - Replace & Upgrade Servers & Out of Warranty Equipment Project 9
- 100016 – MobileView Enhancement Project 9

## Facilities / Construction Projects:
- 021111 – Bus Stop Improvement Project 10
- 021237 - San Carlos Transit Center Project 10
- 021507 - Facility Smaller Projects 11
- 100018 - Lighting Upgrade at North Base and South Base Project 11
- 100037 and 100262 - North and South Base Industrial Waste Line Replacement Project 12
- 100085 - Express Bus Feasibility Study Project 12
- 100253 - Linda Mar Park-n-Ride Lot Repaving Project 13
- 100255 - Traffic Signal Priority Project 13
- 100350 - Central Office Sanitary Sewer Pump Replacement Project 14

- DBE Status Report 15
- Definition of Terms 16
- Performance Status (Traffic Light) Criteria 19

### Some of the major projects completed or in progress include, but are not limited to the following:

#### Active Projects
- Bus Stop Improvement Program
- Expansion Buses (3) for Redi-Wheels Service
- Lighting Upgrade at North and South Bases Project
- Maint. & Op. Facility Pavement Rehabilitation Project
- MobileView Enhancement Project
- North and South Base Industrial Waste Line Replacement Project
- Procurement of 10 Electric Buses Project
- Replace & Upgrade Servers & Out of Warranty Equipment Project
- Replacement of 50 - 2003 Gillig Buses Project
- Replacement of 55 - 2002 NABI Buses Project
- San Carlos Transit Center Project
- Technology Refresh Project

#### Completed Projects
- Central Security Office Upgrade Project
- Comprehensive Operational Analysis Project
- Emergency Operation Center Relocation Project
- Network Maintenance and Technology Refresh Project
- Phone System Replacement Project
- Radio Backbone Upgrade Project
- Replacement of 14 Paratransit Vans Project
- Replacement of 19 - 2007 Eldorado Cutaway Vans Project
- Safety-Risk Mngt Office Remodel Project

### Note:
(1) The "Total Board Approved Budget by FY" reflects the annual budget approved by the SamTrans Board of Directors for each fiscal year. This authorizes the amount that can be spent on projects. Unspent budget in a fiscal year may be carried forward to subsequent budget years.
This page is intentionally left blank.
The following projects represent a sub-set of the total Capital Program and have been selected for inclusion into the Quarterly Report due to project value, operational significance, and/or impact on customers.

| 021500      | Replacement of 50 - 2003 Gillig Buses Project | Scope: Procure (50) replacement buses for the 2003 Gillig Low-floor buses that have reached the end of their useful life. The new buses will meet the recommendations for vehicle type to complement the Samtrans Strategic Plan (SSP). The project also, purchases major bus components, in accordance with FTA’s allowable allowance for spare components. 

Issues: None.

Key Activities This Quarter:
(1) Continued camera system audit.

Next Quarter:
(1) Complete camera system audit.
(2) Replace defective cameras.

Note:
(1) Cameras were found to be defective. We are currently working with camera manufacturer to replace defective cameras.
(2) Remaining funding will be used for Procurement of Electric Buses Project.

This will be the last report for the project. | $32,823,000 | $32,823,000 | $0 | $32,823,000 | $25,834,579 | $199,421 | $26,000,000 | $9,823,000 | 99.36% | 100.0% | 01/01/16 | 03/31/18 |
|-------------|--------------|---------------------------------|------------------|-----------------|-----------------|---------------|---------------------------|---------------------|-----------------------|-----------------------|-----------------|--------------------------|-----------------------------|
| 021501      | Replacement of 55 - 2002 NABI Buses Project | Scope: Procure (55) replacement buses for the 2002 NABI articulated buses that have reached the end of their useful life. The new buses will meet the recommendations for vehicle type to complement the Samtrans Strategic Plan (SSP). The project also, purchases major bus components, in accordance with FTA’s allowable allowance for spare components. 

Issues: A decision was made to purchase the buses per the Fixing America’s Surface Transportation (FAST) Act which allows grantees to purchase rolling stock and related equipment from a State’s cooperative procurement contract. This allows the District to purchase vehicles that meet proven design and construction standards, as well as configure them to the District’s specifications, at highly competitive prices.

