Motion/Second: Adler/Baker

Ayes: Adler, Baker, Chang, Finch, Ganner, Mangiafico, Rabinovich, Seibert, Madrid

Noes: None

Absent: Estalilla, Mautner

6. Presentation: Ride Plus Service Evaluation

Kate Christopherson, Planning Administrator, provided the presentation that included East Palo Alto (EPA) and Half Moon Bay (HMB) ridership trends and the following:

- EPA strongest markets are schools not served by SamTrans school-orientated routes and cross-freeway trips
- HMB ridership consistent all-day around worker and tourist ridership base
- Rider feedback: 88 percent satisfied with service; support expending service hours and service areas
- Most goals met: expand mobility, ensure high quality service, advance equity; working on provide efficient and sustainable service; opportunities to increase ridership and trip pooling

The Committee members had a robust discussion and staff provided further clarification in response to the Committee comments and questions, which included the following:

- High morning demand by workers traveling to jobs
- Ride Plus accessibility for wheelchair users; every service area has at least one van that is accessible; riders can add to profile in app or request when booking
- Staff exploring EPA demand levels for fixed-route service; school service complicated by school's different bell schedules
- Possibility to replace underperforming fixed-route levels with microtransit service
- Clipper 2 rider data on transfer from Ride Plus to fixed routes
- Average wait time once ride is requested is approximately 20 minutes
- Rider age data: survey asked but many respondents did not answer
- Ride Plus adjusting existing zones for possible expansions
- No bike racks currently on vehicles and no bikes allowed in vehicles; currently no demand for bikes; staff is looking into configurations that support bike riders
- Rider age minimum is 11 without a guardian; under age 11 can ride as long as with a guardian; persons need to be able to get on and off the vehicle by themselves

7. Report of the Chair – There was no report.

8. SamTrans Staff Update

Ms. Rivas reviewed the report that included the following:

- Ridership average weekday ridership increased 3.2 percent
- Total monthly ridership increased 0.4 percent
- Microtransit service average weekday ridership increased 2.7 percent; total ridership increased 13.9 percent
- Youth unlimited pass program increased 4.3 percent
- Key Performance Indicators: On-Time Performance was 81.3 percent; Did Not Operate (DNOs) was 10; 13 preventable accidents
- Safety Campaign: Making Space to Keep You Safe

- Employee of the month recognitions

Ms. Lumina-Hsu noted the following:

- Upcoming terms expire April 30, 2026. New term runs May 1, 2026 through April 30, 2029
- One member terming out and not eligible for reappointment representing Bus Riders
- Three members eligible for reappointment representing Multimodal Riders, Bus Riders, and Community
- Four current vacancies:
 - Two representing Multimodal Riders (one is partial term ending in 2027; one full term ending 2029)
 - Two representing Community (both partial terms ending in 2027)
- Applications are available on public website and applications accepted on-going basis; current batch through end of January 2026
- Anticipate interviews via Zoom in February and March 2026
- Anticipate San Mateo County Transit District (SamTrans) Board of Directors April 2026 meeting for CAC appointments and reappointment
- Additional information will be posted to the website or contact CAC Secretary

The Committee members had a discussion and staff provided further clarification the District Secretary's Office is available via phone at 650-508-6466 to answer questions regarding CAC membership.

Ms. Rivas stated the field trip will be to North Base to showcase the new construction, hydrogen charging stations, and upcoming plans. CAC members will meet at SamTrans headquarters departing at 6:30 pm and will return at 8:30 pm. Coordinate with staff for those members who want to meet at the base.

9. CAC Member Comments / Requests

- Bus 838 towards Daly City misannounces El Camino Real (ECR) as a stop
- Flashing blue light at Redwood City transit station
- Bus lanes on ECR to improve rideability

10. SamTrans Board Liaison Report

Ms. Lumina-Hsu stated videos of public meetings and the agenda packet and meeting materials are posted on the SamTrans website.

11. Date / Time / Location of Next Regular Meeting: Wednesday, January 28, 2026 at 6:30 pm at via Zoom and in person at the San Mateo County Transit District, Bacciocco Auditorium, 2nd Floor, 1250 San Carlos Avenue, San Carlos, CA.

12. Adjourn

The meeting adjourned at 7:16 pm.

