Agenda

Board of Directors Meeting

October 4, 2023, 2:00 pm

San Mateo County Transit District

Bacciocco Auditorium, 2nd Floor 1250 San Carlos Ave., San Carlos, CA

Members of the public may attend in-person or participate remotely via Zoom at: https://us06web.zoom.us/j/87609824114?pwd=UGhLRjNXb2xWeFM3alBrNUxVbGNmQT09 or by entering Webinar ID: **876 0982 4114**, Passcode: **519746** in the Zoom app for audio/visual capability or by calling 1-669-900-9128 (enter webinar ID and press # when prompted for participant ID) for audio only.

Please Note the following COVID-19 Protocols for in-person attendance:

- 1. Visitors experiencing the following symptoms of COVID-19 may not enter the building:
 - Cough

Chills

Sore Throat

- Shortness of Breath
- Muscle Pain
- Loss of Taste or Smell

- Fever
- 2. Wearing of masks is recommended but not required.

Public Comments: Public comments may be submitted to publiccomment@samtrans.com prior to the meeting's call to order so that they can be sent to the Board as soon as possible, while those received during or after an agenda item is heard will be included into the Board's weekly correspondence and posted online at: https://www.samtrans.com/meetings.

Oral public comments will also be accepted during the meeting in person and through Zoom* or the teleconference number listed above. Public comments on individual agenda items are limited to one per person PER AGENDA ITEM. Participants using Zoom over the Internet should use the Raise Hand feature to request to speak. For participants calling in, dial *67 if you do not want your telephone number to appear on the live broadcast. Callers may dial *9 to use the Raise Hand feature for public comment. Each commenter will be recognized to speak and callers should dial *6 to unmute themselves when recognized to speak.

Note: All items appearing on the agenda are subject to action by the Board. Staff recommendations are subject to change by the Board.

Each public comment is limited to two minutes or less. The Board and Committee Chairs have the discretion to manage the Public Comment process in a manner that achieves the purpose of public communication and assures the orderly conduct of the meeting.

The video live stream will be available after the meeting at https://www.samtrans.com/about-samtrans/video-board-directors-cac-and-measure-w-coc.

Wednesday, October 4, 2023

2:00 pm

Date and Time of Board and Citizens Advisory Committee Meetings

San Mateo County Transit District Committees and Board: First Wednesday of the month, 2:00 pm; SamTrans Citizens Advisory Committee (CAC): Last Wednesday of the month, 6:30 pm. Date, time and location of meetings may be changed as necessary. Meeting schedules for the Board and CAC are available on the website.

Location of Meeting

This meeting will be held in-person at: San Mateo County Transit District, Bacciocco Auditorium, 2nd Floor, 1250 San Carlos Avenue, San Carlos, CA. Members of the public may attend in-person or participate remotely via Zoom as per the information provided at the top of the agenda.

*Should Zoom not be operational, please check online at: https://www.samtrans.com/meetings for any updates or further instruction.

Public Comment

Members of the public may participate remotely or in person. Public comments may be submitted by comment card in person and given to the District Secretary. Prior to the meeting's call to order, public comments may be submitted to publiccomment@samtrans.com prior to the meeting's call to order so that they can be sent to the Board as soon as possible, while those received during or after an agenda item is heard will be included into the Board's weekly correspondence and posted online at: https://www.samtrans.com/meetings.

Public comments will also be accepted during the meeting through Zoom or the teleconference number listed above. Public comments on individual agenda items are limited to two minutes and one per person PER AGENDA ITEM. Each online commenter will be automatically notified when they are unmuted to speak. The Board Chair shall have the discretion to manage the Public Comment process in a manner that achieves the purpose of public communication and assures the orderly conduct of the meeting.

Accessible Public Meetings/Translation

Upon request, SamTrans will provide for written agenda materials in appropriate alternative formats, or disability-related modification or accommodation, including auxiliary aids or services, to enable individuals with disabilities to participate in and provide comments at/related to public meetings. Please submit a request, including your name, phone number and/or email address, and a description of the modification, accommodation, auxiliary aid, service or alternative format requested at least 72 hours in advance of the meeting or hearing. Please direct requests for disability-related modification and/or interpreter services to the Title VI Administrator at San Mateo County Transit District, 1250 San Carlos Avenue, San Carlos, CA 94070-1306; or email titlevi@samtrans.com; or request by phone at 650-622-7864 or TTY 650-508-6448.

Availability of Public Records

All public records relating to an open session item on this agenda that are not exempt from disclosure pursuant to the California Public Records Act and that are distributed to a majority of the legislative body will be available for public inspection at 1250 San Carlos Avenue, San Carlos, CA 94070 at the same time that the public records are distributed or made available to the legislative body.

San Mateo County Transit District (District) 1250 San Carlos Avenue, San Carlos, California Minutes of Board of Directors Meeting

September 6, 2023

Members Present: D. Canepa, M. Chuang, M. Fraser (Vice Chair), J. Gee, R. Medina,

(In Person) R. Mueller (arrived at 2:08 pm), J. Powell (Chair), P. Ratto

Members Present: None

(Via Teleconference)

14. General Counsel Report

- 14.a. Closed Session: Conference with Legal Counsel Existing Litigation Pursuant to Government Code Section 54956.9(d)(1): Rachel Burry v. San Mateo County Transit District; San Mateo County Superior Court Case No. 22-CIV-01453
- 14.b. Closed Session: Conference with Legal Counsel Existing Litigation Pursuant to Government Code Section 54956.9(d)(1): Silvia Angulo v. San Mateo County Transit District; San Mateo County Superior Court Case No.23-CIV-01027

Joan Cassman, Legal Counsel, announced the closed sessions.

The Board recessed to closed session at 3:13 pm and reconvened at 4:03 pm.

Ms. Cassman said the Board heard the reports and gave authorization, and that there was no reportable action.

15. Adjourn

The meeting adjourned at 4:04 pm.

An audio/video recording of this meeting is available online at https://www.samtrans.com/about-samtrans/video-board-directors-cac-and-measure-w-coc. Questions may be referred to the District Secretary's office by phone at 650-508-6242 or by email to board@samtrans.com.

San Mateo County Transit District Staff Report

To: Board of Directors

Through: April Chan, General Manager/CEO

From: Kate Jordan Steiner, Chief Financial Officer

Subject: Acceptance of Statement of Revenues and Expenses for the Fiscal

Year Ended June 30, 2023

Action

Staff proposes that the Board accept and enter into the record the Statement of Revenues and Expenses for the fiscal year ended June 30, 2023 and supplemental information.

This staff report provides a brief discussion of significant items and trends on the attached Statement of Revenues and Expenses through June 30, 2023. The statement has been designed to follow the Agency wide line item rollup as included in the adopted budget. The columns have been designed to provide an easy comparison of current year-to-date actuals to information for the prior year-to-date actuals, including dollar and percentage variances.

Year to Date Revenues: As of June year-to-date actual, the Total Sources of Funds (page 1, line 18) are \$58.7 million higher than the prior year. This is primarily driven by the increases in Passenger Fares (page 1, line 1), Local TDA and STA Funds (page 1, line 2), Operating Grants (page 1, line 5), District Sales Tax (page 1, line 10), Measure W Sales Tax (page 1, line 11), Investment Income (page 1, line 12), and Other Interest, Rent & Other Income (page 1, line 13). The Local TDA and STA Funds (page 1, line 2) significantly increased due to the repayment of \$8.0 million in STA funds related to the acquisition of the Caltrain right of way. Operating Grants (page 1, line 5) significantly increased by \$7.0 million in OBAG funds due to additional repayment of the acquisition of the Caltrain right of way which will be applied to District preventive maintenance activities that otherwise would have been funded by District sales tax revenue. The increases are partially offset by the decreases in CARES ACT and CRRSSAA and ARPA (page 1, line 4).

Year to Date Expenses: As of June year-to-date actual, the Total Uses of Funds (page 1, line 42) are \$77.3 million higher than the prior year-to-date actual. This is primarily due to the increases in Motor Bus (page 1, line 22), A.D.A. Programs (page 1, line 23), Other Multi-Modal Programs (page 1, line 24), and Sales Tax Allocation for Capital Programs (page 1, line 34), Reserve for Sales Tax Stabilization Fund (page 1, line 39), and Reserve for Pension (page 1, line 40). The increases are partially offset by decreases in Reserve for Operating Reserve Fund (page 1, line 38).

Other Information: The Agency accounts for revenue and expenditures on a modified cash basis (only material revenues and expenses are accrued) on the monthly financial statement. As

such, the variance between the current year actual and the prior year actual may show noticeable variances due to the timing of expenditures.

Budget Impact

There is no budget impact for the month of June 2023.

Prepared By: Jeannie Chen Acting Director, Accounting 650-508-6259

^{*} The Transaction Detail/Trading Activity reports provide our most up-to-date transactional details. As such, these reports are subject to change even after the other reports on the website have been locked down. While these reports can be useful tools in understanding recent activity, due to their dynamic nature we do not recommend using them for booking journal entries or reconciliation.

Glossary of Terms

Accrued Interest - The interest that has accumulated on a bond since the last interest payment up to, but not including, the settlement date

Accrued interest occurs as a result of the difference in timing of cash flows and the measurement of these cash flows

Amortized Cost - The amount at which an investment is acquired, adjusted for accretion, amortization, and collection of cash

Book Yield - The measure of a bond's recurring realized investment income that combines both the bond's coupon return plus it amortization

Average Credit Rating - The average credit worthiness of a portfolio, weighted in proportion to the dollar amount that is invested in the portfolic

Convexity - The relationship between bond prices and bond yields that demonstrates how the duration of a bond changes as the interest rate changes

Credit Rating - An assessment of the credit worthiness of an entity with respect to a particular financial obligation. The credit rating is inversely related to the possibility of debt default.

Duration - A measure of the exposure to interest rate risk and sensitivity to price fluctuation of fixed-income investments Duration is expressed as a number of years.

Income Return - The percentage of the total return generated by the income from interest or dividends

Original Cost - The original cost of an asset takes into consideration all of the costs that can be attributed to its purchase and to putting the asset to use

Par Value - The face value of a bond. Par value is important for a bond or fixed-income instrument because it determines its maturity value as well as the dollar value of coupon payments.

Price Return - The percentage of the total return generated by capital appreciation due to changes in the market price of an asset

Short-Term Portfolio - The city's investment portfolio whose securities' average maturity is between 1 and 5 years

Targeted-Maturities Portfolio - The city's investment portfolio whose securities' average maturity is between 0 and 3 years

Total Return - The actual rate of return of an investment over a given evaluation period. Total return is the combination of income and price return

Unrealized Gains/(Loss) - A profitable/(losing) position that has yet to be cashed in. The actual gain/(loss) is not realized until the position is closed

A position with an unrealized gain may eventually turn into a position with an unrealized loss, as the market fluctuates and vice versa

Weighted Average Life (WAL) - The average number of years for which each dollar of unpaid principal on an investment remains outstanding, weighted by the size of each principal payout

Yield - The income return on an investment. This refers to the interest or dividends received from a security and is expressed as a percentage based on the investment's cost and it current market value.

Yield to Maturity at Cost (YTM @ Cost) - The internal rate of return of a security given the amortized price as of the report date and future expected cash flows

Yield to Maturity at Market (YTM @ Market) - The internal rate of return of a security given the market price as of the report date and future expected cash flows

Years to Effective Maturity – The average time it takes for securities in a portfolio to mature, taking into account the possibility that any of the bonds might be called back to the issue

Years to Final Maturity - The average time it takes for securities in a portfolio to mature, weighted in proportion to the dollar amount that is invested in the portfolio Weighted average maturity measures the sensitivity of fixec-income portfolios to interest rate changes.

SAN MATEO COUNTY TRANSIT DISTRICT SUMMARY OF BUDGET ACTIVITY FOR JUNE 2023

San Mateo County Transit District Staff Report

To: Board of Directors

Through: April Chan, General Manager/CEO

From: Kate Jordan Steiner, Chief Financial Officer

Subject: Acceptance of Statement of Revenues and Expenses for the Period

Ending August 31, 2023

Action

Staff proposes that the Board accept and enter into the record the Statement of Revenues and Expenses for the period ending August 31, 2023 and supplemental information.

This staff report provides a brief discussion of significant items and trends on the attached Statement of Revenues and Expenses through August 31, 2023. The statement has been designed to follow the Agency wide line item rollup as included in the adopted budget. The columns have been designed to provide an easy comparison of current year-to-date actuals to information for the prior year-to-date actuals, including dollar and percentage variances.

Year to Date Revenues: As of August year-to-date actual, the Total Sources of Funds (page 1, line 16) are \$2.7 million higher than the prior year. This is primarily driven by the increases in Investment Income (page 1, line 12).

Year to Date Expenses: As of August year-to-date actual, the Total Uses of Funds (page 1, line 36) are \$7.2 million higher than the prior year-to-date actual. This is primarily due to the increases in Motor Bus (page 1, line 20) and Sales Tax Allocation for Capital Programs (page 1, line 32).

Other Information: Starting July 2023, the Agency accounts for revenues and expenses on a full accrual basis on the monthly financial statement. As such, the variances of certain line items between the current year actual and the prior year actual may show noticeable variances due to the change in methodology.

Budget Impact

There is no budget impact for the month of August 2023.

Prepared By: Kyle Huie Acting Senior Accountant 650-551-6180

Jeannie Chen Acting Director, Accounting 650-508-6259

Glossary of Terms

Accrued Interest - The interest that has accumulated on a bond since the last interest payment up to, but not including, the settlement date

Accrued interest occurs as a result of the difference in timing of cash flows and the measurement of these cash flows

Amortized Cost - The amount at which an investment is acquired, adjusted for accretion, amortization, and collection of cash

Book Yield - The measure of a bond's recurring realized investment income that combines both the bond's coupon return plus it amortization

Average Credit Rating - The average credit worthiness of a portfolio, weighted in proportion to the dollar amount that is invested in the portfolic

Convexity - The relationship between bond prices and bond yields that demonstrates how the duration of a bond changes as the interest rate changes

Credit Rating - An assessment of the credit worthiness of an entity with respect to a particular financial obligation. The credit rating is inversely related to the possibility of debt default.

Duration - A measure of the exposure to interest rate risk and sensitivity to price fluctuation of fixed-income investments Duration is expressed as a number of years.

Income Return - The percentage of the total return generated by the income from interest or dividends

Original Cost - The original cost of an asset takes into consideration all of the costs that can be attributed to its purchase and to putting the asset to use

Par Value - The face value of a bond. Par value is important for a bond or fixed-income instrument because it determines its maturity value as well as the dollar value of coupon payments.

Price Return - The percentage of the total return generated by capital appreciation due to changes in the market price of an asset

Short-Term Portfolio - The city's investment portfolio whose securities' average maturity is between 1 and 5 years

Targeted-Maturities Portfolio - The city's investment portfolio whose securities' average maturity is between 0 and 3 years

Total Return - The actual rate of return of an investment over a given evaluation period. Total return is the combination of income and price return

Unrealized Gains/(Loss) - A profitable/(losing) position that has yet to be cashed in. The actual gain/(loss) is not realized until the position is closed

A position with an unrealized gain may eventually turn into a position with an unrealized loss, as the market fluctuates and vice versa

Weighted Average Life (WAL) - The average number of years for which each dollar of unpaid principal on an investment remains outstanding, weighted by the size of each principal payout

Yield - The income return on an investment. This refers to the interest or dividends received from a security and is expressed as a percentage based on the investment's cost and it current market value.

Yield to Maturity at Cost (YTM @ Cost) - The internal rate of return of a security given the amortized price as of the report date and future expected cash flows

Yield to Maturity at Market (YTM @ Market) - The internal rate of return of a security given the market price as of the report date and future expected cash flows

Years to Effective Maturity – The average time it takes for securities in a portfolio to mature, taking into account the possibility that any of the bonds might be called back to the issue

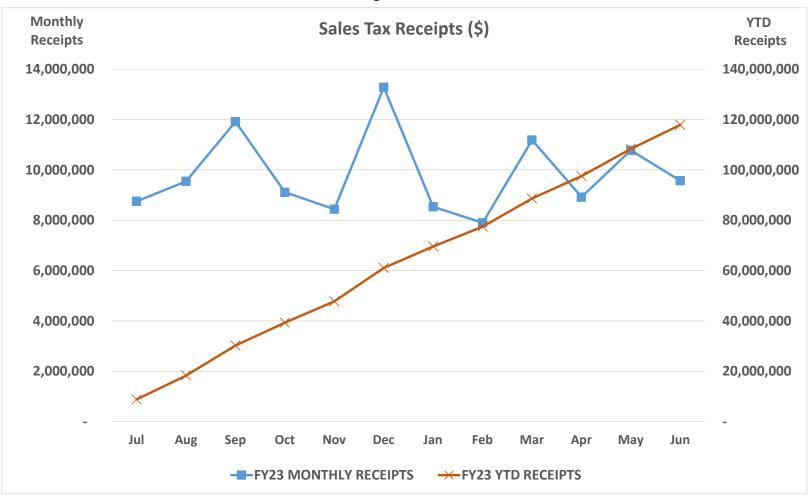

Years to Final Maturity - The average time it takes for securities in a portfolio to mature, weighted in proportion to the dollar amount that is invested in the portfolio Weighted average maturity measures the sensitivity of fixec-income portfolios to interest rate changes.

San Mateo County Transit District Staff Report

To: Board of Directors

Through: April Chan, General Manager/CEO

From: Kate Jordan Steiner, Chief Financial David Olmeda, Chief Operating Officer,

Officer Bus

Subject: Award of Contract for Hazardous Waste Disposal Services

<u>Action</u>

Staff recommends that the Board of Directors (Board):

- 1. Award a contract to NRC Environmental Services Inc. of Alameda, California (NRCES) to provide Hazardous Waste Disposal Services (Services) for a five-year term for a total not-to-exceed amount of \$1,181,893 (\$956,093 for regularly scheduled services plus \$225,800 for on-call emergency services including provision of related supplies and equipment, in accordance with the fixed unit rates set forth in the proposal).
- 2. Authorize the General Manager/CEO or designee to execute a contract with NRCES in full conformity with the terms and conditions of the solicitation documents and negotiated agreement, and in a form approved by legal counsel.

Significance

Award of the contract will allow the San Mateo County Transit District (District) to obtain services from a qualified contractor, with local 24-hour on-call services, for hazardous waste disposal services. The services include packaging, removal, transportation, and disposal of hazardous waste, including emergency response services requested by the District.

Budget Impact

Funds to support the award of this contract are included in the adopted Fiscal Years 2024 and 2025 operating budgets, and will be included in future years' operating budgets.