Key Activities This Quarter:
(1) Conducted pre-production meeting.
(2) Began updating production program contact information and finalizing bus configuration.
(3) Began coordinating Resident Inspection/Buy America audits.
(4) Issued Notice to Proceed (NTP) to contractor.
(5) Fully executed agreement for Buy America audits.

Next Quarter:
(1) Continue updating production program contact information and finalizing bus configuration.
(2) Continue coordinating Resident Inspection/Buy America audits.
(3) Issue Purchase Order (PO) to the contractor. | $46,972,000 | $46,972,000 | $0 | $46,972,000 | $149,218 | $46,822,782 | $46,972,000 | $0 | 3.33% | 29.0% | 02/04/17 | 12/31/19 |
### Project Details

**Major Bus Components**

**PM - David Harbour**

- **Scope:** The objective of this project is to maintain a state of good repair for bus transit. Well-maintained capital bus components are essential to keep our revenue equipment in service, reliable, and safe for bus patrons.
- **Issues:** Project includes Board approved funding through FY2018.
- **Key Activities**
  - **This Quarter:**
    1. Purchased major bus components and replacement parts.
  - **Next Quarter:**
    1. Continue to purchase major bus components and replacement parts, as needed.

**Non-Revenue Service Support Vehicles Project**

**PM - Natalie Chi**

- **Scope:** This project to replace seven non-revenue shop, facilities, and flatbed trucks that support the Bus Maintenance, Facilities, and Field Services. The project will replace:
  - Two 2008 shop trucks with F350s.
  - Four 2008 facility trucks with F250s. (Complete)
  - One 2008 flatbed truck with F350. (Complete)
- **Issues:** None.
- **Key Activities**
  - **This Quarter:**
    1. Two F350 shop trucks: Continued furnishing new service bodies, buildout, and installation to new trucks.
    2. Received one of the two F350 shop trucks.
  - **Next Quarter:**
    1. Two F350 shop trucks: Continued furnishing new service bodies, buildout, and installation to new trucks.
    2. Receive the second F350 shop truck.
    3. Begin DMV registration.

**Note:** All four F250 facility trucks and one F350 flatbed truck have been received.

### Scope / Issues / Key Activities

**Procurement of 10 Electric Buses**

**PM - David Harbour**

**Scope:** Procure 10 battery-electric Zero Emissions Buses (ZEBs) to replace 10 of the 2003 Gillig diesel buses and install six charging stations in support of the electric buses. This project will support California Air Resources Board (CARB) goal of 100% ZEB transit fleet by 2040. These electric buses will be placed into a pilot service program at North Base.

**Issues:** None.

**Key Activities This Quarter:**
1. Completed corresponding with Proterra on final bus configurations.
2. Issued Purchase Order after full execution of agreement.
3. Coordinated Resident Inspection/Buy America audits.
4. Prepared for production of first two buses.

**Next Quarter:**
1. Begin production of first two buses.
2. Begin inspection by Resident Inspector and coordinate internal staff of production.

<td>Bus Stop Improvement Project</td>
<td>This project will upgrade and replace bus stop amenities and enhance bus stop site infrastructure resulting in a decrease in repair and amenity replacement costs and an increase in ridership by providing patrons safe, clean and attractive bus stop facilities. The scope includes procurement of new, upgraded, bus stop benches and trash cans. The improved models will be comprised of powder coated steel to withstand harsh weather conditions and vandalism. Both amenities will be bolted to a concrete surface for stability.</td>

### Scope / Issues / Key Activities

**Facility Smaller Projects**

**PM - Greg Moyer**

- **Scope:** This project will maintain a state of good repair (SOGR) for the District's infrastructure, shops and facilities. This project will maintain continuity of services and sustainability of a pleasant works environment, inclusive of routine maintenance or replacement, e.g. carpets.

- **Issues:** Project includes Board approved funding through FY2018.

- **Key Activities:**
  - **This Quarter:** (1) Performed maintenance and repairs work.
  - **Next Quarter:** (1) Continue with maintenance and repairs work, as needed.