**San Mateo County Transit District
Staff Report**

To: Citizens Advisory Committee

Through: Margaret Tseng, District Secretary

From: Loana Lumina-Hsu, Deputy District Secretary

Subject: **Authorize Remote Meetings for the Citizens Advisory Committee under Senate Bill 707**

Action

Staff proposes that the Citizens Advisory Committee of the San Mateo County Transit District (District):

Move to approve the Citizens Advisory Committee (CAC) members to meet remotely under new procedures created by Senate Bill (SB) 707 for six months, with the understanding that similar motion would be required every six months hereafter to facilitate continuation of remote meetings as authorized by the District's Board of Directors.

Significance

SB 707 and its Application to the District

Following a series of changes to the Brown Act open over the past several years, SB 707, adopted in 2025, was the most significant. Its provisions, which take effect in stages on January 1 and July 1, 2026, include changes including allowing certain advisory bodies, referred to as "eligible subsidiary bodies," to hold meetings when all members may be remote, without (a) having to open remote locations to the public, or (b) limiting the frequency of or requiring justifications for remote participation.

Board of Directors (Board) action is required before the District can take advantage of the new allowance for fully remote meetings of "eligible subsidiary bodies."

Remote Meetings of Eligible Subsidiary Bodies

On January 7, 2026, the Board found, based on definitions set forth in SB 707, that the CAC qualifies as an "eligible subsidiary body." As required by SB 707, before the CAC can begin meeting remotely, the Board adopted Resolution No. 2026-04 making findings that (1) the Board has considered the circumstances of the CAC; (2) the public has been made aware of the type of remote participation being contemplated and has been provided with an opportunity to comment at this in-person meeting of the Board; and (3) fully remote, teleconference meetings of the CAC will improve the attraction, retention, and diversity of CAC members. The findings expressed in the attached resolution, will need to be adopted again every six months, reflect that:

1. Staff reviewed the operational needs of the CAC, which consist of volunteers who represent a broad geographic area. Requiring (a) in-person attendance, (b) limiting the frequency and reasons for remote participation, or (c) public disclosure of and access to private residences as required under the Brown Act's traditional teleconference rules, are likely to (i) be a continuing barrier to service and (ii) hinder the committee's ability to attract a quorum for every scheduled meeting.
2. Through the publication of the staff report on December 31, 2025, and the public meeting on January 7, 2026, (a) the public was notified that remote participation for the CAC will be provided through two-way audio-video Zoom teleconferencing, and (b) the public was provided the opportunity to comment on the use of remote meeting technology.
3. Allowing remote participation will directly enhance the District's ability to recruit and retain a diverse membership for the CAC. Use of remote meetings would remove barriers for individuals with disabilities, those with caregiving responsibilities, and those with jobs and other schedule limitations or lack of predictability, and those without reliable evening transportation. Staff also expects that allowing fully remote participation will support and encourage involvement of residents from the coastside of San Mateo County.

As the Board adopted these findings, the CAC may now vote to authorize remote meetings for the next six months. Thereafter, CAC members may participate from remote locations for any or no stated reason, and without posting their addresses or opening their locations to the public. CAC members will need to appear on camera during the entire open portion of each meeting and only shut off their cameras if they are having connectivity problems (or if needed as a reasonable accommodation for a disability). The District will provide a staffed, publicly accessible physical location for each meeting as required by law.

Budget Impact

There is no budget impact associated with the proposed action.

Background

The Brown Act, codified at California Government Code section 54950, et seq. requires meetings of local legislative bodies to be open and accessible to the public. Rules cover everything from the contents, publication and posting of meeting notices and agendas; to the timing and structure of public comment; to the use of teleconferencing by local legislators.

The law has been modified via a string of executive orders and bills (including but not limited to Assembly Bill (AB) 361, AB 2449 and SB 707) over the past six years, initially to address pandemic-related needs for remote meetings. The most recent of these amendments focus on technological advancements in teleconferencing and the public's changing expectations regarding the need for in-person meeting attendance.

Resolution No. 2026-04

**Board of Directors, San Mateo County Transit District
State of California**

* * *

Authorizing Remote Meetings for the Citizens Advisory Committee under Senate Bill 707

Whereas, the Board of Directors (Board) of the San Mateo County Transit District (District) established the Citizens Advisory Committee (CAC) to represent transit users and provide input on the experiences and needs of current and potential transit customers; and