Background

On May 18, 2023, the District issued a Request for Proposals (RFP) 23-S-S-084 for Hazardous Waste Removal Services. The RFP was posted on the District's e-procurement website. A total of three firms attended the mandatory pre-proposal meeting and site-walk, which was held on May 31, 2023. The District received two responsive proposals as followed:

- 1. Clean Harbors Environmental Services, Inc. of San Jose, California
- 2. NRC Environmental Services Inc. of Alameda, California

A Selection Committee (Committee), comprised of qualified staff from Bus Maintenance and from Safety, Security & Risk Management reviewed and scored these proposals in accordance with the following weighted criteria:

Company Qualifications, Experience, and References	0-20 points
Qualifications and Experience of Key Personnel	0-20 points
Project Understanding and Management Plan	0-35 points
Reasonableness of Cost	0-25 points
Small Business Enterprise (SBE) Preference	0-5 points

After the initial scoring, both proposals were found to be in the competitive range. Interviews were conducted. The Committee did not change it scores, as the information received from the interviews were consistent with their initial review. The Committee determined that NRCES is the highest-ranked proposer and possesses the requisite experience and qualifications for successful performance of the Services defined in the solicitation documents. Staff successfully negotiated contract terms and conditions with NRCES, and determined NRCES's negotiated prices to be fair, reasonable, and consistent with those currently paid by the District and other public agencies in the Bay Area for similar services.

Standard language setting forth the District's policy regarding Small Business Enterprises (SBEs) was included in the Solicitation documents. The Office of Civil Rights reviewed the proposals submitted and determined that NRCES has committed to utilize SBE firms and was awarded the allocated 5 SBE Preference points.

The current contract expired on March 31, 2023. The District has issued a single-source contract to maintain these services until this new contract is executed.

Resolution No. 2023-

Board of Directors, San Mateo County Transit District State of California

* * *

Awarding a Contract to NRC Environmental Services Inc. to Provide Hazardous Waste Disposal Services for a Five-year Term for a Total Not-to-exceed Amount of \$1,181,893

Whereas, on May 18, 2023, the San Mateo County Transit District (District) issued a Request for Proposals (RFP) 23-S-S-084 for Hazardous Waste Disposal Services (Services) for a five-year term, which includes regularly-scheduled services, on-call emergency services, and related supplies and equipment; and

Whereas, in response to the RFP, the District received two responsive proposals; and
Whereas, the Selection Committee (Committee) composed of qualified District staff
reviewed, evaluated, and scored these proposals according to the evaluation criteria set forth
in the RFP; and

Whereas, the Committee determined that NRC Environmental Services Inc. of Alameda, California (NRCES) is the highest-ranked proposer, and possesses the requisite experience and qualifications to successfully perform the scope of services defined in the solicitation documents; and

Whereas, staff completed negotiations and conducted a price analysis, and determined that NRCES's negotiated prices are fair and reasonable; and

Whereas, staff and legal counsel reviewed NRCES' proposal and determined that the proposal complies with the requirements of the solicitation documents; and

Whereas, staff recommends that the Board of Directors award a contract to NRCES to provide Hazardous Waste Disposal Services for a five-year term for a total not-to-exceed amount of \$1,181,893, which is composed of \$956,093 for regularly scheduled services and \$225,800 for on-call emergency services, and includes provision of related supplies and equipment.

Now, Therefore, Be It Resolved that the Board of Directors of the San Mateo County

Transit District hereby awards a contract for Hazardous Waste Disposal Services to NRC

Environmental Services Inc. for a five-year term for a total not-to-exceed amount of

\$1,181,893; and

Be It Further Resolved that the General Manger/CEO or designee is authorized to execute a contract with NRCES in full conformity with the terms and conditions of the RFP and negotiated agreement, and in a form of approved by legal counsel.

San Mateo County Transit District Staff Report

To: Board of Directors

Through: April Chan, General Manager/CEO

From: Kate Jordan Steiner, Chief Financial David Olmeda, Chief Operating Officer,

Officer Bus

Subject: Award of Contract for On-call Heavy-duty Towing Services

Action

Staff recommends that the Board of Directors (Board) of the San Mateo County Transit District (District):

- 1. Award a contract to Action Road Solutions LLC DBA Action Towing and Road Services, Inc. of Redwood City, California (Action Towing) to provide on-call heavy-duty towing services for a total not-to-exceed amount of \$262,675 for a five-year term.
- 2. Authorize the General Manager/CEO or designee to execute a contract in full conformity with the terms and conditions set forth in the solicitation documents, and in a form approved by legal counsel.

Significance

Award of this contract will provide the District with a qualified and experienced contractor to provide towing and recovery services of heavy-duty buses, paratransit buses, vans, and non-revenue vehicles in the event of mechanical breakdowns or other disabling conditions.

Budget Impact

Funds to support the award of this contract are included in the adopted Fiscal Years 2024 and 2025 Operating Budget and will be included in future years' operating budgets.

Background

On May 10, 2023, the District issued an Invitation for Bids (IFB) 22-S-S-072 to provide on-call heavy-duty towing services. The IFB was posted on the District's e-procurement website. The District established a 30% Small Business Enterprise (SBE) utilization goal to award up to 5% preference points to qualified firms for this solicitation. This District received one bid as follows:

Company	Bid Amount
1. Action Towing and Road Services, Inc. of Redwood City, California	\$262,675

Action Towing met all of the qualifications and bid requirements of the IFB. Staff has reviewed the bid documents and determined, and legal counsel concurred, that the bid submitted by Action Towing is responsive. Staff also has determined Action Towing's prices are fair and

reasonable. The bid from Action Towing is approximately nine percent (9%) higher than the independent cost estimate of \$240,845, which was created using 2018 labor rates increases consistent with the San Francisco Bay Area Consumer Price Index. As this is a requirements-based contract, and the quantity of services to be provided over the five-year term is unknown, the contract value is based on an estimated level of service as fixed rates proposed by the bidder.

After the bid opening date and time of the IFB, staff reached out to the four firms that had downloaded the solicitation documents but did not submit a bid to understand what prevented their participation. To date, none of the vendors have responded to staff's emails, phone calls, or voicemails. Staff found no evidence and does not believe that the IFB contained any restrictive specifications.

Action Towing is the District's incumbent contractor. Staff conducted reference checks with additional customers and confirmed Action Towing's experience and competency. Action Towing has successfully performed services for the District since October 2013, when it was awarded a five-year contract for a total not-to-exceed amount of \$162,425 and a subsequent contract in 2018 for a total not-to-exceed amount of \$250,000.

Tim Willson Contract Administrator 650-551-6115

Resolution No. 2023 -

Board of Directors, San Mateo County Transit District State of California

* * *

Awarding a Contract to Action Towing and Road Services, Inc. for the Provision of On-call Heavy-duty Towing Services for a Total Not-to-exceed Amount of \$262,675

Whereas, on May 10, 2023, the San Mateo County Transit District (District) issued an Invitation for Bids (IFB) solicitation number 22-S-S-072 to provide on-call heavy-duty towing services (Towing Services) for a five-year term; and

Whereas, in response to the IFB, the District received one bid; and

Whereas, staff and legal counsel reviewed the bid and determined that Action Road Solutions LLC DBA Action Towing and Road Services, Inc. of Redwood City, California (Action Towing) is a responsive and responsible bidder; and

Whereas, staff has conducted a price analysis and determined that Action Towing's prices are fair and reasonable; and

Whereas, staff recommends that the Board of Directors (Board) award a contract for on-call heavy-duty towing services for a total not-to-exceed amount of \$262,675.

Now, Therefore, Be It Resolved that the Board of Directors of the San Mateo County Transit District awards a contract to Action Road Solutions LLC DBA Action Towing and Road Services, Inc. for the provision of on-call heavy-duty towing services for a total not-to-exceed amount of \$262,675; and

Be It Further Resolved that the Board authorizes the General Manager/CEO or designee to execute a contract on behalf of the District with Action Towing in full conformity with the terms and conditions of the solicitation documents, and in a form approved by legal counsel.

December 4

Board meetings will now be conducted in a hybrid format (virtually via Zoom and in person at 1250 San Carlos Avenue, Bacciocco Auditorium, 2nd Floor, San Carlos, CA, unless otherwise stated). Individual members of the public may participate in person if they comply with the District's current workplace safety policies, unless otherwise stated at https://www.samtrans.com/meetings.

^{*}The Board/Committee meets the first Wednesday of the month unless otherwise noted.

Honoring Filipino American History Month

Whereas, the San Mateo County Transit District (District) pays tribute to the many contributions of Filipino Americans who make up one of the largest Asian American ethnic groups in the United states today; and

Whereas, the month of October is an appropriate time to reflect on Philippine history and culture to provide all Americans with the opportunity to hear about and appreciate the many contributions of Filipino Americans; and

Whereas, during World War II, more than 260,000 Filipino and Filipino American soldiers answered the call to action and bravely served under the American flag; and

Whereas, the Filipino Veterans of World War II Congressional Gold Medal Act unanimously passed through Congress and was signed into law in December 2016; and

Whereas, a 2021 rider survey showed that Filipinos help make up 21 percent of SamTrans' ridership; and

Whereas, the Board of Directors believes every person has the freedom to feel valued and respected, and condemns racism in rhetoric or action.

Now, Therefore, Be It Resolved that the San Mateo County Transit District Board of Directors does hereby recognize October as Filipino American History Month and celebrate the countless contributions that Filipino Americans have made in the United States.

Regularly passed and adopted this 4th day of October, 2023.

Declaring October as Cybersecurity Awareness Month

Whereas, Cybersecurity Awareness Month was launched by the National Cyber Security Alliance and the U.S. Department of Homeland Security in October 2004, and is now recognized by thousands of organizations including the federal government, the Multi-State Information Sharing and Analysis Center, the National Association of State Chief Information Officers, and numerous local governments nationwide; and

Whereas, individuals, businesses, nonprofits, government organizations, and academic institutions have become increasingly reliant on information systems and technology to conduct business, engage in commerce, access information, communicate, and provide essential services; and

Whereas, more than ever before, technology plays a part in almost all of the San Mateo County Transit District's (District) operations and connected devices are an integral part of how employees provide and customers access the District's essential services; and

Whereas, cyber threats continue to increase and the impact of cyberattacks has been debilitating to individuals and organizations, including numerous local government agencies; and

Whereas, cybersecurity education, which is crucial to protect employees, customers and the District, helps ensure employees are aware of cyber threats and best practices for preventing and responding to data security incidents; and

Whereas, the District is committed to implementing the best practices and technologies to defend against cyber-crime, and the observation of Cybersecurity Awareness Month will kick-off the District's annual efforts to further educate and prepare employees regarding cyber threats; and

Whereas, to further support this effort, staff recommends that the Board of Directors recognize October 2023 as "Cybersecurity Awareness Month" and officially support National Cybersecurity Awareness Month.

Now, Therefore, Be It Resolved that the Board of Directors of the San Mateo County Transit District, recognizes and supports October 2023 as "Cybersecurity Awareness Month"; and

Be It Further Resolved that the Board calls upon all employees and customers of the District to become educated about cybersecurity and put that knowledge into practice to keep our connected community safe from cyber threats.

Regularly passed and adopted this 4th day of October, 2023.

Memorandum

Date: September 27, 2023

To: SamTrans Board of Directors

From: April Chan, General Manager/CEO

Subject: General Manager/CEO Report

Ridership Recovery

SamTrans total trips for the month ending July 31, 2023, was 86.4 percent of its ridership compared to July 2019. SamTrans ridership recovery continues to compare favorably with the local peer agencies, out-of-state bus public transportation agencies, and nationally with a bus ridership average of 69.4 percent. Local rail systems remain at a lower recovery rate compared to buses and to the national rail recovery rate. The National Transit Database (NTD) tracks total trips from vanpools, demand response, ferry boats, trams, and other modes through monthly NTD reports. These total trips are reflected in the table below.

	Total Trips July 2019 pre-COVID	Total Trips July 2023	Recovery Rate
SamTrans	815,120	704,225	86.4%
AC Transit	4,309,923	2,821,252	65.5%
SFMTA	17,607,549	11,171,029	63.4%
VTA	2,161,815	N/A	N/A
Dallas	3,070,551	2,243,892	73.1%
Seattle - King	10,366,176	6,311,329	60.9%
Chicago	19,903,916	12,999,114	65.3%
Atlanta	4,367,498	2,530,795	57.9%
New York MTA	59,591,916	42,703,858	71.7%
National Bus	367,931,816	255,290,180	69.4%
Caltrain	1,672,670	618,359	37.0%
BART Extension	1,182,731	495,849	41.9%
BART System	10,889,666	3,916,452	36.0%
National Rail	410,875,323	250,569,208	61.0%
Total NTD Trips	822,013,836	532,205,752	64.7%

Bus Operator Staffing

	Approved FTEs	Trainees*	No. Bus Operators		
Bus Operators	348	10	313**		

^{*} Class 182 has 10 students, and graduation is scheduled for October 26, 2023.

SamTrans has been putting tremendous effort into recruiting and training new Bus Operators. The Marketing team brought a new level of creativity to the advertising campaign, and our Human Resources team is going to multiple events to recruit persons on the spot. SamTrans is seeing record numbers of people applying to be Bus Operators. To train these new recruits, SamTrans needs to start a new class every four weeks, versus the current training schedule of every eight weeks. Thanks to the creative thinking by the Training team, SamTrans is converting one-third of the Colma Park and Ride into a temporary training facility. The facility will operate from 7 a.m. to 5 p.m., 5 days a week; however, class days may change for each new class (i.e., Monday-Friday, Wednesday-Sunday). There will be a temporary trailer on site that will be powered by a quiet generator, and fencing will be installed for safety purposes. Training is anticipated to begin at the temporary Colma Training Center in November.

Staff has met with the City of Daly City and will inform neighbors near the facility of this use. The temporary facility will be removed when the Bus Operator headcount has increased to a level authorized by the Salary Ordinance or when the property is developed into housing.

Transit Month

September is Transit Month, and SamTrans jumped into the festivities with other Bay Area transit groups to celebrate. SamTrans' social team hit the ground running with events, historical photos, giveaways, and rider interviews. On September 16, SamTrans was proud to be part of the region's ridership challenge - collectively beating the 2022 ridership record. On two days (September 16 and 23), SF Transit Riders organized a coastal cleanup in East Palo Alto's Cooley Landing utilizing SamTrans' Ride Plus. On September 21, North Base and Central teamed-up to give 20 lucky members of the public a personal tour of the facilities, gift bags, and a surprise photo session with SamTrans buses from the 90s all the way up to our newest hydrogen bus. Attendees at Fog Fest in Pacifica were encouraged to take SamTrans to the event on September 22 and 23. On September 24, participants got a tour of the planned bike and bus infrastructure along El Camino Real. SamTrans finished Transit Month when General Manager/CEO, April Chan rode SamTrans to Palo Alto, where she joined other Bay Area GMs on a happy hour Caltrain ride-along up the Peninsula. Happy Transit Month!

^{**} This number excludes the 10 trainees

SamTrans Outreach Projects – FY 2023

For the second fiscal year in a row, JBR Partners, Inc. staff supplemented SamTrans' customer outreach staff to support SamTrans' broader outreach initiatives. JBR's support helped ensure SamTrans riders were informed, engaged, and able to take advantage of SamTrans transportation services. JBR's multilingual staff helped to effectively extend outreach projects to customers of Spanish, Mandarin, Cantonese, and Vietnamese languages. Many people in these diverse communities depend on SamTrans' bus service.

During FY 2023, JBR supported SamTrans' efforts on three outreach projects:

- 1. Reimagine SamTrans Phase I
- 2. Bus Stop Improvement Project (BSIP) survey
- 3. Reimagine SamTrans Phase II + Ride Plus microtransit

MTC BayPass Phase 2 Participation Agreement

In November 2021, the Metropolitan Transportation Commission (MTC) Fare Integration Task Force (of which SamTrans is a member) adopted the Fare Policy Vision Statement, directing MTC staff to pilot a regional institutional pass product. On July 26, 2022, the SamTrans Board of Directors authorized SamTrans' participation in the BayPass Pilot Program (then known as Regional All-Agency Pass Pilot Program) and added the pass to the fare structure.

In August 2022, Phase 1 of the Clipper BayPass pilot was launched to pilot an unlimited-use product at four higher education institutions – the University of California Berkeley, San Francisco State University, San Jose State University, and Santa Rosa Junior College – as well as at Mid-Pen Properties. To date, more than two million trips have been taken during Phase 1. Preliminary data indicate that Clipper BayPass cardholders take about 35 percent more transit trips than their peers with single agency passes.

BayPass Pilot Program Phase 2 - Phase 2 of the BayPass pilot program is expected to start in December 2023 and includes up to 10 employers or institutions for a maximum two-year pilot program. The Clipper BayPass product will be sold to employers and institutions at a revenue-neutral/positive price via one-year contracts. BayPass Phase 2 is designed to coordinate with pre-existing institutional pass products such as Caltrain's Go Pass Program and SamTrans' Way2Go Program. The BayPass will only be offered to existing employer/institutional customers as an upgrade to their pre-existing institutional pass product and will not be offered at a price that undercuts the cost of the existing pass products. Additionally, in San Mateo and Santa Clara Counties, the BayPass will only be offered to pre-existing institutional pass product customers of Caltrain's Go Pass Program within three miles of a Caltrain station.

Operators will be reimbursed for trips based on actual passenger usage (at a rate equal to a regular adult Clipper Fare). If necessary, \$5 million in backstop funding from MTC will be available to address any funding gaps. Any excess revenues from the sales of the Clipper BayPass pilot product up to a limit of \$1 million or whatever costs were incurred by MTC to establish the Phase 2 program, whichever is less, shall be available to reimburse MTC for the operation and management of the Clipper BayPass pilot. Additional excess revenues will be allocated beyond the limit described above to transit operators based on each operator's share of overall Phase 2 ridership.

Phase 2 Participation Agreement - Phase 2 will require the execution of a Participation Agreement between transit operators and MTC. This Participation Agreement details guiding principles for the pilot, describes program mechanics, including revenue distribution strategies, and codifies consent to participate in the pilot. The Participation Agreement will need to be signed by October 31, allowing the Phase 2 pilot program to launch in January 2024. The Board had previously authorized the participation in this program, and therefore, the GM/CEO will be executing the agreement on behalf of the San Mateo County Transit District.

Clipper START

The MTC Programming and Allocations Committee approved the proposed one-time payment amounts to participating transit operators on September 13, 2023. SamTrans will be receiving \$257,621 for being an early adopter who offered a 50 percent discount before July 1, 2023. The amount also includes projected reimbursement for rides taken throughout the remaining pilot program duration and an additional financial buffer to cover usage beyond the projected estimated reimbursement amount.

MTC Regional Network Management (RNM)

As staff had previously reported to the Board, MTC had engaged with the transit operators and developed a Bay Area Transit Transformation Action Plan (Plan). As part of the Plan, MTC and the operators will stand up a Regional Network Management (RNM) Council, which will be made up of transit operator general managers. The purpose of the RNM Council is to bring together leadership from transit agencies and MTC to provide executive guidance on regional transit policies and actionable implementation plans in pursuit of the RNM's Mission and Vision. The RNM's Mission is to drive transformative improvements in the customer experience for regional Bay Area transit. The RNM's Vision is to advance regional goals in equity, livability, climate, and resiliency through a unified regional transit system that serves all Bay Area populations.

The RNM Council membership will include SamTrans' GM/CEO. The first meeting of the RNM Council is tentatively scheduled for October or November of this year. And staff will bring more information to the Board once the Council is stood up.