### Lighting Upgrade at North Base and South Base Project

**PM - Jeffrey Thomas**

- **Scope:** Replace lighting fixtures in favor of more energy efficient and environmentally friendly LED lights. This lighting upgrade intends to cover all SamTrans’ facilities e.g. North Base, and South Base.

- **Issues:** None.

- **Key Activities:**
  - **This Quarter:** (1) Completed work at North Base, South Base and Central auditorium.
  - (2) Issued a Notice of Completion and Acceptance.
  - (3) Completed project close out.

- **Next Quarter:** The project has been completed.

  This will be the report for the project.

| 100362     |                                               | Issues: Construction activities need to be planned and performed in a way which will minimize disturbance to traffic flow and bus parking at the bases.  
Key Activities:  
This Quarter: (1) Completed construction work at North Base  
(2) Initiated project close-out activities, including final documents preparation (As-builts, warranty and O&M manuals).  
Next Quarter: (1) Complete project close-out activities. |                                               |                 |                 |                 | $834,000              | $834,000                   | $579,431                      | $54,569                 | $834,000                | $0                     | 91.4%         | 92.0%                   | 08/05/17                      | 12/31/18                     |
| 100855     | Express Bus Feasibility Study | With congestion on the I-101 steadily increasing, SamTrans needs to determine the financial and operational viability of long-distance express bus service along the I-101 freeway corridor. Such services would be paired with highway capacity enhancements, such as high occupancy vehicle or toll lanes. The study would look at combination of roadway and transit capital and operational enhancements which would optimize mobility, financial, environmental, and other policy concerns from public and private sector stakeholders across the Bay Area.  
Issues: None.  
Key Activities:  
This Quarter: (1) Presented informational project update at BOD meeting.  
(2) Developed materials, prepare, and completed Technical Advisory Committee and Stakeholder Group meeting.  
(3) Conducted implementation working session with Bus Operators team.  
(4) Conducted meeting at Stanford Research Parking re: route implementation and partnerships.  
(5) Wrote and compiled draft Express Bus Feasibility Study, submitted for internal and external review.  
(6) Held express bus implementation working group meeting.  
(7) Presented final report and recommendations to Executive Team.  
(8) Continued ongoing team meetings.  
Next Quarter: (1) Address first round of comments on draft Express Bus Feasibility Study.  
(2) Update project webpage and fact sheet, update draft study for public review.  
(3) Alert public, TAC, stakeholder group to review draft study, work with communications team on press release/social media.  
(4) Prepare staff report and materials for Board presentation.  
(5) Hold implementation working group meeting.  
(6) Ongoing team meetings. |                                               |                 |                 |                 |                     |                           |                             |                           |                           |                           | 10/31/17                      |                           | 12/31/18                     |
### Linda Mar Park-n-Ride Lot Repaving

**Project No:** 00253  
**Project Name:** Linda Mar Park-n-Ride Lot Repaving  
**PM:** Robert Tam  

**Scope:** Repave the Linda Mar Park-n-Ride Lot. This pavement has deteriorated to a point where it is causing damage to District buses that use the site as a layover location and transit hub. The District is legally obligated to maintain the parking lot in good condition according to the 1980 lease agreement with Caltrans. The project would accomplish the following:  
1. Promote safety by reducing the risk of tip-and-roll incidents.  
2. Promote state of good repair by bringing and important facility back to satisfactory condition.  
3. Promote cost-effective enhancements by providing a longer term solution to pavement maintenance at the site.

**Issues:** None.

**Key Activities:**  
**This Quarter:**  
1. Completed submittal reviews and approvals, in preparation for contractor’s mobilization at the project site.

**Next Quarter:**  
1. Contractor’s mobilization, including closing the site to public and bringing startup construction equipment to the site. Initial construction phase will include removal of asphalt layer and re-grading of the site.

SamTrans - Disadvantage Business Enterprise (DBE) Status
4th Quarter - Federal Fiscal Year 2018

DBE Goals & Achievements in $ and %
Definition of Terms

**Approved Changes** - Changes to the original budget and/or transfers of budget from one segment code to another that have been approved by management and/or by the SamTrans Board of Directors.