Whereas, beginning January 1, 2026, Senate Bill 707 (SB 707) amends the Ralph M. Brown Act (California Government Code 54950 et seq.) to permit certain advisory committees, designated as “eligible subsidiary bodies,” to hold remote meetings once (1) a board of directors has considered the circumstances of the committee; (2) the board of directors finds that teleconference meetings of the eligible subsidiary body(ies) will improve the attraction, retention, and diversity of committee members; (3) the public has been made aware of the type(s) of remote participation available and has been provided with an opportunity to comment at an in-person meeting of the board of directors concerning the transition to remote meetings; and (4) the eligible subsidiary body(ies) take subsequent action to approve their use of remote meetings; and

Whereas, “eligible subsidiary bodies” are defined as committees that serve exclusively in an advisory capacity and are not authorized to take final action on legislation, regulations, contracts, licenses, permits, or any other entitlements, grants, or allocations of funds, nor have subject matter jurisdiction, as defined by charter, ordinance, resolution, or any formal action of the legislative body that created the subsidiary body, over elections, budgets, police oversight,

privacy, removal or restriction of materials in public libraries, or taxes or related spending proposals; and

Whereas, the CAC meets this definition of “eligible subsidiary body;” and

Whereas, the Board has considered the circumstances of the CAC and finds that allowing the CAC to hold remote meetings via Zoom teleconferencing (with options for online and telephonic participation) under SB 707 would promote the attraction, retention, and diversity of CAC members; and

Whereas, the public has been made aware of the types of remote participation being contemplated and has been provided with an opportunity to comment at an in-person meeting of the Board regarding the use of remote meetings; and

Whereas, the Board desires to authorize the CAC to hold remote meetings, with the understanding that at least one staffed physical location will be made available to committee members and the members of the public who wish to attend in person, though there will be no need for a quorum of the committee to attend in person or for members to publish their respective remote locations, or open such locations to the public; and

Whereas, the Board further recognizes that any recommendations made by the CAC during a remote meeting must be presented to the Board through an oral report at one meeting before the Board may take action on such recommendation at a subsequent meeting; and

Whereas, the Board understands that SB 707 limits the authority granted hereunder to be in effect for up to six months.

Now, Therefore, Be It Resolved that the Board of Directors of the San Mateo County Transit District hereby authorizes the Citizens Advisory Committee (CAC) to meet remotely as an eligible subsidiary body under Senate Bill 707.

Be it Further Resolved that this resolution will be in effect for six months, and the Board directs staff to agendize reconsideration of the authority granted hereunder at the Board's July 2026 meeting.

Regularly passed and adopted this 7th day of January, 2026 by the following vote:

Ayes: Fraser, Gee, Medina, Powell, Ratto, Speier, Esser, Chuang

Noes: None

Absent: Canepa

Key Outcomes for this CTP Update

Practical Plan for the County

Present the CTP update in a highly usable format to make planning easier for our city, town, county, community organization, and agency partners.

Anticipate Changes

Identify pilot programs to adapt to changing policies, technologies, and travel patterns.

Strategize Funding

Position San Mateo County to leverage funding at the local, regional, state, and federal level.