Bus Transportation Safety Campaign

The August 2023 safety campaign theme was "STOP, THINK, ACT." The campaign focused on Bus Operators taking the time to make safe decisions and not hesitate to ask for assistance. Because hazards come in many different shapes and sizes, Bus Operators are reminded to scan the road ahead and around the bus. *Stop* to analyze the issue at hand and *Think* ahead about the safest way to maneuver and whether it is safe to proceed. Prioritizing safety requires proper procedures and adhering to the training. Bus Operators are trained and encouraged to STOP when in doubt and to contact Radio Control for assistance.

Bus Operator Employee of the Month (EOM) Recognitions

Gilbert Manangu is the August 2023 Bus Operator of the Month at North Base. This is his third EOM award achieved during his seven years of service with the District. **Brian Petersen** is the August 2023 Bus Operator of the Month at South Base. Operator Petersen has been driving with the District for over 20 months, and this is his first EOM award.

Bus Maintenance Employee of the Month (EOM) Recognitions

Jairo Patino is the August 2023 Mechanic of the Month at North Base. This is his 10th EOM during his nearly 14 years of service. **Eddie Vargas** is the August 2023 Mechanic of the Month at South Base. This is his third EOM during his nearly 10 years of service.

Agenda

Community Relations Committee Committee of the Whole (Accessibility, Senior Services, and Community Issues)

San Mateo County Transit District

Wednesday, October 4, 2023 – 2:30 pm

9.a.1.	Call to Order	
9.a.2.	Approval of Minutes of the Community Relations Committee Meeting of September 6, 2023	Motion
9.a.3.	Appointment of Arden Margulis, Representing Community Riders, to the Citizens Advisory Committee	Motion
9.a.4.	Accessible Services Update	Informational
9.a.5.	Paratransit Coordinating Council Update	Informational
9.a.6.	Citizens Advisory Committee Update	Informational
9.a.7	Monthly Performance Report August 2023	Informational
9.a.8.	Adjourn	

Committee Members: Marie Chuang (Chair), Ray Mueller, Peter Ratto

Note:

- This Committee meeting may be attended by Board Members who do not sit on this Committee. In the event that a quorum of the entire Board is present, this Committee shall act as a Committee of the Whole. In either case, any item acted upon by the Committee or the Committee of the Whole will require consideration and action by the full Board of Directors as a prerequisite to its legal enactment.
- All items appearing on the agenda are subject to action by the Board. Staff recommendations are subject to change by the Board.

San Mateo County Transit District (District) 1250 San Carlos Avenue, San Carlos, California

Minutes of Community Relations Committee Meeting / Committee of the Whole

September 6, 2023

Committee Members Present: M. Chuang (Committee Chair), R. Mueller, P. Ratto

Committee Members Absent: None

Other Board Members Present Constituting Committee of the Whole: D. Canepa, M. Fraser, J. Gee, R. Medina, J. Powell

Other Board Members Absent: None

Staff Present: A. Chan, D. Olmeda, S. van Hoften, J. Cassman, J. Brook, D. Seamans

8.a.1. Call to Order

Committee Chair Marie Chuang called the meeting to order at 2:11 pm.

8.a.2. Approval of Minutes of the Community Relations Committee Meeting of August 2, 2023

Motion/Second: Medina/Ratto

Ayes: Canepa, Chuang, Fraser, Gee, Medina, Mueller, Powell, Ratto

Noes: None Absent: None

8.a.3. Accessible Services Update

Tina Dubost, Manager, Accessible Services, said there would be a Senior Showcase they would be participating in later in September.

8.a.4. Paratransit Coordinating Council Update

Ben McMullan, PCC Chair, said their retreat would be Tuesday, September 12 and they would be participating in an information session on September 27.

8.a.5. Citizens Advisory Committee Update

John Baker, CAC Member, provided an update on the August 30 meeting, which included a presentation on the upcoming District strategic plan and the July ridership report.

Committee Chair Chuang asked if there would be any investigations on the complaint that the Route 61 schedule does not coordinate with the Carlmont High School bell schedule. Ms. Chan said that staff was aware and addressing the problem.

8.a.6. Mobility Management Report: Annual Summary

David Olmeda, Chief Operating Officer, Bus, provided the presentation, which consisted of a summary of key performance statistics by fixed route, paratransit, microtransit, shuttle and Caltrain service over the past year. He noted that the operator attrition rate is decreasing. In addition to fixed route service, paratransit ridership is also increasing despite a steady decline in ADA (Americans with Disabilities Act) service registrants. He said that shuttle service usage has declined due to the increased number of riders working remotely.

Director David Canepa asked if the trend of reduced ridership affects farebox recovery. Mr. Olmeda said more passengers make for better farebox recovery. He said that based on the data and better connectivity with the community, ridership will continue to increase.

April Chan, General Manager/CEO, added that they do not have the full staffing of operators to implement Reimagine SamTrans. She said the farebox is still below pre-pandemic levels, but they have other revenue sources they can tap into.

Director Jeff Gee said that as the District improves service, we still need to improve ridership to avoid having empty buses. He asked if the need for ADA service changed since the pandemic, given the boom in telehealth and the increased use of delivery services for food and merchandise. Mr. Olmeda said the District strives to serve the community of people who may not use online services and other augmented services.

Chair Josh Powell commended the Reimagine SamTrans program for increasing the efficiency of service. Ms. Chan said the state is now looking at transit agencies' best practices and Reimagine SamTrans has allowed the District to get ahead of the game. Chair Powell asked about school service ridership recovery. Mr. Olmeda said he would get back to him with the data. Chair Powell asked if Caltrain ridership mirrored SamTrans ridership generally. Mr. Olmeda said staff would see what data they could provide. Regarding the buses, he said there was less traffic and that the District's investment in signal priority has reduced the travel time for buses.

Committee Member Ray Mueller said the efficiency metrics apply to the urban population but may fail in a more rural setting. He requested metrics that apply to rural areas. Mr. Olmeda said they track and can provide data on rural service, although they do not compare rural and urban service together.

Committee Member Peter Ratto said on-demand service is ideal for low-population-density areas, but the ridership will never equal that of urban areas. He suggested that District look at other areas' handling of service in low-density areas.

Committee Chair Chuang said she conferred with her colleagues on many of the questions that had been asked. She stressed the importance of continuing outreach to inform customers of their transit choices.

Public Comment:

Mike Levinson, PCC, suggested that the District obtain feedback from PCC and senior homes regarding ADA (Americans with Disabilities Act) issues. He also advocated for enabling voice commands for 511 travel information calls.

Roland said potential riders between San Jose and San Francisco have multiple options for transit, including BART and Caltrain, and noted the success of Brightline rail service in Florida.

8.a.7 Monthly Performance Report | July 2023

Ana Rivas, Director of Bus Transportation, summarized the report from the agenda packet.

She noted the average weekday ridership increased 17.6 percent compared to July 2022, and total ridership increased 19 percent. She said they had no DNOs (Did Not Operate) for July and announced the employees of the month.

8.a.8. Adjourn

The meeting adjourned at 2:59 pm.

An audio/video recording of this meeting is available online at https://www.samtrans.com/about-samtrans/video-board-directors-cac-and-measure-w-coc. Questions may be referred to the District Secretary's office by phone at 650-508-6242 or by email to board@samtrans.com.

San Mateo County Transit District Staff Report

To: Community Relations Committee

Through: April Chan, General Manager/CEO

From: David Olmeda, Chief Operating Officer, Tina Dubost, Manager, Accessible

Bus Transit Services

Subject: Accessible Services Update

<u>Action</u>

This item is for information only. No action is required.

Significance

Several groups advise SamTrans on accessible service issues. The Paratransit Coordinating Council (PCC) provides a forum for consumer input on paratransit issues. The Policy Advocacy and Legislative Committee (PAL-Committee) is the advocacy arm of the PCC.

The PCC and the PAL did not meet in August.

No minutes are attached.

Budget Impact

There is no impact to the budget.

Background

No additional information.

Prepared By: Lynn Spicer Accessibility Coordinator 650-508-6475

San Mateo County Transit District Staff Report

To: Community Relations Committee

Through: April Chan, General Manager/CEO

From: Josh Mello, Executive Officer, David Olmeda, Chief Operating

Planning and Development Officer, Bus

Subject: Monthly Performance Report | August 2023

Action

This report is for information only. No action is required.

Significance

SamTrans: Average weekday ridership (AWR) across all three modes (Bus, Paratransit, Shuttles) increased substantially by 17.9 percent in the month of August 2023 compared to August 2022. The total monthly ridership increased by 18.8 percent. Post-pandemic recovery is significant for the month of August 2023. Overall SamTrans bus ridership recovery in the month of August 2022 reached 88.5 percent compared in pre-pandemic total ridership in August 2019. SamTrans Adult fare usage recovery is at 101 percent compared to pre-pandemic adult ridership. As of the start of the new school year in August 2023, Youth fare usage exceeded ridership levels from 2019, with a recovery rate of 111.7 percent compared to August 2019. A closer look into youth ridership is presented in a special section below. Eligible Discount fare usage trails with a recovery rate of 48.1 percent compared to August 2019.

Since Ride Plus launched on June 18, 2023, the service has generated an average weekday ridership of 103 trips. A total of 2,985 trips were made on Ride Plus during the month of August 2023. Of the total trips, 2,168 trips (72.6%) took place in East Palo Alto/Belle Haven and 817 trips (27.4%) took place in Half Moon Bay/El Granada.

Caltrain: Average weekday ridership increased by 9.0 percent in the month of August 2023 compared to August 2022. Caltrain total monthly ridership increased by 2.9 percent.

Other SamTrans Key Performance Indicators (includes Contracted Urban Bus [CUB] Services):

- **Preventable Accidents** In August 2023, there were 12 preventable accidents. The goal is to have one or fewer preventable accidents per 100,000 miles; this month, SamTrans did not meet its goal with 1.57 accidents per 100,000 miles.
- Miles Between Service Calls (MBSC) SamTrans had 25 service calls in August 2023.
 The goal is to have one or fewer service calls per every 25,000 miles. SamTrans continues to surpass its goals with 0.82 service calls per 25,000 miles.
- On-Time-Performance (OTP) OTP systemwide for August 2023 was below the OTP goal of 85.0 percent at 77.9 percent (a 2.3% increase compared to July).
- **Did Not Operate (DNOs)** In August 2023, there were 4 DNOs, which is 4 more than July. In August 2022, there were 123 DNOs, a decrease of 97% in DNOs from a year ago.

A Closer Look: Youth Ridership

With the start of the new school year, SamTrans youth ridership increased substantially in August 2023 compared to August 2022. The school-oriented routes that saw the largest ridership increases compared to August 2022 are shown below in Figure "Top 10 Ridership Increase on School-Oriented Routes" and include routes 50, 42, 12, and 62 which had greater than 200% increase. These routes primarily serve the communities of San Mateo, Belmont, Pacifica, Daly City, San Bruno, and South San Francisco.

Some routes that experienced substantial growth in August 2023 had improved bell time alignment and route scheduling compared to August 2022. Additionally, some growth may be attributed to schools starting earlier in the month than last year, which means more days of school ridership are accounted for in this month's report. This means that ridership comparison may stabilize in future months' reports. Continued distribution of the Youth Unlimited pass and an overall success at bell time alignment on school-oriented routes countywide likely also contributed to this youth ridership growth.

	Top 10 Ridership Increase on School-Oriented Routes							
Route	Schools Served	Cities Served	2022-2023 %Δ					
50	Bayside Stem Academy	San Mateo	1,389%					
Skyline College Parkside Middle School		Pacifica Daly City San Bruno South San Francisco	306%

Important Notes:

SamTrans (Bus) Ridership includes Fixed-Route service, Coastside 5311, and SamCoast. Shuttle Ridership includes SamTrans Shuttles, JPB Caltrain Shuttles, and other TA Funded Shuttles. BART Ridership in San Mateo County does not include Daly City BART Station. $\&\Delta^1 \text{ indicates the percentage change for the month, current year to previous year.}$

 $\%\Delta^2$ indicates the percentage change current year to previous, Year to Date.

FARES

SAMTRANS (BUS) Fare Usage									
Fare Type	Aug-21	Aug-22	Aug-23						
Adult	319,416	568,725	527,029						
Eligible Discount	152,513	97,110	185,923						
Youth	72,972	49,301	124,382						
Youth Unlimited Pass	=	6,781	53,244						
Total	544,901	715,136	837,334						

This table illustrates the number of riders by fare category (Dumbarton Express and rural demand-response service excluded). The **Youth Unlimited Pass** number is a subset of the Youth Fare Type. The program started in January 2022.

*** Important: The August 2022 numbers in the initial report were inaccurately recorded.

KEY PERFORMANCE INDICATORS

SAMTRANS (BUS) Operations Key Performance Indicators									
KPI	Aug-21	Aug-22	Aug-23						
On-Time Performance	82.9%	72.6%	77.9%						
Preventable Accidents	11	12	12						
Service Calls	20	25	25						
Trips Scheduled	38,254	38,294	40,837						
Did Not Operate DNOs	506	123	4						

SamTrans' OTP goal is 85.0 percent. On-Time Performance (OTP) is calculated by evaluating time points within the route's schedules across the system for late, early, and on-time arrival and departure. A route is considered late if it exceeds 5 minutes. A route is considered early if it departs 59 seconds ahead of schedule.

SAMTRANS (BUS) Ride Plus Key Performance Indicators				
KPI	Aug-21	Aug-22	Aug-23	
Total Ridership			2,985	
East Palo Alto Trips			2,168	
Half Moon Bay Trips			817	
Active Users			327	
New Registrations			523	
Total Downloads			2,017	
iOS Downloads			1,557	
Android Downloads			460	
Load Factor			1.35	

The **load factor** represents the average number of passengers in a vehicle. It is calculated by dividing the total number of passengers by the number of trips in service.

SAMTRANS (BUS) Fleet Key Performance Indicators						
KPI	Aug-21	Aug-22	Aug-23			
Revenue Hours (Sched.)	47,932	46,324	51,223			
Revenue Miles (Sched.)	524,688	505,856	515,462

The table is a detailed summary of SamTrans Consumer Reports received by the Customer Experience Department.

The total number of reports for SamTrans increased from July 2023 (166) to August 2023 (240).

COMMUNICATIONS & MARKETING

The following is a list of the Communications Division's marketing and promotional efforts in August:

- Press Release: "SamTrans to Operate Sunday Schedule for Labor Day"
- Press Release: "SamTrans Launches First Bus in New Generation of Zero-Emission Vehicles"
- Press Release: "SamTrans Updates Its Fall Schedule"
- Bus Operator Recruitment
- SamTrans Ride Plus (Microtransit)
- Clipper Mobile (ongoing)
- Clipper Start (ongoing)

Digital Communications Report:

August started with the release of Runbook 143 with schools being back in session. School-oriented services were reinstated, and a summary of the latest changes was shared across all communication channels to ensure families were well informed. The quick-build demonstration in South San Francisco along ECR had an official launch event, with speakers from Caltrans, city councils, and school districts alike. Bus 1000, SamTrans' first Battery-Electric Bus (BEB), went into revenue service, marking the start of the new electric fleet.

August Digital Marketing Highlights:

- SamTrans Digital Marketing Highlights:
- Runbook 143
- Bus 1000 Revenue Service Start
- BEB Announcement/Reveal
- Quick-Build South SSF Demo Launch
- Superhero Drive with Us Campaign
- Ride Plus Free Fares Promo Period
- Communications Belt
- September Transit Month Teaser

DAVID J. CANEPA
MARIE CHUANG
BROOKS ESSER
JEFF GEE
RICO E. MEDINA
RAY MUELLER
PETER RATTO

APRIL CHAN
GENERAL MANAGER/CEO

San Mateo County Transit District (District) 1250 San Carlos Avenue, San Carlos, California

Minutes of Finance Committee Meeting / Committee of the Whole

August 2, 2023

Committee Members Present: M. Chuang, M. Fraser

Committee Members Absent: J. Gee (Chair)

Other Board Members Present Constituting Committee of the Whole: D. Canepa, R. Medina,

J. Powell, P. Ratto

Other Board Members Absent: R. Mueller

Staff Present: A. Chan, D. Olmeda, S. van Hoften, J. Cassman, J. Brook, D. Seamans

8.b.1. Call to Order

Committee Member Marina Fraser called the meeting to order at 2:17 pm.

8.b.2. Approval of Minutes of the Finance Committee Meeting of July 12, 2023

Motion/Second: Chuang/Medina

Ayes: Canepa, Chuang, Fraser, Medina, Powell, Ratto

Noes: None

Absent: Gee, Mueller

8.b.3. Approval and Ratification of the Fiscal Year 2024 District Insurance Program

Ryan Hinchman, Director, Financial Planning and Analysis, presented the staff report noting the changes in coverage, including for cybersecurity, and being satisfied with the results.

Director Rico Medina expressed appreciation for the program and the focus on cybersecurity as important to the organization.

Motion/Second: Ratto/Canepa

Ayes: Canepa, Chuang, Fraser, Medina, Powell, Ratto

Noes: None

Absent: Gee, Mueller

8.b.4. Authorize the General Manager/CEO to Pursue Acquisition of a Headquarters Building Subject to Certain Parameters

Josh Mello, Executive Officer, Planning and Development, introduced Craig Whittom, MRG, LLC, who provided the presentation on the proposed next steps for a new headquarters facility and

noted that any offer made must first be reviewed and approved by the Board ad hoc committee.

Director David Canepa asked for the rationale behind the \$136 million limitation. Mr. Whittom responded that the ad hoc committee had identified three potential sites and estimated costs for acquisition, improvements, moving, and other related costs to come up with a high estimate of \$136 million.

Committee Member Marie Chuang asked why the location needs to be within three-quarters of a mile from a Caltrain station. Mr. Whittom said they wanted to find a building that was sensitive to the mission of transit.

Public Comment:

Aleta Dupree said she wanted the building to support equity and be energy efficient. She noted that three-quarters of mile from a transit stop is the limit for paratransit.

Motion/Second: Chuang/Powell

Ayes: Canepa, Chuang, Fraser, Medina, Powell, Ratto

Noes: None

Absent: Gee, Mueller

8.b.5. Award of Contract for Commercial Real Estate Brokerage Services for Acquisition of a New Headquarters Building

Joan Cassman, Legal Counsel, presented the staff report on awarding a contract to CBRE for a one-year term with up to two additional one-year option terms to provide commercial real estate advisory and brokerage services related to the acquisition of a new District administrative headquarters.

Brian Hutcherson, Western Regional Manager, CBRE, said he worked exclusively with upwards of 25 government agencies and currently five transportation agencies. Simon Clark, Executive Vice President, CBRE, provided some details on his background with the local real estate market.

Director Rico Medina said he was pleased that the firm has a government focus.

Motion/Second: Chuang/Medina

Ayes: Canepa, Chuang, Fraser, Gee, Medina, Powell, Ratto

Noes: None Absent: Mueller

8.b.6. Adjourn

The meeting adjourned at 2:44 pm.

An audio/video recording of this meeting is available online at https://www.samtrans.com/about-samtrans/video-board-directors-cac-and-measure-w-coc. Questions may be referred to the District Secretary's office by phone at 650-508-6242 or by email to board@samtrans.com.

