Zero emissions. Full fleet.

From Hitachi America, LTD

The future of mass transit is electric—and it's happening now. As cities and transit agencies scale up from pilot programs to full-fleet electrification, Hitachi Energy is leading the charge. With cutting-edge technology and a deep commitment to sustainability, we're helping transit systems around the world move people—without moving the needle on emissions.

**Please send to: Please send to: Board@samtrans.com -
Salandananj@smtrans.com and Simon Oh - OhS@samtrans.com**

Husni Zaro drives 295 route(s) from Redwood City to San Mateo and back.

Possibly (he and #454 Carl) are the two best bus operators I have ever experienced.

By the way, Bus 635 - the three disabled seats directly behind the driver would be better served if it was fitted with THREE overhead Hand straps. When sitting, attempting to rise from a seated position, these hand straps are used for leverage to pull ones-self UP.

**Regards
Mike Chanteloup**

Sent via Joe Goethals Law Firm

On Wed Sept 24 I missed the early school dismissal but route 60 out to Redwood Shores and made it worse by, without looking, boarding the 61 bus.

This bus was already at #342004 for 20 minutes OUT OF SERVICE. On that specific subject if a 61 spends its break time in the red zone, waiting for 24 minutes after the hour to arrive, he, she makes it difficult for other buses to pull into the curbs redzone. M-TU-TH-FR, he does not allow the route 295 or 60 to pull in and they both have to let off passengers in the middle of live traffic and pick up from the middle lane of live traffic.

Regarding the 60 route on yesterday Wednesday

The first bus should be 60 feet long. The 40-footer is inadequate because after a few stops, the stop at Dartmouth and San Carlos **Ave took on 40-75 kids AT ONE TIME.**

The driver had to tell the kids to "**Just Board" vs pay.** The kids were eventually 'hanging from the rafters, literally' and running back and forth from the front of the bus to the back of the bus.

PLEASE PULL THE TAPE AND WATCH FROM START TO END.

This was wed, middle of the noon and one o'clock hour.

Again - SWITCH THE second #61 bus which is 60 feet long and make the first 61 pick up at Belmont Library a 60-foot bus, not a 40-foot bus.