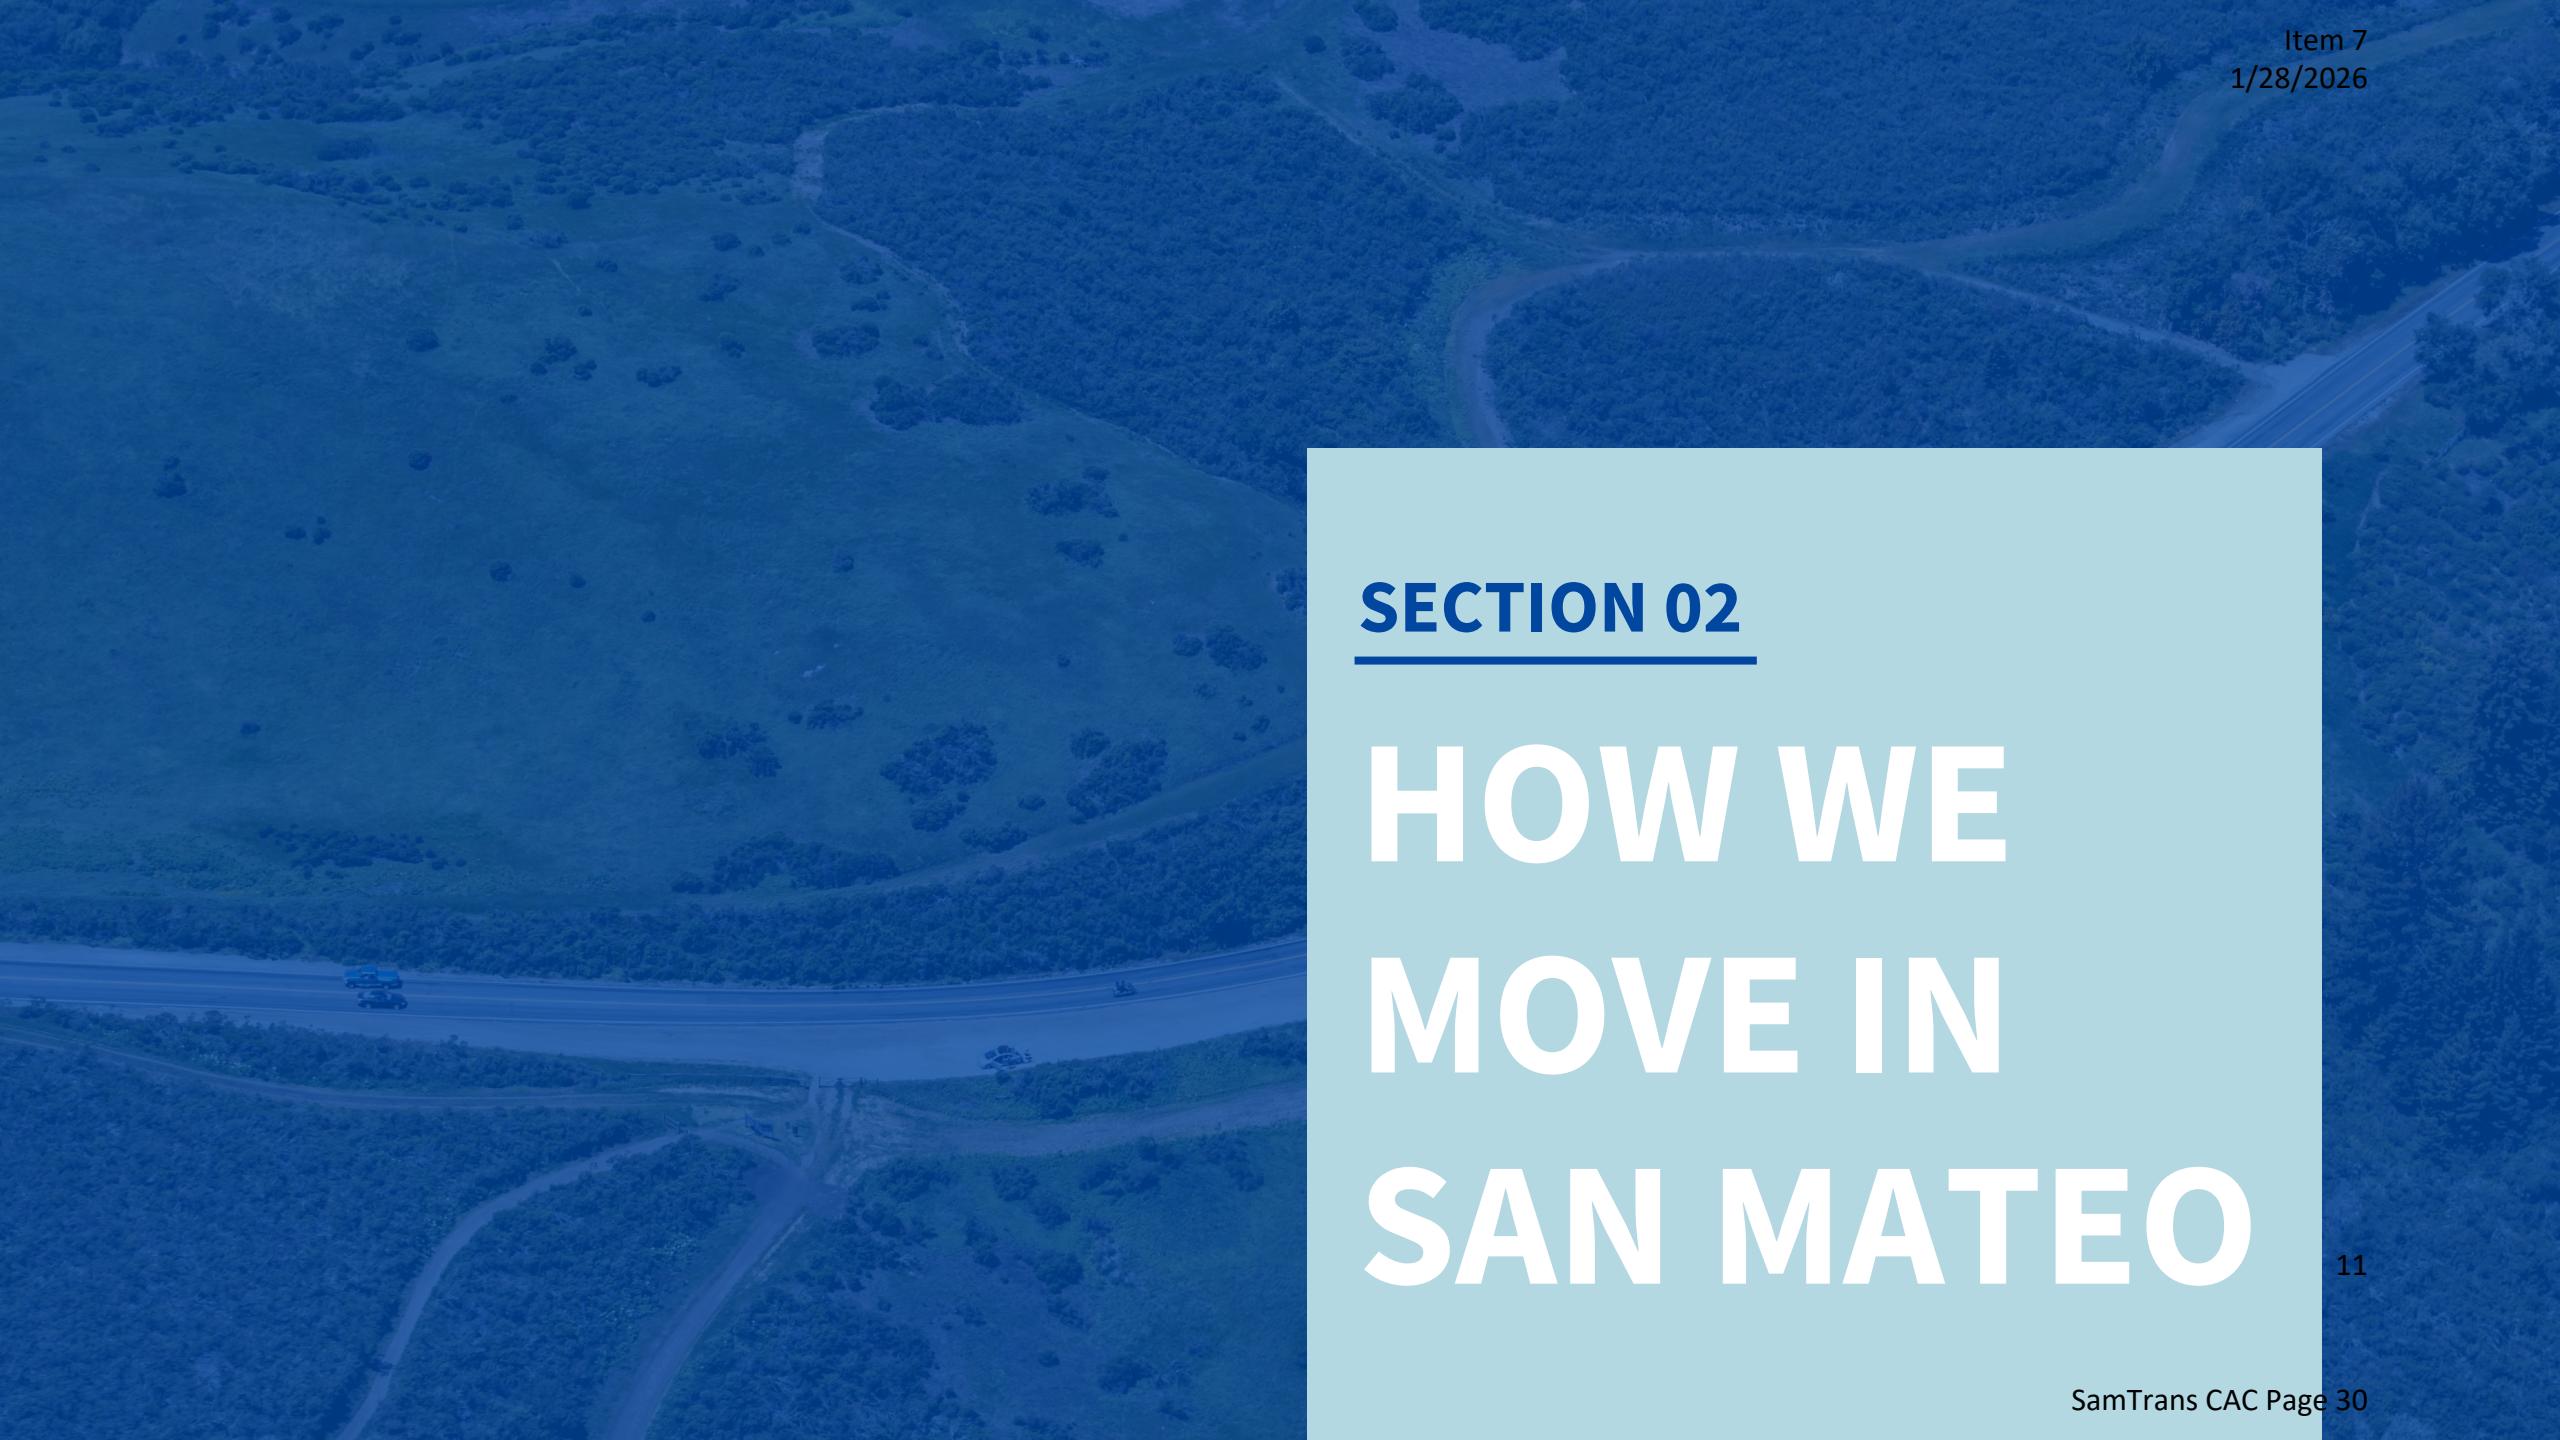

Advance Equity

Establish a shared definition of equity among county agencies and set expectations for how it will be used in funding decisions.

Measure Progress

Select a short list of metrics to gauge the "health" of our transportation system and measure and report progress transparently.

Roadway Network

EXISTING CONDITIONS

- Anchored by US 101 and I-280, along with other key connectors like SR-92, SR-1, SR-35, and SR-84
- Grid like roadway network serves denser bay-side cities, with winding roads in coastal and hillside communities
- Warehousing and light industrial uses are concentrated along the Bayshore anchored by SFO and the Port of Redwood City
- US 101 is the primary freight corridor with support from other regional routes like El Camino Real

What We're Hearing – Roadways

Roadway Concerns

Traffic Congestion was the top transportation concern in **North and South County**