San Mateo County Transit District Staff Report

To: Finance Committee

Through: April Chan, General Manager/CEO

From: David Olmeda, Chief Operating Officer, Bus

Subject: Establish the Scope of the North Base Building 200 Replacement Project

Action

Staff proposes the Committee recommend the Board establish the scope of the North Base Building 200 Replacement Project (Project) as follows:

- 1. Remove and replace the existing North Base Building 200 on its current site;
- Increase the building size from 10,650 gross square feet, on one story, to 18,200 gross square feet, situated across two stories, to accommodate staff growth associated with current and future SamTrans services;
- 3. Include separate dispatch and radio control facilities (as opposed to the current single room used for both purposes);
- 4. Include engineered solutions to improve building stability to mitigate for challenging geotechnical conditions; and
- 5. Build the facility as an Emergency Operations Center (EOC) using various hardening techniques and materials to enable the San Mateo County Transit District (District) to operate essential SamTrans services out of North Base in case of emergencies such as earthquakes, fires or extreme weather ("Emergency Operations Center" or "EOC").

Staff met previously with the Innovative Clean Transit/Sustainability Ad Hoc Advisory Committee, which reviewed staff's work and provided feedback on staff's recommendation. The staff recommendation above reflects input received from the Committee.

Significance

The proposed action will provide staff the direction necessary to proceed with procurement of services to design and construct the Project. Staff will return to the Board of Directors for consideration and approval of resulting contracts, Project budget actions, and other related decisions.

The Project is needed to provide a working space that is safe, comfortable, functional and sustainable for the staff and visitors of SamTrans' Bus Transportation Department at SamTrans's North Base in the City of South San Francisco. The Project will remove and replace the existing North Base Building 200, which has tilted due to differential settlement of the soil under the building. The new building is proposed to accommodate an increased number of bus operators, trainees, and supervisors due to the projected expansion of bus services, including Reimagine SamTrans service, and will offer modernized and expanded facilities.

Budget Impact

Funding in the current and past-year capital budgets provides sufficient Project budget authority to continue planning and engineering design. Staff will actively seek and apply for alternative funding sources to offset costs of future phases of the Project, and will return to the Board for needed budget actions once final design is completed, which is expected in the first half of 2025.

Background

The District's North Base is located on Belle Aire Island, a 43-acre connected island in the San Francisco Bay in South San Francisco. There are two primary buildings at North Base: the Maintenance Building (North Base Building 100) and the Transportation Building (North Base Building 200), along with four other fleet and facility maintenance buildings. The construction of SamTrans' North Base Building 200 was completed in 1988. The building houses operations and support for bus service administration and for use by bus operators.

An initial floor-level survey conducted on North Base Building 200 in 2010 verified floor tilting that was observed and reported by the building occupants. It is unknown when the floor tilting started.

The floor tilting progressed with time, leading Staff to identify and evaluate mitigation measures in 2018-2019. The study concluded that the soil under North Base Building 200 was inadequate to support the existing structure based on:

- the progress of the floor level differences measured between 2010 and 2018; and
- data presented in a geotechnical report of the area prepared by Clark and Associates in 1979.

The 2018-19 study evaluated three options for mitigation: localized repair, foundation stabilization, or complete building replacement. The study recommended replacing the existing building as the optimal solution.

In 2020, the District considered whether any other properties in the northern portion of San Mateo County, near U.S. 101, would be feasible sites for relocating North Base. Given the size of the property needed and dearth of available options, plus the level of infrastructure investments that would be required to replace North Base in its entirety, this alternative was removed from consideration.

Additional studies were conducted in 2022-2023 to (1) evaluate potential locations on the property for a new Building 200 at the current North Base property based on criteria such as the current soil condition and associated topography and hydrology, and (2) identify space needs and space usage goals for the Project, as further detailed below.

Evaluation of Two Building Locations at SamTrans North Base

In 2023, the District evaluated two options for where to place a new Building 200 on the North Base property:

- 1. the existing North Base Building 200 site; and
- 2. an alternative site northwest of North Base Building 100.

The analysis included geotechnical, civil and hydrological engineering, as well as bus operations reviews. The study concluded that both sites present geotechnical and hydrological challenges that would require mitigation, with greater levels of mitigation required at the existing North Base Building 200 site. On all other criteria, the study concluded that the existing site best meets operational requirements and employee safety needs, without introducing conflicts with the District's labor union agreements.

Belle Aire Island is comprised of a sequence of fill, Bay Mud, and dense sands at depth. The soil quality is generally poor, which has led to differential soil settlement. The data obtained from the floor-level survey performed in 2018 revealed that the northwest section of the island has minor soil settlement compared to the southeast section of the island, where North Base Building 200 is currently located. The 2023 engineering studies' findings can be summarized as follows:

- Based on geotechnical conditions, a new building can be built for a life expectancy of 50 years on both sites. However, there is a higher cost and time to perform the design and construction, as well as a potentially higher cost of maintenance, for the existing North Base Building 200 site due to potential additional soil settlement from lack of uniformity in the soil.
- The civil and hydrological studies reveal that the area surrounding the existing building site currently is more prone to surface flooding; however, the difference between the two sites is insignificant and can be mitigated.
- The building can be built as an EOC on both sites. The cost and time required for the design and construction of the building at the existing site will be greater.

The District considered a range of operational implications of moving Building 200 and found that doing so would introduce problems such as increased opportunity for bus-pedestrian conflict and lost time associated with employees traversing between their parking areas, Building 200 and the bus parking areas upon each arrival at or departure from the base.

Evaluation of North Base Building 200 Space Requirements and Goals

Staff surveyed the building users/occupants to determine current and future needs for the new space, concluding that a larger structure is needed to accommodate future SamTrans growth and that the Project should include modernized spaces, increased security, and upgraded and additional amenities for the workforce.

Cost Comparisons

Staff analyzed the costs of building a new North Base Building 200 (1) at each potential site, and (2) with and without building the facility as an EOC. If the building were built as an EOC, Building 200 would be hardened against future environmental impacts and would allow SamTrans to remain operational and continue to serve the community during an environmental crisis.

As shown in the table below, building the facility without the level of hardening required for an EOC is estimated to cost \$4 million more at the existing site than at the alternative site. In the case of the new facility built as an EOC, the cost difference between the two locations increases to an estimated \$5 million.

Cost Comparison

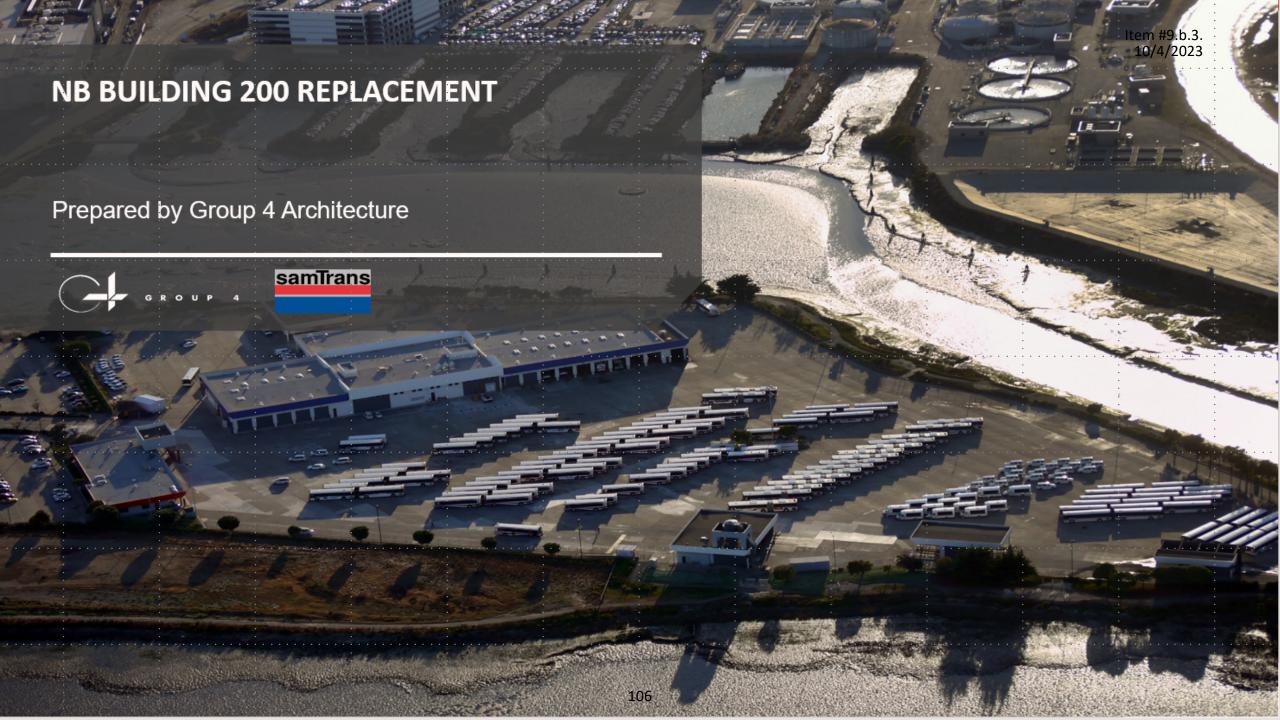

Total Project Cost	Existing Building Site	Alternative Site
Building 200 <i>not</i> built as an EOC	\$39 million - \$43 million	\$35 million - \$39 million
Building 200 built as an EOC	\$42 million - \$46 million	\$37 million - \$41 million

Technical Memorandum

Date: May 17, 2019

To: Jonathan Hartman, Architect
From: David Kitzmann, PG, CEG, PE

Subject: SamTrans North Base Settlement Evaluation

WRECO Project No.: P18115

Mr. Hartman:

Per your request, WRECO has prepared this Technical Memorandum to provide a summary of the work performed and an evaluation of the settlement at Building 100 and 200 at the SamTrans North Base Facility (Project).

Project Description

The Project site is a North Base Bus Yard in South San Francisco, California. The North Base Bus Yard is a property owned, operated, and maintained by the San Mateo County Transit District (SamTrans). The Project scope includes evaluating the reported settlement and distress at Building 100 and Building 200 at the site. The Project site can be seen in relation to existing site features on Figure 1, Vicinity Map, attached.

Scope of Services

Our proposed scope of services for this study consisted of the following:

- · Review available published geological studies;
- Perform a field survey including a floor-level survey of the ground floor of Building 100 and Building 200;
- Provide a comparison between measurements between 2010 and the measurements taken by SamTrans for this study; and
- · Prepare a Geotechnical Engineering Technical Memorandum.

Site Geology

The site is shown on available geologic mapping (USGS, 1998) as underlain by artificial fill over tidal flat (Figure 2). This material is described as clay, silt, sand, rock fragments, organic matter, and mammade debris placed over tidal flats. The mapping also indicates the shoreline in the 1800s was located a short distance to the east and south of the Project area with a channel extending near or under the location of Building 200.

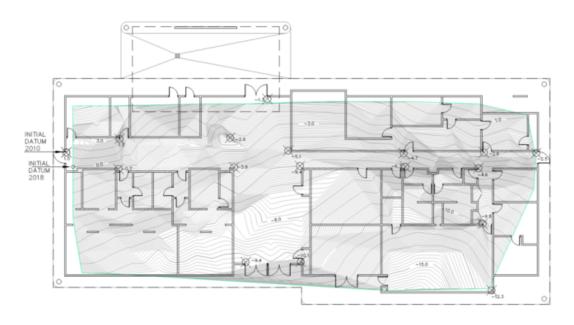

A geotechnical report (Clark and Associates, 1979) prepared for a proposed aggregate recycling plant included six borings made around the perimeter of the island. These borings show a variable depth of soft organic clay (Bay Mud) of ranging from approximately 10- to 35-foot thickness underlain by generally dense to very dense silty and clayer sand and stiff to very stiff sandy clay.

- Initial funds for design of Bldg. 200 are included in the current Capital Budget
- Apply for grant funding opportunities although limited

North Base 200 Replacement Project Process

San Mateo County Transit District Staff Report

To: Finance Committee

Through: April Chan, General Manager/CEO

From: Kate Jordan Steiner, Chief Financial Nathaniel Kramer, Chief People Officer

Officer

Subject: Authorize Amendment to a Single-source Contract with Year Up for Provision

of Interns

Action

Staff proposes that the Finance Committee recommend the Board of Directors (Board) of the San Mateo County Transit District (District):

- Authorize an amendment to a single-source contract with Year Up, Inc. of Boston,
 Massachusetts (Year Up) to provide three additional internship opportunities at the
 District for an additional \$118,350, bringing the total not-to-exceed contract amount to
 \$355,050, which is composed of \$232,200 for program fees and \$122,850 in stipend
 fees for a period of performance from September 11, 2023 through January 26, 2024.
- Authorize the General Manager/CEO or designee to execute the contract amendment with Year Up in full conformity with the terms and conditions of the negotiated agreement, and in a form approved by legal counsel.

Significance

Authorization of the amendment will allow the District to provide internship opportunities to three Year Up students, in addition to the nine initially expected, while providing supplemental workforce resources to address staffing shortages throughout the District.

The District's initial contract with Year Up did not require Board action as the amount was within the General Manager/CEO's delegated contracting authority.

Budget Impact

Funds to support the amendment are available in the adopted Fiscal Year 2024 Operating Budget through savings resulting from staff vacancies.

Background

Year Up is a national non-profit that helps underserved young adults, aged 18 to 29, move from poverty to a professional career in one year. Year Up trains participants in information technology, business communications and professional skills, and then places them into sixmonth paid corporate internships. Year Up partners with more than 250 companies (including 40 of the Fortune 100) in more than 20 cities across the country, and serves as an effective source of pre-trained, pre-screened diverse talent.

Due to the economic uncertainty of many technology firms in our area, Year Up reached out to the District via the San Mateo County Economic Development Association in hopes of providing opportunities for these underserved young adults.

The District executed a single-source contract with Year Up for nine interns on September 7, 2023 for a total not-to-exceed amount of \$236,700. The District has since found a need for three more Year Up interns.

This good-will effort is a win-win-win for the District, the interns, and Year Up. It allows the District a unique opportunity to not only provide invaluable experience for these interns, but also to gain additional resources in much needed administrative support roles in various departments. In addition to the 12 internships the District is funding, three Year Up interns will be working with the Peninsula Corridor Joint Powers Board and one will support the San Mateo County Transportation Authority.

Prepared By: Juliet Nogales-DeGuzman Director, Human Resources 650-508-6236

Resolution No. 2023-

Board of Directors, San Mateo County Transit District State of California

* * *

Authorizing an Amendment to a Contract with Year Up, Inc. for Provision of Interns for a Total Not-to-exceed Contract Amount to \$355,050

Whereas, Year Up, Inc. of Boston, Massachusetts (Year Up) is a national non-profit that helps underserved young adults, aged 18 to 29, move from poverty to a professional career in one year by providing training in professional skills and placing them in six-month, paid corporate internships in information technology and business communications; and

Whereas, Year Up partners with more than 250 companies (including 40 of the Fortune 100) in more than 20 cities across the country, and serves as an effective source of pre-trained, pre-screened diverse talent; and

Whereas, the San Mateo County Transit District (District) has a unique opportunity to both provide invaluable experience for Year Up interns and gain additional administrative support for various departments; and

Whereas, the District executed a single-source contract with Year Up to provide nine internship opportunities for a total not-to-exceed contract amount of \$236,700, and has since identified a need for three additional interns; and

Whereas, the General Manager/CEO recommends, and the Finance Committee concurs, that the Board authorize the execution of a contract amendment to provide three more internship opportunities at an additional cost of \$118,350, bringing the total not-to-exceed

contract amount to \$355,050, which is composed of \$232,200 for program fees and \$122,850 in stipend fees for a period of performance from September 11, 2023 through January 26, 2024.

Now, Therefore, Be It Resolved that the Board of Directors of the San Mateo County

Transit District hereby authorizes the General Manager/CEO or designee to execute an

amendment to the contract with Year Up, Inc. as negotiated and in a form approved by legal

counsel, to add three internship opportunities and increase the total estimated cost of the

contract by \$118,350, bringing the total not-to-exceed contract amount to \$355,050.

	Regularly passed and adopted this 4th day of October, 2023 by the following vote:		
	Ayes:

Absent: Gee, Mueller

8.c.3. 2025-2035 San Mateo County Transit District Strategic Plan Project Introduction

Chelsea Schultz, Planning Administrator, provided the presentation on the new SamTrans Strategic Plan, which included the purpose of the plan and an overview of the different project components.

Director Jeff Gee arrived at 2:46 pm.

Chair Josh Powell asked who was involved in the stakeholders' group. Jessica Epstein, Manager, Government and Community Affairs, explained the composition of the stakeholders' advisory group and technical advisory group. Chair Powell asked if schools were represented. Ms. Epstein said they do not generally put schools on their stakeholder advisory group; however, they have a dedicated staff person who works directly with the schools.

Director Jeff Gee asked about what service delivery means and how it plays into looking at future legislative east-west connectivity, ridership, and microtransit. He expressed concern about having articulated and 42-foot buses going east-west for six riders an hour and favored exploring what future buses would look like. Ms. Schultz said those issues are included in the best practices and industry trends research that will be part of their scoping and setting the stage for what the future of transit in the County may look like. She clarified that the Strategic Plan would likely provide a high-level view of how the District may want to expand its service portfolio but not go into the level of detail of Reimagine SamTrans.

Committee Chair Canepa asked how Regional Network Management (RNM) figures into the Strategic Plan. Ms. Schultz said RNM will be part of looking at the future of transit in the region and that they are working closely with the region and neighboring transit agencies.

Public Comment:

Aleta Dupree said she looked forward to reading the upcoming Strategic Plan and opined that sustainability should frame the work.

8.c.4. Adjourn

The meeting adjourned at 3:06 pm.

An audio/video recording of this meeting is available online at https://www.samtrans.com/about-samtrans/video-board-directors-cac. Questions may be referred to the District Secretary's office by phone at 650-508-6242 or by email to board@samtrans.com.

San Mateo County Transit District Staff Report

To: Planning, Development and Sustainability Committee

Through: April Chan, General Manager/CEO

From: Josh Mello, Executive Officer, Planning and Development

Subject: Bus Stop Improvement Plan (BSIP) Project Update

Action

This report is for information only. No Board action is required.

Significance

The purpose of this presentation is to provide an intermediate update on the SamTrans Bus Stop Improvement Plan (BSIP) project, which was first introduced to the Board of Directors (Board) at its March 2023 meeting. Staff will present a review of the project background and scope, results of stakeholder engagement, and an initial proposal for bus stop investments. The presentation will conclude with discussion of preliminary approaches to implementation and upcoming milestones.

The SamTrans BSIP is focused on the features and amenities that affect the general customer experience of bus stops, and will be accomplished through three primary deliverables:

- An enhanced inventory of existing SamTrans stops, expanded to include the presence of non-District-owned amenities and contextual factors such as sidewalks.
- A revised version of the SamTrans Bus Stop Design Guidelines (Guidelines), which recommend a minimum level of amenities for each stop based on its level of service.
- A long-term improvement plan to bring all stops into alignment with their minimum recommended amenities, based on the above criteria.

