PWC-100 Information Form Updated August 2025

Business Name	Business Email	PWCR

Labor Code 1773.3 - (a)(1)"An awarding agency shall provide Notice to the Department of Industrial Relations of any public works contract...within 30 days of the award, but in no event later than the first day in which a contractor has workers employed upon the public work."

(c)(1) An awarding agency that fails to provide notice required by subdivision (a) or that enters into a contract with or permits an unregistered contractor or subcontractor to engage in the performance of any public work in violation of Section 1771.1, shall, in addition to any other sanction or penalty authorized by law, be subject to a civil penalty of one hundred dollars (\$100) for each day in violation of either requirement, not to exceed an aggregate penalty of ten thousand dollars (\$10,000) for each project.

(d) An awarding agency shall withhold final payment due to the contractor until at least 30 days after all of the required information in paragraph (2) of subdivision (a) has been submitted, including, but not limited to, providing a complete list of all subcontractors. If an awarding agency makes a final payment to a contractor after that time and an unregistered contractor or subcontractor is found to have worked on the project, the awarding agency shall be subject to a civil penalty assessed by the Labor Commissioner of one hundred dollars (\$100) for each full calendar day of noncompliance, for a period of up to 100 days, for each unregistered contractor or subcontractor.

(i) This section shall apply only if the public works contract is for a project of greater than twenty-five thousand dollars (\$25,000) when the project is for construction, alteration, demolition, installation, or repair work or if the public works contract is for a project of greater than fifteen thousand dollars (\$15,000) when the project is for maintenance work.