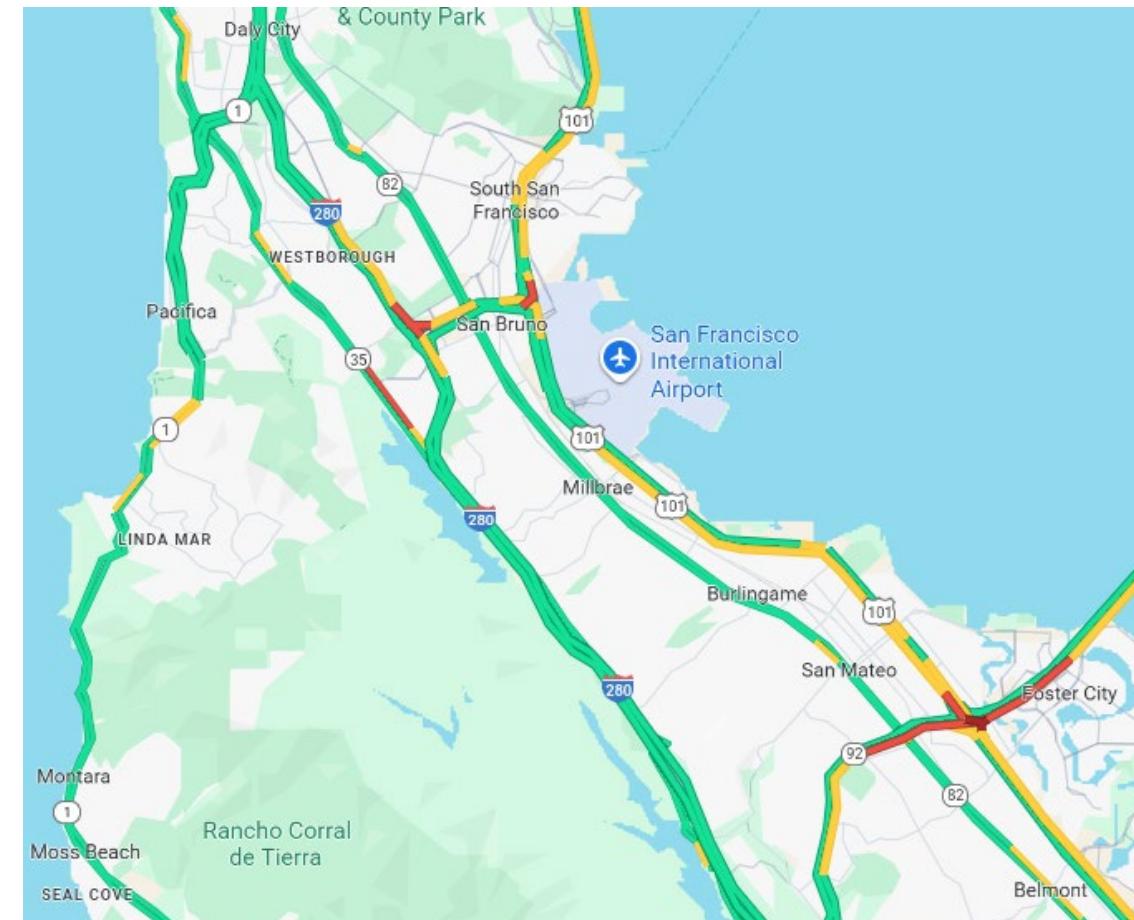

Weekend congestion and emergency access are concerns on the **Coastside**

Specific locations for improvement include:

- El Camino Real
- SR 1
- East Hillsdale Boulevard
- Holly Street
- 101/92 Junction
- Old County Road
- Willow Road
- University Avenue

Driving Feels...

- Useful and mostly reliable
- Unsafe (speeding and driver distractions)
- Expensive

Active Transportation Network

EXISTING CONDITIONS

- Some existing countywide connections, but most facilities are provided within each of the cities
- Backbone bike network planned to connect the county through low-stress bikeways
- Countywide sidewalk inventory currently underway