Notably, the BSIP does not include an assessment or suggested improvement of bus stops under the federal Americans with Disabilities Act (ADA) Accessibility Guidelines or State Building Code accessibility provisions. Rather, bus stop accessibility is being assessed as part of a broader San Mateo County Transit District (District) ADA Transition Plan, a separate but concurrent project which is already underway. Given the overlap in scope, both project teams are working together to ensure a coordinated implementation of the final recommendations.

Outreach

In June 2023, staff launched an online survey specifically focused on trade-offs and the prioritization of bus stop features. At the same time, staff conducted focused interviews with riders to supplement the survey results with input from individuals selected from underrepresented ridership groups.

Key findings from both efforts were that SamTrans riders value shelters, seating, lighting, and real-time information as the most important amenities for SamTrans to invest in. Riders also emphasized that protection from extreme weather, such as heat, was increasingly important. Finally, riders noted that real-time information combined with lighting would enhance feelings of personal safety at stops with limited evening service.

Bus Stop Design Guidelines Update

The Guidelines are currently in final draft form and under internal review. They are designed to provide decision-oriented guidance primarily for external users, such as city planning and public works staff and property developers, on preferred bus stop configurations for both new and existing stops. This includes amenities, but also considerations such as curb access for buses to pull in and out, appropriateness of bulb-outs/curb extensions, interactions with bicycle facilities, and the relative positioning of amenities at the stop.

Bus Stop Improvement Recommendations

To align SamTrans stops to a consistent level of quality, the Guidelines assign a minimum recommended portfolio of amenities for stops based on their category, which is defined as "Frequent" (4+ arrivals/hour), "Standard" (1-3 arrivals/hour), or "School Oriented/Other" (as few as 1 arrival/day during peak periods). Staff has developed a draft set of recommended amenities corresponding to each stop category as shown below:

Amenity	Frequent	Standard	School-Oriented/Other
Standard Pole & Sign	X	X	X
Shelter w/ Seating & Lighting	X		
Shade Structure w/ Lighting		X ¹	
Bench/Seating		X ¹	
Map & Schedule	X	X	
Bus Bulb/Boarding Island ²	X		
Real Time Information	Х	X	

^{1.} High-ridership standard stops may warrant full shelters. Low-ridership standard stops should provide at minimum a shade structure and a place to sit.

Using the enhanced inventory of SamTrans stops created during the existing conditions phase of the project, staff applied the above recommendations to all existing stops to prepare the following preliminary estimates of the total investment required to bring every stop in the SamTrans system into alignment with the revised Guidelines:

^{2.} Needed to accommodate amenities at some stops, subject to street geometry and stop conditions.

Amenity	Number of Amenity Units Required to Align with Guidelines	Total Cost of Upgrades to Align with Guidelines ¹
Standard Pole & Sign	118	\$78,000 - \$91,000
Shelter w/ Lighting	333	\$17,550,000 - \$21,450,000
Shade Structure w/ Lighting	655	\$17,290,000 - \$21,190,000
Bench/Seating	543	\$4,810,000 - \$5,850,000
System Map	1,152	\$143,000 - \$169,000
Route Schedule	1,236	\$546,000 - \$663,000
Real-time Information ²	374 (Frequent only) 1,251 (Frequent & Standard Stops)	\$14,000,000 - \$17,000,000 \$27,000,000 - \$33,000,000

^{1.} Planning-level cost estimates include materials and assumptions for construction, design, and labor.

Draft Prioritization and Implementation Approach

Staff will share preliminary work on development of a bus stop improvement prioritization and implementation approach based on key indicators that account for ridership, equity, climate impact, feasibility, and existing amenities. Staff will present the proposed implementation plan and finalized prioritization methodology at a future meeting.

Budget Impact

There is no budget impact associated with this informational item. Budget impacts of the full BSIP plan will be addressed at a future meeting.

Background

Identification and prioritization of bus stop improvements was identified as one of 16 initiatives in the 2018 SamTrans Business Plan. Conducting the BSIP allows SamTrans to advance that priority initiative.

Project Complete: Winter 2023/Early 2024

We are here

Rider Outreach

- Survey open 6 weeks (March-April 2023); 684
 responses
- Languages: Simplified Chinese, Traditional Chinese, and Spanish
- Promoted online, on buses, at bus stops, and with SamTrans ambassadors
- Survey respondents were:
 - 88% English speaking
 - 48% riding at least five days per week
 - 64% riding for 3 years or more
- Supplemented by 31 **listening sessions** with riders from under-represented groups.

Key Outreach Findings

- 1. Participants ranked the **most important amenities** as: shelters, seating, lighting, and real-time information.
- 2. These amenities are equally important at stops with **less frequent** evening service and stops without nearby businesses.
- Protection from direct sun, rain and wind were also important due to increasing extreme weather conditions.
- 4. Presence of **real-time information** and **lighting** are important for **personal safety**, particularly at stops with limited evening service.

Leveraging Feedback

Rider Input and Priorities

SamTrans Vision for Bus Stops

Bus Stop Categories and Amenities

Implementation Plan

Riders emphasized the importance of shelter and seating, so our recommendations include a big expansion in those amenities.

On the other hand, trash receptacles are less important to riders, so we have scaled back on those in the recommendations.

Establishing a Vision for Bus Stops

SamTrans will strive to provide bus stops that are:

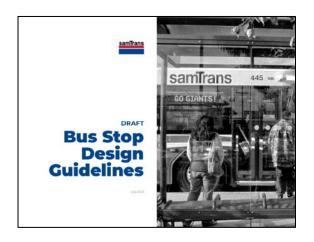

- **Informative**, with service information including schedules and the ability to access real-time transit arrival data.
- <u>Comfortable</u>, including a well-maintained shelter and/or place to sit at all-day stops.
- **Convenient,** featuring appropriate curb access, a sidewalk free from obstructions, and personal safety features like lighting.

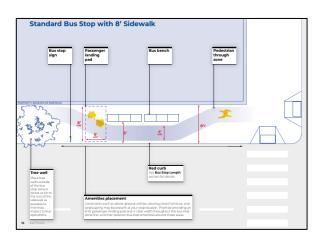

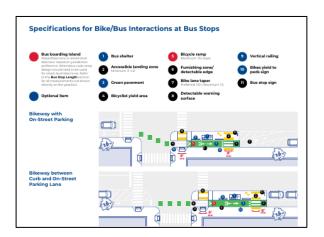

Update on Design Guidelines

- Provides easy-to-use guidance for stop improvements for cities, developers, partner agencies, internal staff.
- Outlines minimum bus stop amenities based on service level.
- Adds new guidance for bus/bicycle interactions.

152

Proposed Bus Stop Categories

Bus Stop Category	Definition	Typical SamTrans Service	# of Stops
Frequent	4+ arrivals per hour12 hours per weekday	 ECR, 120, 130, and 296 Stops that serve multiple local routes 	374 (20%)
Standard	1-3 arrivals per hour12 hours per weekday	 Most three-digit local routes. 	877 (47%)
School- oriented/Other	 Served by school or express routes As few as one arrival per day, during peak periods only 	School-oriented routesRoute FCX	615 (33%)

Minimum Recommended Amenities

Dynamic Signage ²	1,251 (Frequent and Standard stops)	\$27,000,000 - \$33,000,000

Total System Stops: 1,871

Stops to be Improved: 1,279

Notes:

- Planning-level cost estimates including materials, designand construction.
 Assumes a mix of full-color, heavy & light displays.

Phasing & Implementation

- Multi-year phasing horizon
 - Tentatively over 2-5 years
- Leveraging external funding/implementation opportunities
 - Peer agency/city strategic plans and projects
 - Developers
 - Grants
 - CEQA Mitigations
 - Advertising opportunities

- Prioritization methodology under development now
 - Factors being incorporated include:

Next Steps

- 1. Finalize Revised Guidelines based on internal feedback
- 2. Finalize bus stop categories and associated levels of investment in bus stop amenities
- 3. Develop Implementation Strategy:
 - Stop prioritization methodology
 - Phasing/packaging of recommendation into a capital improvement plan
 - Identify potential funding strategies
- 4. Compile into final Bus Stop Improvement Plan

Ayes: Canepa, Chuang, Fraser, Gee, Medina, Mueller, Powell, Ratto

Noes: None Absent: None

8.d.3. State and Federal Legislative Update

Jessica Epstein, Manager, Government and Community Affairs, provided an update on recent federal and state legislation.

On the federal side, she said the Senate had reconvened and the House would reconvene in October. She said that Congress has not passed any of their appropriation bills yet, and that a continuing resolution was expected, with a budget to be achieved in December.

On the state side, she said the legislature reconvened on August 14. She provided recent personnel changes. She said that CalSTA (California State Transportation Agency) has recently put out guidelines on the Zero Emission Transit Capital Program, which will be used by MTC (Metropolitan Transportation Commission) to administer funding. She reviewed recent bills.

Chair Josh Powell asked about legislation on the Brown Act allowing remote meetings. Ms. Epstein said the situation did not look hopeful for making significant changes.

8.d.4. Adjourn

The meeting adjourned at 3:12 pm.

An audio/video recording of this meeting is available online at https://www.samtrans.com/about-samtrans/video-board-directors-cac-and-measure-w-coc. Questions may be referred to the District Secretary's office by phone at 650-508-6242 or by email to board@samtrans.com.

San Mateo County Transit District Staff Report

To: Legislative Committee

Through: April Chan, General Manager/CEO

From: Casey Fromson, Chief Communications Officer

Subject: State and Federal Legislative Update and Approval of Legislative Proposal:

Support Senate Bill (SB) 410 (Becker)

<u>Action</u>

Staff proposes the Committee recommend the Board:

1. Receive the attached federal and state legislative updates.

2. Approve the recommended San Mateo County Transit District (District) position on those pieces of legislation designated for action on the attached State Legislative Matrix.

Significance

The 2023 Legislative Program establishes the principles that will guide the legislative and regulatory advocacy efforts. Based on those principles, staff coordinates closely with our Federal and State advocates on a wide variety of issues that are considered in Congress and the State legislature. The attached reports highlight the recent issues and actions that are relevant to the Board, and specifies those bills on which staff proposes that the District take a formal position.

Federal Report October 2023

Congressional Update

Leadership Prepares for Continuing Resolution and Spending Votes

- House Republicans revealed their own short-term government funding package on the evening of September 17, 2023, as lawmakers in Washington, D.C., work to reach a bipartisan deal to avoid a September 30, 2023, shutdown deadline.
- The House Republicans' continuing resolution (CR) would cut spending except for defense, veterans and U.S. Department of Homeland Security funding by 8 percent. Along with the modified H.R. 2 provisions, it includes new prohibitions on asylum claims and other hardline immigration restrictions. However, the billions of dollars of disaster aid sought by President Joe Biden was not included.
- The measure would also keep pressure on lawmakers by imposing an October 31, 2023, deadline to fund the government, contrasting with Congress's recent history of kicking the can to November or December.
- This was a deal brokered by several members of the House Freedom Caucus and Main Street Republicans Caucus. However, there are already a handful of Republicans who have vowed to vote against the CR, jeopardizing its passage. Due to the many conservative priorities included in the bill, even if it passes the House, it would be a non-starter in the Senate. It is still unclear if the measure will garner enough votes to pass in the House.
- On the Senate side, Senators had planned to vote on a minibus consisting of the Agriculture-FDA, Military Construction-VA, and Transportation-HUD bills. Members voted 91-7 in favor of the motion to proceed with the bill last week. However, Sen. Ron Johnson (R-WI) objected to the bill's advancement, stalling the Senate's work, and pushing a final vote until this week.

Bipartisan Rail Safety Bill Expected to Get Floor Vote this Fall

• The Railway Safety Act of 2023 (S.576) – the bipartisan rail safety bill introduced in the wake of the train derailment in East Palestine, OH earlier this year – is set to receive a floor vote this fall. This bill will requires DOT to issue improved safety regulations for trains carrying hazardous materials, as well as increases maximum fines DOT can impose for violating said regulations.

Holland & Knight

800 17th Street, NW, Suite 1100 | Washington, DC 20006 | T 202-955-3000 | F 202-955-5564 Holland & Knight LLP | www.hklaw.com

• Senator J.D. Vance (R-OH) stated in a press conference last Thursday that Democratic leadership confirmed that a vote will take place on the bill this fall. Vance expressed confidence in the bill passing, and said that he's "pretty sure" the nine GOP votes needed to pass are there, in addition the full support of the Democratic caucus.

Administration Update

DOT Opens SMART Funding Opportunity

- On August 8, the Department of Transportation (DOT) announced the next funding round for the Strengthening Mobility and Revolutionizing Transportation (SMART) Grants Program. The current funding round is for Stage 1 Planning and Prototyping grants which will utilize data and technology capacity to improve transportation systems.
- The Department has made approximately \$500 million available for the current funding round, which expires October 10. Interested parties may view the NOFO on grants.gov using this link.

DOT Announces Next Phase of Clean Energy Tax Credit Implementation

- DOT has announced that the Department expects to issue guidance for the Inflation Reduction Act's energy efficiency home credit and sustainable aviation fuel credit in the near future, as well as implementation guidance for the law's investment tax credit, advanced manufacturing production tax credit, electric vehicle provision for "foreign entities of concern", and clean hydrogen subsidies before the end of the year.
- USDOT's first phase of IRA implementation include released guidance on tax incentives for EVs, energy communities, domestic content, new direct pay incentives, transferability, and prevailing wages.

<u>DOT Names Sue Lawless as Key Motor Safety Officer at the Federal Motor Carrier Safety Administration (FMCSA)</u>

- On Wednesday, August 30, DOT announced that Sue Lawless would be Assistant Administrator and Chief Safety Officer for the FMCSA. Lawless was previously Director of the FMCSA's Motor Carrier, Driver, and Vehicle Standards Division.
- Lawless has also represented motor carriers and drivers as an attorney in the private sector. She will assume her new role starting September 10.

DOT Issues Waiver of Buy America Requirements for De Minimus Costs and Small Grants

• On August 22, DOT issued a public interest for <u>Waiver of Buy America Requirements</u> for De Minimus Costs and Small Grants. The waiver is intended to ensure DOT and its

RE: STATE LEGISLATIVE UPDATE – October 2023

General Update

The Legislature is set to adjourn the first year or the two-year 2023-24 Legislative Session for interim recess on September 14. The Governor has until October 14 to act on any bills sent to his desk in the final weeks of the session. The Legislature will be on recess for just under four months, returning to Sacramento on January 3. As you are aware, several bills introduced this year were made two-year bills by their authors or by committees. These bills can move in 2024 and several of these bills will have to move within the first month of the session. The Legislative Calendar, which sets the deadlines for the year can be viewed here.

ACA 1/ACA 13 Head to the Ballot

Two constitutional amendments that would significantly restructure the vote thresholds for local measures and measures attempting to increase vote thresholds passed the Assembly and Senate in the final days of the Legislative Session. Each of the measures required a two-thirds vote from each house in order to move to the ballot. Both measures will likely head to the November 2024 General Election ballot. ACA 1 would lower the voter threshold for local taxes for specific public infrastructure project categories and affordable housing, from a 2/3 to a 55% threshold. ACA 13 would establish the same voter threshold for higher threshold changes, requiring constitutional amendments that aim to *increase* voter approval to be approved by voters at the same threshold the measure is looking to implement. SamTrans supports ACA 1.

Bills With Recommended Action

SB 410 (Becker) Powering Up Californians Act – Recommend Support

This bill would require the California Public Utilities Commission to establish, by September 30, 2024, reasonable average and maximum target energization time periods to facilitate connecting new customers and upgrading the service of existing investor-owned utility (IOU) customers to the electrical grid. SB 410 would also require the IOUs to take the necessary steps in their annual distribution planning processes to prepare the grid for the anticipated transportation and building electrification demand as needed to meet "state decarbonization goals and federal, state, regional, and local air quality and decarbonization standards, plans, and regulations." This includes requiring IOUs to report on workforce needs to comply with SB 410 and hire accordingly, directing IOUs' future grid planning to align with, and meet, federal, state, regional, and local decarbonization and air quality goals, standards, and regulations; and providing aid to IOUs in the form of a balancing account that will allow for cost recovery of associated investments.

Bills of Interest

AB 316 (Aguiar-Curry) Heavy Duty Autonomous Vehicles

This bill would prohibit the operation of an autonomous vehicle with a gross vehicle weight of 10,001 pounds or more on public roads for testing purposes, transporting goods, or transporting passengers without a human safety operator physically present in the autonomous vehicle at the time of operation and to provide deactivation and collision reports to the Department of Motor Vehicles. The bill would require submission of collision disengagement and reports to the DMV for these vehicles during the testing phase. Finally, by January 1, 2029, the bill requires the DMV to submit a report to the Legislature regarding the testing phase prior to the DMV moving forward with the deployment of fully autonomous heavy-duty vehicles.

Grants for Zero-Emission Buses and Infrastructure

Vehicles:

Hybrid and Zero-Emission Truck and Bus Voucher Incentive Project – Transit Set-Aside (\$70 million in FY 2021-22, \$65 million in FY 2022-23) – The Hybrid and Zero-Emission Truck and Bus Voucher Incentive Project (HVIP) provides point-of-sale discount vouchers to fleet owners to reduce the purchase cost of zero- and near-zero emission trucks and buses operated in California on a first-come/first-served basis. HVIP is funded through the state's Greenhouse Gas Reduction Fund and State General Fund.

Current Guidelines: Found <u>here</u>

Status: Funding cycles for FY 2021-22 and FY 2022-23 remain open

Vehicles and Infrastructure:

Volkswagen Environmental Mitigation Trust (\$130 million total)- The Volkswagen (VW) Environmental Mitigation Trust provides \$130 million in incentives to transit agencies, shuttle bus companies and school districts for the purchase of zero-emission buses and the installation of charging and/or refueling infrastructure on a first-come/first-served basis. The VW Environmental Mitigation Trust is a one-time funding opportunity resulting from a consent decree between the United States Environmental Protection Agency, ARB and VW. Funding from the Trust will be released to transit agencies, shuttle bus companies and school districts in two \$65 million tranches. The second tranche of \$65 million was released in November 2022.

Current Guidelines: See Beneficiary Mitigation Plan found here and certifications found <a href=here Additionally, see CARB's updated policy found <a href=here authorizing VW Environmental Mitigation Trust awards to be coupled with HVIP vouchers.

Status: Funding cycle open

Energy Infrastructure Incentives for Zero-Emission Commercial Vehicles Project (\$183 million in FY 2022-23) — The Energy Infrastructure Incentives for Zero-Emission Commercial Vehicles Project is intended to accelerate the deployment of infrastructure needed to fuel zero-emission trucks, buses, and equipment. The project will use a concierge-like model working directly with eligible applicants to help plan and fund the purchase of charging and hydrogen fueling infrastructure.

Current Guidelines: Found here

Status: Funding cycles for FY 2022-23 remain open, but will close on September 15

Cybersecurity and Transit Security

Transit Security Grant (\$93 million in FY 2023) – The Transit Security Grant Program provides funding to eligible public transportation systems (which include intra-city bus, ferries and all forms of passenger rail) to protect critical transportation infrastructure and the travelling public from terrorism, and to increase transportation infrastructure resilience.