**Approved Funding** - The amount of funding that has been approved by the SMCTD Board for the execution of the project.

**Current Budget** - The current budget reflects the original budget plus approved changes or internal budget transfers which has been approved by the program manager and/or the project manager.

**Expended % of EAC** - This is the % of Money Spent (Not Physical Progress) as compare to the EAC.

**Estimate at Completion (EAC)** - The forecasted final cost of the project.

**Estimate to Complete** - Forecast of the cost to complete the remaining work, including anticipated and pending changes.

**Estimated Physical % Complete** - An estimation of the physical work completed as compared to the budgeted work expressed in %.

**Expended + Accrual to Date** - The cumulative project costs that have been recorded through the current reporting period in PeopleSoft + accrual cost of the work performed that has not been recorded in PeopleSoft.

**Issues** - Exceptions / concerns as identified for information or further actions.

**Key Activities** - Identifies key activities being undertaken for the project for the current month and identifies the work anticipated for the next month.

**Original Budget** - Budget as originally approved by senior management for execution of the approved scope of work.

**Original Start / Current Start** - The original planned start date and the current or actual start date of the project.

**Original Finish / Current Finish** - The original planned completion date and the current forecasted completion date of the project.
**Scope** - A concise description of the work elements to be performed and delivered by the project.

**Variance at Completion (VAC)** - Difference between the Current Budget and the Estimate at Completion. A positive value reflects potential underrun, whereas a negative amount indicates possible overrun.

<tbody>
<tr>
<td>1. SCOPE</td>
<td>(a) Scope is consistent with Budget or Funding.</td>
<td>(a) Scope is NOT consistent with Budget or Funding.</td>
<td>(a) Significant scope changes / significant deviations from the original plan.</td>
</tr>
<tr>
<td></td>
<td>(b) Scope is consistent with other projects.</td>
<td>(b) Scope appears to be in conflict with another project.</td>
<td>(b) Current Budget forecast exceeds current approved budget by more than 10%.</td>
</tr>
<tr>
<td></td>
<td>(c) Scope change has been mitigated.</td>
<td>(c) Scope changes have been proposed.</td>
<td></td>
</tr>
<tr>
<td>2. BUDGET</td>
<td>(a) Estimate at Completion forecast is within plus /minus 5% of the Current Approved Budget.</td>
<td>(a) Estimate at Completion forecast exceeds Current Approved Budget between 5% to 10%.</td>
<td>(a) Estimate at Completion forecast exceeds Current Approved Budget by more than 10%.</td>
</tr>
<tr>
<td>3. SCHEDULE</td>
<td>(a) Project milestones / critical path are within plus/minus four months of the current baseline schedule.</td>
<td>(a) Project milestones / critical path show slippage. Project is more than four to six months behind the current baseline schedule.</td>
<td>(a) Forecast project completion date is later than the current baseline scheduled completion date by more than six months.</td>
</tr>
<tr>
<td></td>
<td>(b) Physical progress during the report period is consistent with incurred expenditures.</td>
<td>(b) No physical progress during the report period, but expenditures have been incurred.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>(c) Schedule has been defined.</td>
<td>(c) Detailed baseline schedule NOT finalized.</td>
<td></td>
</tr>
<tr>
<td>4. FUNDING</td>
<td>(a) Expenditure is consistent with Available Funding.</td>
<td>(a) Expenditure reaches 80% of Available Funding, where remaining funding is NOT yet available.</td>
<td>(a) Expenditure reaches 90% of Available Funding, where remaining funding is NOT yet available.</td>
</tr>
<tr>
<td></td>
<td>(b) All funding has been secured or available for scheduled work.</td>
<td>(b) NOT all funding is secured or available for scheduled work.</td>
<td>(b) No funding is secured or available for scheduled work.</td>
</tr>
</tbody>
</table>

Note: Schedule variance for (a) Purchase of maintenance equipment; (b) Purchase of major bus components; (c) Maintenance of facilities; and (d) Upgrading of computer systems will not be monitored, as schedules for these types of projects are only a reflection of the year that funding has been allocated.