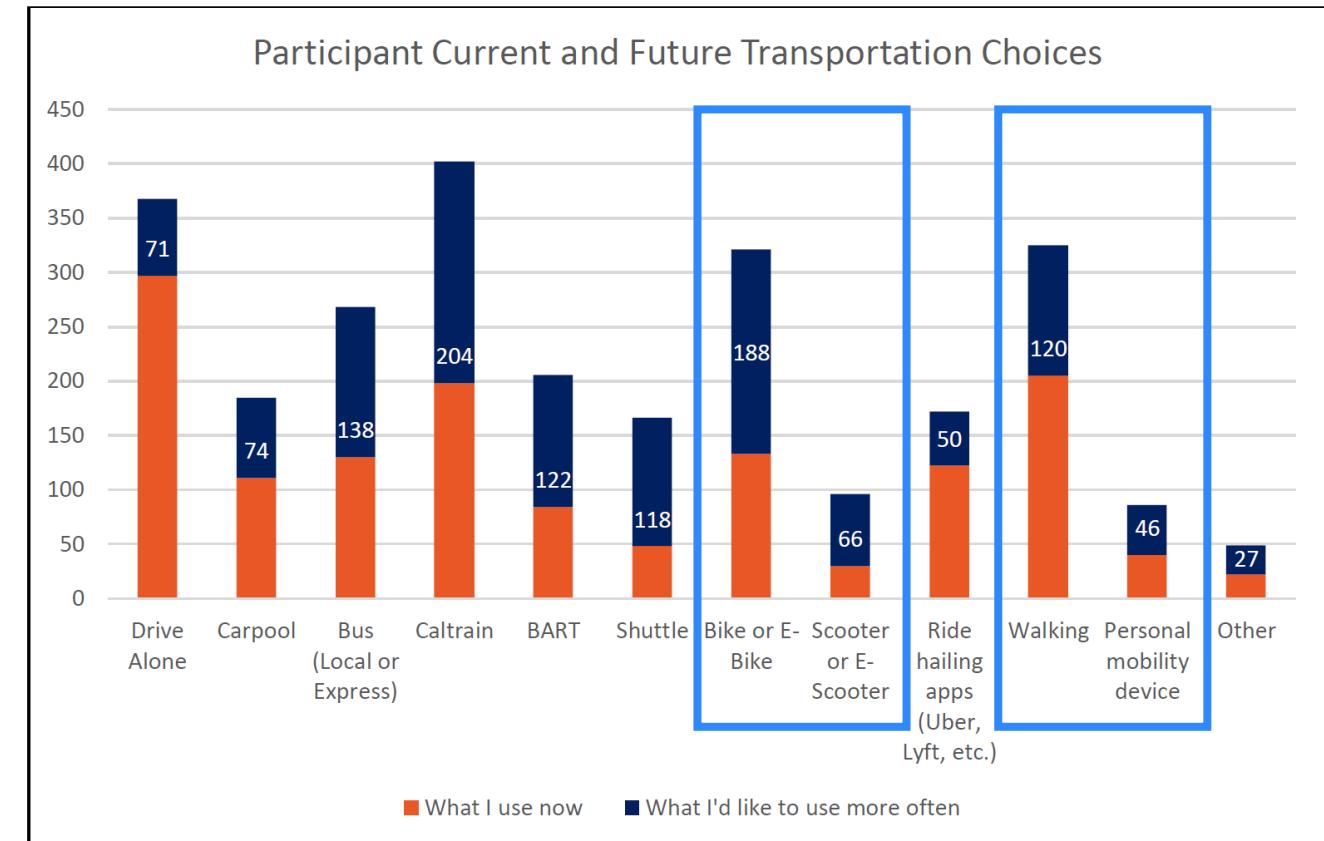

What We're Hearing - Active Transportation

Safety while biking, walking, or rolling was one of the highest concerns identified in the 101 Corridor

People want to bike and walk more but need...

- Intersection improvements
- Highway 101 Crossings (e.g., Millbrae Ave)
- Low-stress bike and walk facilities on major corridors (e.g., El Camino Real)
- Better lighting; more benches, trees, and resting spots
- E-bike incentive programs

**Bus Transportation
CAC Report
November 2025**

Ridership:

SamTrans: Average weekday ridership across all four modes (Bus, Paratransit, Shuttles, and Microtransit) increased by 2.3 percent in November 2025 compared to November 2024. The total monthly ridership increased by 0.2 percent in November 2025 compared to November 2024.

Microtransit: Average weekday ridership on all Microtransit services was 144, and total ridership was 3,902. The average weekday ridership increased 18.3 percent compared to November 2024, and the total ridership increased 18.6 percent compared to November 2024.

Youth Unlimited Pass: For November 2025, Youth Unlimited Pass usage decreased 6.4 percent compared to November 2024. November 2025 had one fewer weekday than November 2024, which likely contributed to the decline year-over-year.

Regarding Key Performance Indicators (KPI):

- **Preventable Accidents** – There were 17 preventable accidents in November 2025 (16 from District and 1 from contracted services). The goal is to have one or fewer preventable accidents per 100,000 miles; SamTrans did not meet its goal with 2.1 accidents per 100,000 miles.
- **Miles Between Service Calls (MBSC)** – There were 27 service calls in November 2025 (14 from District and 13 from contracted services). The goal is to have one or fewer service calls per every 25,000 miles. Fixed-route service met its goal with 0.8 service calls per 25,000 miles.
- **On-Time-Performance (OTP)** – November 2025 systemwide OTP was 82.6 percent. The goal is to have 85 percent systemwide on-time performance. Fixed-route service did not meet this goal; however, on time performance improved by 1.0 percent compared to November 2024.
- **Did Not Operate (DNOs)** – In November 2025, there were 14 total DNOs. The goal is to miss less than 0.1 percent of scheduled trips. Fixed-route service met this goal with 0.03 percent missed trips.

Safety Campaign

The Safety Campaign focus on “Pedestrian Awareness.” especially near intersections and crosswalks. Operators are reminded to scan interior and exterior mirrors before every turn, pull-out, or deceleration. Blind spots are within 10 feet surrounding the bus. Look around the A-pillar and mirrors to confirm pedestrians are not obscured from sight. Always yield to pedestrians in crosswalks and anticipate their movements even if they are not looking. Expect the unexpected. SamTrans also launched a public-facing campaign using bus headsheets such as “Give Us Space to Keep You Safe” and “Big Bus, Big Turns.”

Bus Operator Employee of the Month (EOM) Recognitions

Danile Victorio is the North Base Operator of the Month and **Francisco Monteiro** is the South Base Operator of the Month for **November 2025**. This is Operator Victorio’s first EOM award during his two and a half years of service with the District. Operator Monteiro has been driving with the District for two years, and this is his first EOM award.

Maintenance Employee of the Month (EOM) Recognitions

Bus Maintenance EOM for North Base is **Mechanic A, Joseph Borrero**. This is Joseph’s fourth EOM Award during his fourteen years of service with the District.

Bus Maintenance EOM for South Base is **Mechanic A, Winston Castro**. This is Winston’s seventh EOM Award during his twenty-four years of service with the District.