Current Guidelines: Found <u>here</u>
Status: <u>Funding for FY 2023 awarded</u>

Bill ID/Topic	Location	Summary	Position
AB 6 Friedman D Transportation planning: regional transportation plans: Solutions for Congested Corridors Program: reduction of greenhouse gas emissions.	This bill is dead.	Existing law requires certain transportation planning agencies to prepare and adopt regional transportation plans directed at achieving a coordinated and balanced regional transportation system. Existing law requires that each regional transportation plan also include a sustainable communities strategy prepared by each metropolitan planning organization in order to, among other things, achieve certain targets established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region for 2020 and 2035, respectively. This bill would require the state board, after January 1, 2024, and not later than September 30, 2026, to establish additional targets for 2035 and 2045, respectively, as specified. This bill contains other existing laws.	Watch
AB 7 Friedman D Transportation: project selection processes.	This is a two-year bill.	Existing law establishes within state government the Transportation Agency, which consists of the Department of the California Highway Patrol, the California Transportation Commission, the Department of Motor Vehicles, the Department of Transportation, the High-Speed Rail Authority, and the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun. The agency is under the supervision of the Secretary of Transportation, who has the power of general supervision over each department within the agency. The secretary, among other duties, is charged with developing and reporting to the Governor on legislative, budgetary, and administrative programs to accomplish coordinated planning and policy formulation in matters of public interest, including transportation projects. On and after January 1, 2025, and to the extent applicable, feasible, and cost effective, this bill would require the agency, the Department of Transportation, and the California Transportation Commission to incorporate specified goals into program funding guidelines and processes. This bill contains other existing laws.	Watch

<u>Muratsuchi</u> D	bill.	the state agency charged with monitoring and regulating sources of emissions of greenhouse	
		gases. Under the act, the state board is required to approve a statewide greenhouse gas	
California Global Warming		emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be	
Solutions Act of 2006:		achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least	
emissions limit.		40% below the 1990 level by no later than December 31, 2030. The act authorizes the state board	
		to include the use of market-based compliance mechanisms in regulating greenhouse gas	
		emissions. The act requires the state board to prepare and approve a scoping plan for achieving	
		the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions	
		and to update the scoping plan at least once every 5 years. This bill would require the state board	
		to initiate a regulatory process to evaluate potential updates to the market-based compliance	
		mechanism and would require regulatory changes to take effect no later than January 1, 2025.	
		The bill would require the evaluation to focus on specified items, including whether the supply of	
		emission allowances and carbon offsets are consistent with a linear trajectory toward the	
		statewide greenhouse gas emissions reduction goal established in the state board's most recent	
		scoping plan, rules for banking allowances to use for future compliance, and recommendations	
		made by the Independent Emissions Market Advisory Committee and the state board's	
		environmental justice advisory committee. The bill would require the state board, beginning	
		January 1, 2028, and subsequently on a triennial basis, as specified, and in consultation with the	
		Independent Emissions Market Advisory Committee and the environmental justice advisory	
		committee, to conduct an evaluation of the market-based compliance mechanism, as provided.	
		The bill would require the chairperson of the state board to appear before the Joint Legislative	
		Committee on Climate Change Policies to present the results of an evaluation and specified	
		proposed revisions to the regulations implementing the market-based compliance mechanism.	
		The bill would authorize, following the chairperson's appearance before the Joint Legislative	
		Committee on Climate Change Policies, the state board to revise the regulations implementing	
		the market-based compliance mechanism so that the mechanism can more effectively meet the	

Bill ID/Topic	Location	Summary	Position
		goals of the act and objectives specified in the most recent scoping plan. This bill contains other existing laws.	
AB 16 Dixon R Motor Vehicle Fuel Tax Law: adjustment suspension.	This bill is dead.	The Motor Vehicle Fuel Tax Law, administered by the California Department of Tax and Fee Administration, imposes a tax upon each gallon of motor vehicle fuel removed from a refinery or terminal rack in this state, entered into this state, or sold in this state, at a specified rate per gallon. Existing law requires the department to adjust the tax on July 1 each year by a percentage amount equal to the increase in the California Consumer Price Index, as calculated by the Department of Finance. Article XIX of the California Constitution restricts the expenditure of revenues from the Motor Vehicle Fuel Tax, Diesel Fuel Tax Law, and other taxes imposed by the state on fuels used in motor vehicles upon public streets and highways to street and highway and certain mass transit purposes. This bill would authorize the Governor to suspend an adjustment to the motor vehicle fuel tax, as described above, scheduled on or after July 1, 2024, upon making a determination that increasing the rate would impose an undue burden on low-income and middle-class families. The bill would require the Governor to notify the Legislature of an intent to suspend the rate adjustment on or before January 10 of that year, and would require the Department of Finance to submit to the Legislature a proposal by January 10 that would maintain the same level of funding for transportation purposes as would have been generated had the scheduled adjustment not been suspended. This bill contains other related provisions and other existing laws.	Watch

Bill ID/Topic L	Location	Summary	Position
AB 53 Fong, Vince R Motor Vehicle Fuel Tax Law: suspension of tax.		Existing law, the Motor Vehicle Fuel Tax Law, imposes a tax upon each gallon of motor vehicle fuel removed from a refinery or terminal rack in this state, entered into this state, or sold in this state, at a specified rate per gallon. Existing unfair competition laws establish a statutory cause of action for unfair competition, including any unlawful, unfair, or fraudulent business act or practice and unfair, deceptive, untrue, or misleading advertising and acts prohibited by false advertisement laws. This bill would suspend the imposition of the tax on motor vehicle fuels for one year. The bill would require that all savings realized based on the suspension of the motor vehicle fuels tax by a person other than an end consumer, as defined, be passed on to the end consumer, and would make the violation of this requirement an unfair business practice, in violation of unfair competition laws, as provided. The bill would require a seller of motor vehicle fuels to provide a receipt to a purchaser that indicates the amount of tax that would have otherwise applied to the transaction. This bill contains other related provisions and other existing laws.	Watch

AB 69	This is a two-year	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as	Watch
<u>Waldron</u> R	bill.	the state agency charged with monitoring and regulating sources of emissions of greenhouse	
		gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent	
Transportation: traffic signal		to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure	
synchronization: roadway		that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by	
improvement projects.		2030, and to adopt rules and regulations in an open public process to achieve the maximum,	
		technologically feasible, and cost-effective greenhouse gas emissions reductions. The act	
		authorizes the state board to include the use of market-based compliance mechanisms. Existing	
		law requires all moneys, except for fines and penalties, collected by the state board from the	
		auction or sale of allowances as part of a market-based compliance mechanism to be deposited in	
		the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law requires	
		the Department of Finance, in consultation with the state board and any other relevant state	
		agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the	
		Greenhouse Gas Reduction Fund. Existing law authorizes moneys in the fund to be allocated, as	
		specified, for an investment in a traffic signal synchronization component that is part of a	
		sustainable infrastructure project if the component is designed and implemented to achieve cost-	
		effective reductions in greenhouse gas emissions and includes specific emissions reduction	
		targets and metrics to evaluate the project's effect. This bill would additionally authorize moneys	
		in the fund to be allocated for an investment in a traffic signal synchronization component that is	
		part of a roadway improvement project requiring multiple signals, including, but not limited to,	
		multimodal redevelopment projects, rail trail projects, urban renewal projects, or a project near	
		transit facilities, if the component is designed and implemented to achieve cost-effective	
		reductions in greenhouse gas emissions and includes specific emissions reduction targets and	
		metrics to evaluate the project's effect. This bill contains other existing laws.

AB 96	In the Senate	Existing law creates various transit districts and prescribes requirements applicable to their labor	Watch
<u>Kalra</u> D	Appropriations	relations, including those that address the recognition and certification of exclusive employee	
	Committee.	representatives, unit determinations, and procedures for meeting and conferring on matters	
Public employment: local		subject to collective bargaining. Existing law establishes the Public Employment Relations Board	
public transit agencies:		(PERB) in state government as a means of resolving disputes and enforcing the statutory duties	
autonomous transit vehicle		and rights of specified public employers and employees under various acts regulating collective	
technology.		bargaining. Existing law includes within PERB's jurisdiction the resolution of disputes alleging	
		violation of rules and regulations adopted by a public agency, as defined, concerning unit	
		determinations, representations, recognition, and elections, as specified. Existing law authorizes	
		PERB to adopt rules and regulations to carry out its purposes, as provided. Existing law does not	
		apply the above provisions to employees of specified public transit agencies. This bill would	
		require a public transit employer, at least 10 months before beginning a procurement process to	
		acquire or deploy any autonomous transit vehicle technology for public transit services that	
		would eliminate job functions or jobs of a workforce, to provide written notice to the exclusive	
		employee representative of the workforce affected by the autonomous transit vehicle technology	
		of its determination to begin that procurement process. The bill would require the public transit	
		employer and exclusive employee representative, upon written request by the exclusive	
		employee representative, to commence collective bargaining within a specified time period on	
		certain subjects, including creating plans to train and prepare the affected workforce to fill new	
		positions created by the autonomous transit vehicle technology. The bill would vest PERB with	
		jurisdiction to process unfair practice charges alleging violations of these provisions, but only as	
		to transit district employers where PERB has jurisdiction to process unfair practice charges.	
		Should an employee organization file an unfair practice charge with PERB, the bill would require	
		PERB's powers and duties to apply, as appropriate, and would require PERB's regulations to	
		apply. The bill would authorize PERB to make additional emergency regulations, as specified.	

Bill ID/Topic	Location	Summary	Position
AB 102 Ting D Budget Act of 2023.	Signed by Governor Newsom.	The Budget Act of 2023 made appropriations for the support of state government for the 2023–24 fiscal year. This bill would amend the Budget Act of 2023 by amending, adding, and repealing items of appropriation and making other changes. This bill contains other related provisions.	Watch
AB 126 Reyes D Vehicular air pollution: Clean Transportation Program: vehicle registration and identification plate service fees: smog abatement fee: extension.	On the Senate Floor.	Existing law, until January 1, 2024, increases the smog abatement fee on certain vehicles by a specified amount and requires the revenues generated by the increase to be deposited in the Air Quality Improvement Fund and the Alternative and Renewable Fuel and Vehicle Technology Fund. Existing law, until January 1, 2024, increases vehicle registration fees and certain service fees for identification plates by specified amounts. Existing law requires the revenue generated by the increase in those fees to be deposited in the Alternative and Renewable Fuel and Vehicle Technology Fund and either the Air Quality Improvement Fund or the Enhanced Fleet Modernization Subaccount, as provided. This bill would extend the increases in those charges to July 1, 2035.	Watch

Existing law, until January 1, 2024, increases vehicle registration fees and certain service fees for identification plates by specified amounts. Existing law requires the revenue generated by the increase in those fees to be deposited in the Alternative and Renewable Fuel and Vehicle Technology Fund and either the Air Quality Improvement Fund or the Enhanced Fleet Modernization Subaccount, as provided. This bill would extend the increases in those charges to July 1, 2035. This bill contains other related provisions.	Watch

Bill ID/Topic	Location	Summary	Position
AB 316 Aguiar-Curry D Vehicles: autonomous	To the Governor.	Existing law authorizes the operation of an autonomous vehicle on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle operated if specified requirements are satisfied. Existing law prohibits the operation of an autonomous vehicle on public roads until the manufacturer submits an application to the Department of	Watch
vehicles.		Motor Vehicles, as specified, and that application is approved. This bill would require a manufacturer of an autonomous vehicle to report to the department a collision on a public road that involved one of its autonomous vehicles with a gross vehicle weight of 10,001 pounds or more that is operating under a testing permit that resulted in damage of property, bodily injury, or death within 10 days of the collision. This bill contains other related provisions.	
AB 400 Rubio, Blanca D Local agency design-build projects: authorization.	To the Governor.	Existing law authorizes a local agency, as defined, with approval of its governing body, to procure design-build contracts for public works projects in excess of \$1,000,000, awarding the contract either to the lowest bid or the best value. "Local agency" is defined, in part, for this purpose to include specified local and regional agencies responsible for the construction of transit projects, including any joint powers authority formed to provide transit service. Existing law, among other requirements for the design-build procurement process, requires specified information submitted by a design-build entity to be certified under penalty of perjury. These provisions authorizing the use of the design-build procurement process are repealed on January 1, 2025. This bill would delete from the definition of "local agency" any joint powers authority formed to provide transit services and would instead expand that definition to include any joint powers authority responsible for the construction of transit projects, thereby authorizing additional joint powers authorities to use the above-described design-build procurement process. The bill would extend the repeal date to January 1, 2031. By expanding the design-build authorization to additional joint powers authorities and by extending the design-build authorization, the bill would expand the crime of perjury, thereby imposing a state-mandated local program. This bill contains other related provisions and other existing laws.	Watch

Bill ID/Topic	Location	Summary	Position
AB 463	This bill is dead.	Existing law vests the Public Utilities Commission with regulatory authority over public utilities,	Supported
<u>Hart</u> D		including electrical corporations and gas corporations. Existing law requires the commission to	April 2023
		establish priorities among the types or categories of customers of every electrical corporation	
Electricity: prioritization of		and every gas corporation, and among the uses of electricity or gas by those customers, to	
service: public transit		determine which of those customers and uses provide the most important public benefits and	
vehicles.		serve the greatest public need, and to categorize all other customers and uses in order of	
		descending priority based on these standards. Existing law requires the commission, in	
		establishing those priorities, to consider, among other things, the economic, social, and other	
		effects of a temporary discontinuance in electrical or gas service to certain customers or for	
		certain uses, as specified. If an electrical or gas corporation experiences a shortage of capacity or	
		capability and is unable to meet all demands by its customers, existing law requires the	
		commission to order that service be temporarily reduced by an amount that reflects the	
		established priorities for the duration of the shortage. This bill would require the commission, in	
		establishing those priorities, to also consider the economic, social equity, and mobility impacts of	
		a temporary discontinuance in electrical service to the customers that rely on electrical service to	
		operate public transit vehicles. This bill contains other related provisions and other existing laws.	

Bill ID/Topic	Location	Summary	Position
AB 480	On the Senate	Existing law prescribes requirements for the disposal of surplus land by a local agency, as defined,	Watch
Ting D	Floor.	and requires, except as provided, a local agency disposing of surplus land to comply with certain notice requirements before disposing of the land or participating in negotiations to dispose of the	
Surplus land.		land with a prospective transferee, particularly that the local agency send a notice of availability to specified entities that have notified the Department of Housing and Community Development of their interest in surplus land, as specified. Under existing law, if the local agency receives a notice of interest, the local agency is required to engage in good faith negotiations with the entity desiring to purchase or lease the surplus land. This bill would define the term "dispose" to mean the sale of the surplus property or a lease of any surplus property entered into on or after January 1, 2024, for a term longer than 15 years, including renewal options, as specified. The bill would provide that "dispose" does not include entering a lease for surplus land on which no development or demolition will occur, regardless of the term of the lease. This bill contains other related provisions and other existing laws.	

Bill ID/Topic	Location	Summary	Position
AB 504 Reyes D State and local public employees: labor relations: disputes.	On the Senate Floor.	Existing law, the Meyers-Milias-Brown Act and the Ralph C. Dills Act, regulate the labor relations of employees and employers of local public agencies and the state, respectively. Those acts grant specified employees, including, among others, certain employees of fire departments, of local public agencies and the state the right to form, join, and participate in the activities of employee organizations of their choosing and require public agency employers, among other things, to meet and confer with representatives of recognized employee organizations and exclusive representatives on terms and conditions of employment. The acts grant the Public Employment Relations Board the power to hear specified disputes in relation to these provisions and to make determinations regarding them. This bill would provide, except as specified, that it is not unlawful or a cause for discipline or other adverse action against a public employee for that public employee to refuse to enter property that is the site of a primary strike, perform work for a public employer involved in a primary strike, or go through or work behind a primary strike line. The bill would prohibit a public employer from directing a public employees of these rights and	Watch
		encourage them to exercise those rights. The bill would also state that a provision in a public employer policy or collective bargaining agreement that purports to limit or waive the rights set forth in this provision shall be void against public policy, except that the bill would require the parties to negotiate over the bill's provisions if the bill is in conflict with a collective bargaining agreement entered into before January 1, 2024, as prescribed. The bill would exempt certain public employees of fire departments and certain peace officers from these provisions. The bill would include related legislative findings. This bill contains other existing laws.

AB 540 Wicks D Social Service Transportation Improvement Act: coordinated transportation services agencies.		The Social Service Transportation Improvement Act requires transportation planning agencies and county transportation commissions to prepare and adopt plans detailing required steps to consolidate social service transportation services, including the designation of consolidated transportation service agencies. The act requires funding for implementation to be provided from specified local transportation funds. This bill would require the coordination, rather than the consolidation, of social service transportation services under the act and would recharacterize consolidated transportation service agencies in the act as coordinated transportation service agencies. This bill would authorize a coordinated transportation service agency to review and comment on specified plans and projects relevant to its jurisdiction, and would require specified agencies to respond to the comments. This bill contains other related provisions and other existing laws.	Watch

Bill ID/Topic	Location	Summary	Position
AB 557	On the Assembly	(1)Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a	Supported
<u>Hart</u> D	Floor.	legislative body of a local agency, as those terms are defined, be open and public and that all	May 2023
		persons be permitted to attend and participate. The act contains specified provisions regarding	
Open meetings: local		providing for the ability of the public to observe and provide comment. The act allows for	
agencies: teleconferences.		meetings to occur via teleconferencing subject to certain requirements, particularly that the	
		legislative body notice each teleconference location of each member that will be participating in	
		the public meeting, that each teleconference location be accessible to the public, that members	
		of the public be allowed to address the legislative body at each teleconference location, that the	
		legislative body post an agenda at each teleconference location, and that at least a quorum of the	
		legislative body participate from locations within the boundaries of the local agency's jurisdiction.	
		The act provides an exemption to the jurisdictional requirement for health authorities, as	
		defined. Existing law, until January 1, 2024, authorizes the legislative body of a local agency to use	
		teleconferencing without complying with those specified teleconferencing requirements in	
		specified circumstances when a declared state of emergency is in effect. Those circumstances are	
		that (1) state or local officials have imposed or recommended measures to promote social	
		distancing, (2) the legislative body is meeting for the purpose of determining whether, as a result	
		of the emergency, meeting in person would present imminent risks to the health or safety of	
		attendees, or (3) the legislative body has previously made that determination. If there is a	
		continuing state of emergency, or if state or local officials have imposed or recommended	
		measures to promote social distancing, existing law requires a legislative body to make specified	
		findings not later than 30 days after the first teleconferenced meeting, and to make those	
		findings every 30 days thereafter, in order to continue to meet under these abbreviated	
		teleconferencing procedures. This bill would revise the authority of a legislative body to hold a	
		teleconference meeting under those abbreviated teleconferencing procedures when a declared	
		state of emergency is in effect. Specifically, the bill would extend indefinitely that authority in the	
		circumstances under which the legislative body either (1) meets for the purpose of determining	
		whether, as a result of the emergency, meeting in person would present imminent risks to the	
		health or safety of attendees, or (2) has previously made that determination. The bill would also	
		extend the period for a legislative body to make the above-described findings related to a	

Bill ID/Topic	Location	Summary	Position
		continuing state of emergency to not later than 45 days after the first teleconferenced meeting,	
		and every 45 days thereafter, in order to continue to meet under the abbreviated	
		teleconferencing procedures. This bill contains other related provisions and other existing laws.	
AB 610	This is a two-year	Existing law declares that the fostering, continuance, and development of public transportation	Watch
<u>Holden</u> D	bill.	systems are a matter of state concern. Existing law authorizes the Department of Transportation	
		to administer various programs and allocates moneys for various public transportation purposes.	
Youth Transit Pass Pilot		Upon the appropriation of moneys by the Legislature, this bill would create the Youth Transit Pass	
Program: Free Youth Transit		Pilot Program, administered by the department, for purposes of awarding grants to transit	
Passes.		agencies for the costs of creating, designing, developing, advertising, distributing, and	
		implementing free youth transit passes to persons attending certain educational institutions,	
		providing free transit service to holders of those passes, and administering and participating in	
		the program, as specified. The bill would authorize a transit agency to submit a grant application	
		in partnership with one or more educational institutions and would also authorize grant funds to	
		be used to maintain, subsidize, or expand an existing fare-free program, as provided. The bill	
		would authorize a transit agency with an existing fare-free program that enables a person 18	
		years of age or younger to use a transit agency's bus and rail services without paying any	
		additional fare or charge to submit an application without an educational institution partner, as	
		provided. The bill would require the department to submit a report to specified committees of	
		the Legislature on or before January 1, 2027, on, among other things, the outcomes of the	
		program and the funding conditions associated with offering free youth transit passes, the status	
		of transit pass programs statewide, and whether these provisions led to reductions in the	
		emissions of greenhouse gases and vehicle miles traveled, as provided. The bill would repeal its	
		provisions as of January 1, 2028. This bill contains other existing laws.	

Bill ID/Topic	Location	Summary	Position
AB 719	On the Assembly	Existing law establishes the Medi-Cal program, which is administered by the State Department of	Watch
<u>Boerner Horvath</u> D	Floor.	Health Care Services and under which qualified low-income individuals receive health care	
		services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program	
Medi-Cal benefits.		provisions. Existing law establishes a schedule of benefits under the Medi-Cal program, including	
		medical transportation and nonmedical transportation for a beneficiary to obtain covered Medi-	
		Cal services. Existing law requires nonmedical transportation to be provided by the beneficiary's	
		managed care plan or by the department for a Medi-Cal fee-for-service beneficiary. This bill would	
		require the department to require Medi-Cal managed care plans that are contracted to provide	
		nonmedical transportation or nonemergency medical transportation to contract with public	
		paratransit service operators who are enrolled Medi-Cal providers for the purpose of establishing	
		reimbursement rates for nonmedical and nonemergency medical transportation trips provided by	
		a public paratransit service operator. The bill would require the rates reimbursed by the managed	
		care plan to the public paratransit service operator to be based on the department's fee-for-	
		service rates for nonmedical and nonemergency medical transportation service, as specified. The	
		bill would condition implementation of these provisions on receipt of any necessary federal	
		approvals and the availability of federal financial participation.

AB 756 Papan D Department of Transportation: contaminated stormwater runoff: salmon and steelhead trout bearing surface waters.	This is a two-year bill.	Existing law vests the Department of Transportation with full possession and control of all state highways. This bill would require the department, in consultation with the State Water Resources Control Board, the Department of Toxic Substances Control, and the Department of Fish and Wildlife, to develop a programmatic environmental review process to prevent 6PPD and 6PPD-quinone from entering salmon and steelhead trout bearing surface waters of the state. The bill would require the department's 6PPD and 6PPD-quinone programmatic environmental review process to include, among other specified components, a pilot project at a particular highway crossing over the San Mateo Creek to study the effectiveness and cost effectiveness of installing and maintaining bioretention and biofiltration comparatively along department rights-of-way to eliminate the discharge of 6PPD and 6PPD-quinone into surface waters of the state, as specified. The bill would require, no later than December 31, 2026, the Director of Transportation to submit a report to the Legislature describing the department's strategy to eliminate the discharge of 6PPD and 6PPD-quinone by the department to all salmon and steelhead trout bearing surface waters of the state. This bill contains other related provisions.	Watch

AB 761 Friedman D Transit Transformation Task Force.	In the Senate Transportation Committee. This bill was folded in SB 125, and will not proceed as a standalone bill.	Existing law establishes the Transportation Agency, which consists of various departments and state entities, including the California Transportation Commission and the Department of Transportation. Under existing law, the agency is under the supervision of an executive officer known as the Secretary of Transportation, who is required to develop and report to the Governor on legislative, budgetary, and administrative programs to accomplish comprehensive, long-range, and coordinated planning and policy formulation in the matters of public interest related to the agency. Existing law provides for the funding of public transit, including under the Transportation Development Act. This bill would require the secretary, on or before July 1, 2024, to establish and convene the Transit Transformation Task Force to include representatives from the department, the Controller's office, various local agencies, academic institutions, nongovernmental organizations, and other stakeholders. The bill would require the task force to develop a structured, coordinated process for early engagement of all parties to develop policies to grow transit ridership and improve the transit experience for all users of those services. The bill would require the secretary, in consultation with the task force, to prepare and submit a report of findings based on the task force's efforts to the appropriate policy and fiscal committees of the Legislature on or before January 1, 2025. The bill would require the report to include a detailed analysis of specified issues and recommendations on specified topics. The provisions of the bill would be repealed on January 1, 2028. This bill contains other existing laws.	Watch

Abs 8.17 Pacheco D This is a two-year bill. Existing law, the Ralph M. Brown Act, requires, with specified exceptions, each legislative body of a local agency to provide notice of the time and place for its regular meetings and an agenda containing a brief general description of each item of business to be transacted. The act also requires that all meetings of a legislative body be open and public, and that all persons be permitted to attend unless a closed session is authorized. The act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Existing law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. Existing law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing in certain circumstances related to the particular member if at least a quorum of its members participate from a singular physical location that is open to the public and situated within the agency's jurisdiction and other requirements are met, including restrictions on remote participation by a member of the legislative body. This bill would authorize a subsidiary body, as defined, to use alternative teleconferencing provisions similar to the emergency provisions indefinitely and without regard to a state of mergency. In order to use teleconferencing provisions to the participation by the provisions indefinitely and without regard to a state of mergency. In order to use teleconferencing provisions to the provisions indefinitely and without regard	Bill ID/Topic	Location	Summary	Position
require the legislative body that established the subsidiary body by charter, ordinance, resolution, or other formal action to make specified findings by majority vote, before the subsidiary body uses teleconferencing for the first time and every 12 months thereafter. AB 819 Bryan D Crimes: public transportation: fare evasion.	To the Governor.	Existing law makes it a crime, punishable as an infraction and subsequently as a misdemeanor, for an adult to evade payment of a fare of a public transportation system, the misuse of a transfer, pass, ticket, or token with the intent to evade the payment of a fare, or the unauthorized use of a discount ticket, as specified. Under existing law, a 3rd or subsequent violation of fare evasion or other listed associated violations is a misdemeanor and punishable by a fine of up to \$400 or by imprisonment in a county jail for a period of not more than 90 days, or both. This bill would no longer categorize as a misdemeanor a 3rd or subsequent violation, by an adult, of evading the payment of a fare of a public transportation system, the misuse of a transfer, pass, ticket, or token with the intent to evade the payment of a fare, or the unauthorized use of a discount ticket, and would make a 3rd or subsequent violation punishable only by a fine of up to \$400.	Watch
AB 914 Friedman D Electrical infrastructure: California Environmental Quality Act: exemptions: review time period.	This is a two-year bill.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA requires each state agency to establish, by resolution or order, time limits for completing the environmental review of a project where the state agency is the lead agency for the project, as specified. This bill, until January 1, 2031, would require a state agency, acting as the lead agency, to complete its environmental review for an electrical infrastructure project and to approve or deny the project within 2 years of the submission and acceptance of a complete application for the issuance of a lease, permit, license, certificate, or other entitlement for use for electrical infrastructure to the state agency. If the state agency fails to meet this deadline, the bill would require the state agency to submit to the Legislature a report setting forth the reasons that the review could not be completed within the time period and identifying potential impacts to the electrical system that could result from the delay. This bill contains other existing laws.	Watch

AB 1374 Alvarez D Greenhouse Gas Reduction Fund: investment plan.	This is a two-year bill.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law requires the Department of Finance, in consultation with the state board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the fund. Existing law requires the investment plan to allocate, among other things, a minimum of 25% of the available moneys in the fund to projects located within, and benefiting individuals living in, disadvantaged communities and an additional minimum of 5% to projects that benefit low-income households or to projects located within, and benefiting individuals living in, low-income communities located anywhere in the state. This bill would increase those amounts from 25% to 50% and from 5% to 15%.	Watch
AB 1377 Friedman D Homeless Housing, Assistance, and Prevention Program: Round 3.	On the Assembly Floor.	Existing law establishes, among various other programs intended to address homelessness in this state, the Homeless Housing, Assistance, and Prevention program for the purpose of providing jurisdictions with one-time grant funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges informed by a best-practices framework focused on moving homeless individuals and families into permanent housing and supporting the efforts of those individuals and families to maintain their permanent housing. Existing law provides for the allocation of funding under the program among continuums of care, cities, counties, and tribes in 4 rounds, which are to be administered by the Interagency Council on Homelessness. This bill would require applications or planning materials for additional state funding appropriated on or after July 1, 2024, as specified, to include data and a narrative summary of specific and quantifiable steps that the applicant has taken to improve the delivery of housing and services to people experiencing homelessness or at risk of homelessness on transit facilities owned and operated by a transit agency, as defined.	Supported June 2023

AB 1379 Papan D Open meetings: local agencies: teleconferences.	This is a two-year bill.	Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body be open and public, and that all persons be permitted to attend unless a closed session is authorized. The act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Existing law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. This bill, with respect to those general provisions on teleconferencing, would require a legislative body electing to use teleconferencing to instead post agendas at a singular designated physical meeting location, as defined, rather than at all teleconference locations. The	Watch
		bill would remove the requirements for the legislative body of the local agency to identify each teleconference location in the notice and agenda, that each teleconference location be accessible to the public, and that at least a quorum of the members participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. The bill would instead provide that, for purposes of establishing a quorum of the legislative body, members of the body may participate remotely, at the designated physical location, or at both the designated physical meeting location and remotely. The bill would require the legislative body to have at least 2 meetings per year in which the legislative body's members are in person at a singular designated physical meeting location. This bill contains other existing laws.	

Bill ID/Topic	Location	Summary	Position
AB 1484	On the Senate	Existing law, the Meyers-Milias-Brown Act (act), authorizes local public employees, as defined, to	Watch
Zbur D	Floor.	form, join, and participate in the activities of employee organizations of their own choosing for	
		the purpose of representation on matters of labor relations. Existing law generally requires that	
Temporary public		the scope of representation under the act include all matters relating to employment conditions	
employees.		and employer-employee relations, while excepting the consideration of the merits, necessity, or	
		organization of any service or activity provided by law or executive order. Existing law states that	
		the Legislature finds and declares that the duties and responsibilities of local agency employer	
		representatives under the act are substantially similar to the duties and responsibilities required	
		under existing collective bargaining enforcement procedures and therefore the costs incurred by	
		the local agency employer representatives in performing those duties and responsibilities under	
		that act are not reimbursable as state-mandated costs. This bill would impose specified	
		requirements with respect to the temporary employees, as defined, of a public employer who	
		have been hired to perform the same or similar type of work that is performed by permanent	
		employees represented by a recognized employee organization, subject to limited exceptions. In	
		this regard the bill would require those temporary employees to be automatically included in the	
		same bargaining unit as the permanent employees if the requested classification of temporary	
		employees is not presently within the unit. The bill would further require the public employer to	
		promptly participate in collective bargaining to establish certain employment conditions for the	
		newly added temporary employees if the parties' current memorandum of understanding does	
		not address them, as specified. The bill would also require a public employer to, upon hire,	
		provide each temporary employee with their job description, wage rates, and eligibility for	
		benefits, anticipated length of employment, and procedures to apply for open, permanent	
		positions. By imposing new duties on local agencies that employ temporary employees, the bill	
		would impose a state-mandated local program. The bill would require complaints alleging a	
		violation of its provisions to be processed as unfair practice charges under the act. The bill would	
		additionally include the same findings and declarations as set forth above. This bill contains other	
		related provisions and other existing laws.	

Bill ID/Topic	Location	Summary	Position
AB 1525	This bill is dead.	Existing law establishes within state government the Transportation Agency, which consists of the	Watch
Bonta D		Department of the California Highway Patrol, the California Transportation Commission, the	
		Department of Motor Vehicles, the Department of Transportation, the High-Speed Rail Authority,	
Transportation projects:		and the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun. The	
priority populations.		lagency is under the supervision of the Secretary of Transportation, who has the power of general	
		supervision over each department within the agency. The secretary, among other duties, is	
		charged with developing and reporting to the Governor on legislative, budgetary, and	
		administrative programs to accomplish coordinated planning and policy formulation in matters of	
		public interest, including transportation projects. This bill would require the agency, the	
		Department of Transportation, and the California Transportation Commission, on or before July 1,	
		2025, to jointly develop and adopt criteria and an evaluation process for purposes of jointly	
		levaluating each agency, Department of Transportation, or California Transportation Commission	
		project, as defined, to, among other things, determine if the project would be located in a priority	
		population, address an important need of a priority population, and provide a direct, meaningful,	
		and assured benefit to a priority population, as specified. The bill would require the agency, the	
		Department of Transportation, and the California Transportation Commission, on and after July 1,	
		2025, to jointly evaluate all new proposed projects by the criteria, and, on or before July 1, 2026,	
		and annually thereafter, to jointly submit a report to the Legislature that evaluates how projects	
		funded during the prior year impacted priority populations, as specified. The bill would require	
		the agency, the California Transportation Commission, and the Department of Transportation, on	
		or before July 1, 2026, and triennially thereafter, to jointly establish a percentage, of at least 60%,	
		of moneys allocated for agency, Department of Transportation, or California Transportation	
		Commission projects, excluding administrative costs, to be allocated for projects that are located	
		in priority populations, address an important need of priority populations, and provide at least 5	
		direct, meaningful, and assured benefits, or additional co-benefits, to priority populations, and	
		would require those entities to allocate moneys consistent with that established percentage.	

Bill ID/Topic	Location	Summary	Position
AB 1550 Bennett D Green hydrogen.	This is a two-year bill.	Existing law requires the State Air Resources Board to develop and adopt hydrogen fuel regulations to ensure that state funding for the production and use of hydrogen fuel contributes to the reduction of greenhouse gas emissions, criteria air pollutant emissions, and toxic air contaminant emissions, including by requiring that, on a statewide basis, no less than 33.3% of the hydrogen produced for, or dispensed by, fueling stations that receive state funds be made from eligible renewable energy resources, as specified. Under existing law, a violation of those regulations, and other provisions pertaining to motor vehicle fuels, is a crime. This bill would require, on and after January 1, 2045, that all hydrogen produced and used in California for the generation of electricity or fueling of vehicles be green hydrogen, as defined, in furtherance of the state's policy to achieve net zero greenhouse gas emissions as soon as possible, but no later than 2045. The bill would require the state board, in consultation with the Public Utilities Commission and the State Energy Resources Conservation and Development Commission, to develop interim targets to ensure the state achieves that requirement. Because a violation of a state board regulation implementing this requirement would be a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	Watch
AB 1637 Irwin D Local government: internet websites and email addresses.	On the Senate Floor.	The California Constitution authorizes cities and counties to make and enforce within their limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws and further authorizes cities organized under a charter to make and enforce all ordinances and regulations in respect to municipal affairs, which supersede inconsistent general laws. This bill, no later than January 1, 2029, would require a local agency, as defined, that maintains an internet website for use by the public to ensure that the internet website utilizes a ".gov" top-level domain or a ".ca.gov" second-level domain and would require a local agency that maintains an internet website that is noncompliant with that requirement to redirect that internet website to a domain name that does utilize a ".gov" or ".ca.gov" domain. This bill, no later than January 1, 2029, would also require a local agency that maintains public email addresses to ensure that each email address provided to its employees utilizes a ".gov" domain name or a ".ca.gov" domain name. By adding to the duties of local officials, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	Watch

Local government financing: affordable housing and public infrastructure: voter approval.		special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, city and county, or special district, as applicable, and the proposition includes specified accountability requirements. The measure would specify that these provisions apply to any city, county, city and county, or special district measure imposing an ad valorem tax to pay the interest and redemption charges on bonded indebtedness for these purposes that is submitted at the same election as this measure. This bill contains other related provisions and other existing laws.	
SB 5 Nguyen R Motor Vehicle Fuel Tax Law: limitation on adjustment.	This bill is dead.	Existing law, the Motor Vehicle Fuel Tax Law, administered by the California Department of Tax and Fee Administration, imposes a tax upon each gallon of motor vehicle fuel removed from a refinery or terminal rack in this state, entered into this state, or sold in this state, at a specified rate per gallon. Existing law requires the department to annually adjust the tax imposed by increasing the rates based on the California Consumer Price Index, as specified. This bill would limit the above-described annual adjustment to a maximum of 2% for rate adjustments made on or after July 1, 2023. This bill contains other related provisions.	Watch

Bill ID/Topic	Location	Summary	Position
SB 12 Stern D California Global Warming Solutions Act of 2006: emissions limit.	This bill is dead.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. Under the act, the state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by no later than December 31, 2030. Under the act, a violation of a rule, regulation, order, emission limitation, emission reduction measure, or other measure adopted by the state board under the act is a crime. This bill instead would require the state board to ensure that statewide greenhouse gas emissions are reduced to at least 55% below the 1990 level by no later than December 31, 2030. By expanding the scope of a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	Watch
Jones R Motor vehicle fuel tax: greenhouse gas reduction programs: suspension.	This bill is dead.	The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt rules and regulations to achieve the maximum technologically feasible and cost-effective greenhouse gas emissions reductions to ensure that the statewide greenhouse gas emissions are reduced to at least 40% below the statewide greenhouse gas emissions limit, as defined, no later than December 31, 2030. Pursuant to the act, the state board has adopted the Low Carbon Fuel Standard regulations. The act authorizes the state board to include in its regulation of those emissions the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund. This bill would suspend the Low Carbon Fuel Standard regulations for one year. The bill would also exempt suppliers of transportation fuels from regulations for the use of market-based compliance mechanisms for one year. This bill contains other related provisions and other existing laws.	Watch

		the San Francisco Bay Conservation and Development Commission, as defined, to develop a sea	
		level rise plan as part of either a local coastal program, as defined, that is subject to approval by	
		the California Coastal Commission, or a subregional San Francisco Bay shoreline resiliency plan	
		that is subject to approval by the San Francisco Bay Conservation and Development Commission,	
		as applicable, on or before January 1, 2034, as provided. By imposing additional requirements on	
		local governments, the bill would impose a state-mandated local program. The bill would require	
		local governments that receive approval for a sea level rise plan to be prioritized for funding,	
		upon appropriation by the Legislature, for the implementation of sea level rise adaptation	
		strategies and recommended projects in the local government's approved sea level rise plan. The	
		bill would require, on or before December 31, 2024, the California Coastal Commission, in close	
		coordination with the Ocean Protection Council and the California Sea Level Rise State and	
		Regional Support Collaborative, to establish guidelines for the preparation of the sea level rise	
		plan. The bill would also require, on or before December 31, 2024, the San Francisco Bay	
		Conservation and Development Commission, in close coordination with the California Coastal	
		Commission, the Ocean Protection Council, and the California Sea Level Rise State and Regional	
		Support Collaborative, to establish guidelines for the preparation of the sea level rise plan. The	
		bill would make the operation of its provisions contingent upon an appropriation for its purposes	
		by the Legislature in the annual Budget Act or another statute. This bill contains other related	
		provisions and other existing laws.	

Bill ID/Topic	Location	Summary	Position
	Floor.	Existing law vests the Public Utilities Commission (PUC) with regulatory authority over public utilities, including electrical corporations. Existing law requires the State Energy Resources Conservation and Development Commission (Energy Commission), in collaboration with the State Air Resources Board, the PUC, and other relevant stakeholders, to annually gather from state agencies, as provided, specified entities' fleet data for on-road and off-road vehicles in the medium- and heavy-duty sectors and share that data with electrical corporations to help inform electrical grid planning efforts, as specified. Existing law requires electrical corporations, as part of their distribution planning processes, to consider that produced fleet data, and other available data, to facilitate the readiness of their distribution systems to support the state's anticipated level of electric vehicle charging, as specified. This bill, the Powering Up Californians Act, would require the PUC to establish, on or before September 30, 2024, reasonable average and maximum target energization time periods, as defined, certain reporting requirements so that electrical corporation performance can be tracked and improved, and a procedure for customers to report energization delays to the PUC, as provided. The bill would require the PUC to require the electrical corporation to take any remedial actions necessary to achieve the PUC's targets and would require all reports to be publicly available, among other reporting requirements. This bill contains other related provisions and other existing laws.

		permitted to attend and participate. The act generally requires for teleconferencing that the	
Open meetings:		legislative body of a local agency that elects to use teleconferencing post agendas at all	
teleconferences:		teleconference locations, identify each teleconference location in the notice and agenda of the	
neighborhood councils.		meeting or proceeding, and have each teleconference location be accessible to the public.	
		Existing law also requires that, during the teleconference, at least a quorum of the members of	
		the legislative body participate from locations within the boundaries of the territory over which	
		the local agency exercises jurisdiction. The act provides an exemption to the jurisdictional	
		requirement for health authorities, as defined. This bill, until January 1, 2026, would authorize an	
		eligible legislative body to use alternate teleconferencing provisions related to notice, agenda,	
		and public participation, as prescribed, if the city council has adopted an authorizing resolution	
		and 2/3 of an eligible legislative body votes to use the alternate teleconferencing provisions. The	
		bill would define "eligible legislative body" for this purpose to mean a neighborhood council that	
		is an advisory body with the purpose to promote more citizen participation in government and	
		make government more responsive to local needs that is established pursuant to the charter of a	
		city with a population of more than 3,000,000 people that is subject to the act. The bill would	
		require an eligible legislative body authorized under the bill to provide publicly accessible physical	
		locations for public participation, as prescribed. The bill would also require that at least a quorum	
		of the members of the neighborhood council participate from locations within the boundaries of	
		the city in which the neighborhood council is established. The bill would require that, at least	
		once per year, at least a quorum of the members of the eligible legislative body participate in	
		person from a singular physical location that is open to the public and within the boundaries of	
		the eligible legislative body. This bill contains other related provisions and other existing laws.

		other related responsibilities. Existing law creates the Bay Area Toll Authority (BATA) as a	
San Francisco Bay area toll		separate entity governed by the same governing board as MTC and makes BATA responsible for	
bridges: toll increase: transit		the administration of toll revenues from the state-owned toll bridges in the San Francisco Bay	
operating expenses.		area. Existing law requires the Department of Transportation to collect tolls on these state-owned	
		toll bridges. Existing law requires those toll revenues to be deposited in the Bay Area Toll Account	
		and requires BATA to control and maintain that account, as specified. This bill would, until	
		December 31, 2028, require BATA to increase the toll rate for vehicles for crossing the state-	
		owned toll bridges in the San Francisco Bay area by \$1.50, as adjusted for inflation. The bill would	
		require the revenues collected from this toll to be deposited in the Bay Area Toll Account, would	
		continuously appropriate moneys from this toll increase and other specified tolls, and would	
		require moneys from this toll to be transferred to MTC for allocation to transit operators that	
		provide service within the San Francisco Bay area and that are experiencing a financial shortfall,	
		as specified. The bill would direct MTC to require each transit operator eligible to receive an	
		allocation from the account to, on an annual basis, submit a 5-year projection of its operating	
		needs, as specified. To the extent this bill would mandate that MTC or a transit operator provide	
		a new program or higher level of service, the bill would impose a state-mandated local program.	

Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. The act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Existing law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. Existing law, until January 1, 2024, authorizes the legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency or in other situations related to public health that exempt a legislative body

legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed	
state of emergency or in other situations related to public health that exempt a legislative body	
from the general requirements (emergency provisions) and impose different requirements for	
notice, agenda, and public participation, as prescribed. The emergency provisions specify that	
they do not require a legislative body to provide a physical location from which the public may	
attend or comment. Existing law, until January 1, 2026, authorizes the legislative body of a local	
agency to use alternative teleconferencing in certain circumstances related to the particular	
member if at least a quorum of its members participate from a singular physical location that is	
open to the public and situated within the agency's jurisdiction and other requirements are met,	
including restrictions on remote participation by a member of the legislative body. These	
circumstances include if a member shows "just cause," including for a childcare or caregiving	
need of a relative that requires the member to participate remotely. This bill would expand the	
circumstances of "just cause" to apply to the situation in which an immunocompromised child,	
parent, grandparent, or other specified relative requires the member to participate remotely.	
This bill contains other related provisions and other existing laws.	

Bill ID/Topic	Location	Summary	Position
SB 747	On the Assembly	Existing law prescribes requirements for the disposal of surplus land by a local agency. Existing	Watch
<u>Caballero</u> D	Floor.	law defines terms for these purposes. Existing law defines "surplus land" to generally mean land	
		owned in fee simple by a local agency for which the local agency's governing body takes formal	
Land use: economic		action in a public meeting declaring that the land is surplus and not necessary for the agency's	
development: surplus land.		use. Existing law defines "agency's use" to include land that is being used, is planned to be used	
		pursuant to a written plan adopted by the local agency's governing board, or is disposed of to	
		support agency work or operations. Existing law excludes from "agency's use" commercial or	
		industrial uses or activities, or property disposed of for the sole purpose of investment or	
		generation of revenue, unless the local agency is a district, except as specified, and the agency's	
		governing body takes specified actions in a public meeting. Existing law excludes from these	
		requirements the disposal of exempt surplus land by an agency of the state or any local	
		government. Existing law requires a local agency to declare land as either surplus land or exempt	
		surplus land, as supported by written findings, before a local agency may take any action to	
		dispose of it. Under existing law, exempt surplus land includes, among other types of land,	
		property that is used by a district for an "agency's use" as expressly authorized, land for specified	
		developments, including a mixed-use development, if put out to open, competitive bid by a local	
		agency, as specified, and surplus land that is subject to specified valid legal restrictions. This bill	
		would define the term "dispose" for these purposes to mean the sale of the surplus property or a	
		lease of any surplus property entered into on or after January 1, 2024, for a term longer than 15	
		years, including renewal options, as specified. The bill would provide that "dispose" does not	
		include entering a lease for surplus land on which no development or demolition will occur,	
		regardless of the term of the lease. The bill would also redefine the term "agency's use" to	
		include property owned by a port that is used to support logistics uses, sites for broadband	
		equipment or wireless facilities, and waste disposal sites. This bill contains other related	
		provisions and other existing laws.	

Bill ID/Topic	Location	Summary	Position
	Signed by Governor Newsom.	Existing law requires operators of refineries in the state that produce gasoline meeting California specifications, within 30 days of the end of each calendar month, to submit a report to the State Energy Resources Conservation and Development Commission containing certain information regarding its refining activities related to the production of gasoline in that month. Existing law requires the commission to notify a refiner that has failed to timely provide the required information and imposes a civil penalty on the refiner that fails to submit the required information within 5 days of being notified of the failure. This bill would establish a maximum gross gasoline refining margin at an unspecified amount per gallon and would authorize the commission to annually adjust the maximum gross gasoline refining margin, as provided. The bill would authorize the commission to petition the court to enjoin a refiner from exceeding the maximum gross gasoline refining margin. The bill would also authorize the commission to assess an administrative civil penalty on a refiner for exceeding the maximum gross gasoline refining margin, as provided. The bill would authorize the commission to grant a refiner's request for an exemption from the maximum gross gasoline refining margin upon a showing by the refiner of reasonable cause, and to subject the refiner to alternative maximum margins or other conditions set by the commission. The bill would require a refiner seeking an exemption to file a statement under the penalty of perjury setting forth the basis of the request for exemption. By requiring the statement to be filed under the penalty of perjury, this bill would expand the scope of the crime of perjury, thereby imposing a state-mandated local program. The bill would require the penalties collected to be deposited into the Price Gouging Penalty Fund, which the bill would create in the State Treasury. The bill would require moneys in the fund, upon appropriation by the Legislature, to be returned, as refunds, to residents o	

San Mateo County Transit District Staff Report

To: Board of Directors

Through: April Chan, General Manager/CEO

From: Joan Cassman, Legal Counsel

Subject: Amendment of Settlement Authority Policy for General Liability, Employment,

and Workers' Compensation Claims

Action

Staff recommends the Board of Directors (Board) of the San Mateo County Transit District (District) amend the District's Settlement Authority Policy for General Liability, Employment and Workers' Compensation Claims (Policy) to:

- 1. Clarify authority to settle claims, counter-claims and lawsuits filed by the District against third parties;
- 2. Establish exceptions for claims against the District that also name the General Manager/CEO, Chief Financial Officer or Legal Counsel; and
- 3. Remove references to claims filed against the other agencies managed and staffed by the District that recently adopted claims settlement policies of their own.

Significance

With recent changes to the governance of the Peninsula Corridor Joint Powers Board (JPB), including the appointment of the JPB's first independent Executive Director, and additional staff responsibilities performed on behalf of the San Mateo County Transportation Authority (TA) by District personnel for the San Mateo County Express Lanes Joint Powers Authority (SMCEL-JPA), staff recommended that each agency's board of directors adopt its own policy governing settlement authority for claims and lawsuits to increase transparency, eliminate any confusion that may be caused by the absence of separately-adopted policies, and permit the efficient and expeditious resolution of claims and litigation for each agency; and

The JPB adopted its new policy in June 2023, followed by the TA and SMCEL-JPA in September. The policies established for the JPB, TA and SMCEL-JPA:

- address General Liability claims but not Employment or Workers' Compensation because the District provides the staff resources for the JPB and TA, as well as certain SMCEL-JPA functions;
- include escalating levels of delegated authority at the staff level for settlement of claims and lawsuits up to \$100,000 that generally are consistent with the District's current delegated levels of authority that have been in place since 2019;

- include new specific authority for settlement of claims filed by (rather than only against) each agency; and
- provide a new exception for claims against each agency that also name the Executive Director or Executive Council, Chief Financial Officer and Legal Counsel.

Amending the District's Policy, with the changes shown in Attachment A, would create policy consistency for settlement of General Liability claims across all agencies managed and staffed by the District.

Budget Impact

The proposed Policy amendment may create efficiencies in the handling of claims filed by the District. No other elements of the proposed amendment will have any budget impact.

Background

The District Board of Directors has a long history of delegating authority for the settlement of claims and lawsuits against the District.

For general liability claims, the Board first delegated to staff certain levels of settlement authority in 1983, pursuant to Resolution No. 1983-39, with limits of \$5,000 for the District's third-party claims administrator and \$25,000 for a committee including the General Manager, Risk Manager, General Counsel, Chief Financial Officer and a member of the Board. In 2001, by Resolution No. 2001-28, the policy changed to allow the Risk Manager, after review by General Counsel, to settle claims up to \$25,000 and the General Manager, upon recommendation of the Risk Manager and General Counsel, to settle claims up to \$50,000. The policy was revised again in 2010, pursuant to Resolution No. 2010-47, to reflect then-current titles and changes to the District's organizational structure.

In 2003, the Board of Director's established the District's first policy for settlement of employment-related and workers' compensation claims, with limits generally consistent with those previously established for general liability claims as specified above. Under Resolution 2003-19, the Director of Human Resources was authorized to settle claims up to \$10,000; the Deputy CEO (Finance and Administration), after review by General Counsel, was authorized to settle claims up to \$25,000; and the General Manager/CEO, upon recommendation by the Deputy CEO (Finance and Administration) and General Counsel, was authorized to settle claims up to \$50,000. This policy also was revised in 2010, by Resolution 2010-48, to reflect then-current titles.

In 2019, by Resolution No. 2019-3, the Board adopted the District's first Policy condensing staff's settlement authority for general liability claims and employment and workers' compensation claims into one document, and increasing that authority to the current \$100,000 threshold. This Policy also expressly covered staff's performance of duties on behalf of the JPB and the TA.

Prepared By: Shayna van Hoften Legal Counsel 415-995-5880

Resolution No. 2023 -

Board of Directors, San Mateo County Transit District State of California

* * *

Amending the Settlement Authority Policy for General Liability, Employment, and Workers'
Compensation Claims

Whereas, pursuant to Resolution No. 1983-9, the Board of Directors (Board) established a Settlement Authority Policy for General Liability Claims (Liability Claims Policy) for the San Mateo County Transit District (District), under which staff was authorized to settle claims up to \$25,000; and

Whereas, pursuant to Resolution No. 2001-28, the Board amended the Liability Claims Policy to allow staff to settle claims of up to \$50,000; and

Whereas, pursuant to Resolution No. 2003-19, the Board established a separate policy for Settlement Authority for Employment Claims (Employment Claims Policy) for the District, under which staff was authorized to settle discrimination, harassment and other employment-related claims, as well as workers' compensation claims, of up to \$50,000; and

Whereas, the Board revised both the Liability Claims Policy and the Employment Claims Policy pursuant to Resolutions No. 2010-47 and 2010-48, respectively, to reflect changes to titles and roles within the District following a staff reorganization, but made no adjustments to the levels of settlement authority included in the two policies; and

Whereas, pursuant to Resolution No. 2019-3, the Board repealed and replaced the separate Liability and Employment Claims Policies with an amended and consolidated Settlement Authority Policy for General Liability, Employment and Workers' Compensation

Claims (Settlement Authority Policy), increased the settlement limit to \$100,000, and confirmed that the Settlement Authority Policy established the framework for the District's management of claims and actions filed against the Peninsula Corridor Joint Powers Board (JPB) and the San Mateo County Transportation Authority (TA); and

Whereas, with recent changes to JPB governance, and additional District/TA staff responsibilities for the San Mateo County Express Lanes Joint Powers Authority (SMCEL-JPA), staff recommended that each agency's Board of Directors adopt its own policy to increase transparency, eliminate any confusion that may be caused by the absence of separately-adopted policies, and permit the efficient and expeditious resolution of claims and litigation for each agency; and

Whereas, in June 2023, the JPB Board of Directors adopted its own updated policy for settlement of General Liability claims and lawsuits filed against the agency, delegating certain authority to the JPB's first independent Executive Director, clarifying that the delegation of authority applies to claims and lawsuits filed by (rather than just against) the JPB, and establishing exceptions for claims and lawsuits naming the Executive Director, Chief Financial Officer or Legal Counsel; and

Whereas, in September 2023, the Boards of Directors of the TA and SMCEL-JPA each adopted their own similar policies establishing separate delegations of authority for the settlement of General Liability claims and lawsuits; and

Whereas, to clarify roles and responsibilities, and for consistency with the actions of the other agencies administered in full or in part by the District, the General Manager/CEO recommends that the Board update the Settlement Authority Policy to:

- Clarify staff's authority to settlement claims, counter-claims and lawsuits filed by the
 District against third parties;
- Establish exceptions for claims against the District that also name the General
 Manager/CEO, Chief Financial Officer or Legal Counsel; and
- Remove references to claims filed against the other agencies managed by the
 District that recently adopted claims settlement policies of their own.

Now, Therefore, Be It Resolved that the Board of Directors of the San Mateo County

Transit District hereby amends the Settlement Authority Policy for General Liability,

Employment and Workers' Compensation Claims, attached as Attachment A and incorporated herein as if set forth in full; and

Be It Further Resolved that the General Manager/CEO is authorized to take any actions necessary to give effect to this resolution.

	Regularly passed and adopted	his 4th day of October, 2023 by the following vote:
	Ayes:	
	Noes:	
	Absent:	
		Chair, San Mateo County Transit District
Attest	:	
Distric	t Secretary	

Attachment A: Proposed Draft Policy

San Mateo County Transit District

Settlement Authority Policy for General Liability, Employment

and Workers' Compensation Claims

This policy establishes the settlement authorities vested in staff and consultants of the San Mateo County Transit District (District) in settling (a) general liability claims; (b) discrimination, harassment and other employment-related claims; and (c) workers' compensation claims—; and (d) claims, counter-claims or law-suits filed by the District.

- 1. The District's third-party claims administrator, with oversight by the Insurance & Claims Administrator, is authorized to settle general liability claims and actions up to \$5,000 and authorize payment of same;
- 2. The Insurance & Claims Administrator is authorized to settle general liability claims and actions up to \$10,000 and authorize payment of same;
- 3. The Chief Financial Officer, after review by General Counsel, is authorized to settle general liability claims and actions between \$10,001 and \$25,000 and authorize payment of same;
- 4. The Deputy General Manager, after review by General Counsel, is authorized to settle employment and workers' compensation claims and actions up to \$25,000, and authorize payment of same;
- 5. The General Manager/CEO, upon recommendation by the Chief Financial Officer and General Counsel, is authorized to settle general liability claims and actions between \$25,001 and \$100,000, and authorize payment of same;
- 6. The General Manager/CEO, upon recommendation by the Deputy General Manager and General Counsel, is authorized to settle employment and workers' compensation claims and actions between \$25,001 and \$100,000 and authorize payment of same; and
- 7. The General Manager/CEO, with the concurrence of the CFO and General Counsel, is authorized to compromise any claims the District has against other parties with estimated damages of \$100,000 or less, and to accept payment of same; and

8. Only the District Board of Directors, upon recommendation by the General Manager/CEO, may approve settlements in excess of \$100,000 against and authorize payment of same; and is authorized to approve (a) any settlement in excess of \$100,000, (b) settlement of a claim that names the General Manager/CEO, CFO or General Counsel, and (c) the compromise of a claim the District has against another party in excess of \$100,000.

This policy also establishes the settlement authority framework that guides the District's management of the specified types of claims and actions filed against the Peninsula Corridor Joint Powers Board and the San Mateo County Transportation Authority.
